Recycling's as easy as RRRC...

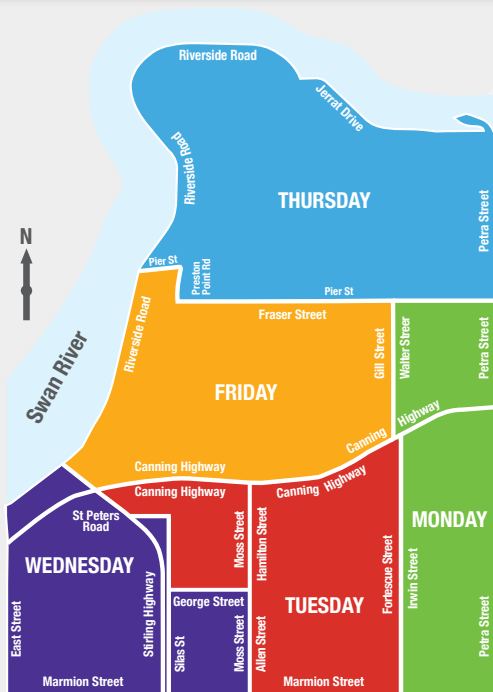

The **Regional Resource Recovery Centre**, or RRRC, is a green initiative of the Southern Metropolitan Regional Council, or SMRC, established to represent five local councils south of Perth, including Cockburn, East Fremantle, Fremantle, Kwinana and Melville. Covering an area of 340km² and a combined population of over 260,000 residents, it uses state of the art technology and infrastructure to process waste and recover recyclables for reuse.

The RRRC diverts more than 60,000 tonnes of waste per year from landfill and prevents about 70,000 tonnes of carbon dioxide from entering the atmosphere, which is equivalent to taking more than 7,000 cars off the road.

Free tours of the RRRC are available, helping to educate people about the recycling process, while offering safe and clear views into the different facilities. Find out more by calling **9256 9555**, or visit **smrc.com.au** or **recycleright.net.au**

Recycling and Waste Composting Bins Collection Map

Your waste composting bin (green-topped) is collected every week.

Your recycling bin (yellow-topped) is collected every week on the same day as your waste composting bin (green-topped).

To confirm your collection week, or for related enquiries, please contact **08 9339 9339**

Important information for Verge Collections

GREEN WASTE COLLECTIONS

The following Items **WILL** be collected:

- Tree and shrub prunings up to
 - ✓ 1.5 metres in length
 - ✓ 300mm in diameter
 - ✓ Two trailer loads (6x4 trailer size) or 2 cubic metres of green waste

The following Items **WILL NOT** be collected:

- ✗ NO bags or boxes of leaves, loose leaves or grass clippings
- ✗ NO weeds and root materials
- ✗ NO sand and soil materials
- ✗ NO general rubbish, junk or white goods
- ✗ NO dug out lawn

JUNK & WHITE GOODS / METAL COLLECTIONS

The following Items **WILL** be collected:

- ✓ White goods (fridges, stoves etc, up to 1.5 metres in length)
- ✓ Scrap (furniture & other household items)
- ✓ Timber products (up to 1.5 metres in length)
- ✓ General junk

The following Items **WILL NOT** be collected:

- ✗ NO trees
- ✗ NO green waste, no bags with leaves

- ✗ NO asbestos products
- ✗ NO food stuff or domestic rubbish
- ✗ NO car bodies or vehicle parts
- ✗ NO gas cylinders
- ✗ NO paints, chemicals, oils
- ✗ NO bricks, sand or building rubble
- ✗ NO stumps or palm logs
- ✗ NO tyres
- ✗ NO batteries
- ✗ NO cement or concrete
- ✗ NO plate glass or shower screens
- ✗ NO dug out lawn

Details on how to present verge waste:

- ✓ Place away from walls, fences and power poles
- ✗ Do not place under trees, over sprinklers or water meters
- ✓ Separate white goods, steel, mattresses and e-waste from other verge collection goods
- ✗ Do not follow your neighbour; check dates first
- ✗ Do not place any Verge Collection items on vacant land or in any park land
- ✓ Keep checking your pile to ensure compliance
- ✗ Non-Compliance will result in NO COLLECTION
- ✗ Do not place on footpaths and driveways.

Greenwaste and Junk Verge Collection

Green Waste 1 2015	Green Waste 2 2015	Junk and Whitegoods/ Metals 2015	Green Waste 3 2016	Green Waste 4 2016
29 June	21 September	23 November	15 February	27 June

For further information contact **08 9339 9339**
or visit **www.eastfremantle.wa.gov.au**

- Small prunings and glass clippings should be placed in your green bin weekly.
- Please place your waste on the verge by 6am Monday on the scheduled start date as the contractor will only service your verge for Green Waste or Junk/Whitegoods once.

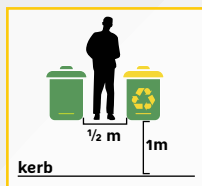

VERGE COLLECTION DATES

Using your Bins

BIN PLACEMENT

To assist waste and recycling operators in servicing your bin on collection day:

- Bins should be placed within 1.5 metres of the road kerb by 6:00am on collection day, with the handles facing towards the property, without the bin blocking footpaths or driveways.
- Place your yellow recycling bin about half a metre from the green bin to allow clear access for the side loading service vehicle's grab arm.
- Please do not overfill your bin as the rubbish and recycling trucks' hydraulics cannot lift bins weighing over 70kg, or those overfull with the lid open. Hot or burning ash, liquid wastes, oil, paint, solvents or heavy materials should not be placed in your bin as they may damage the bin, waste collection vehicle and the environment.
- Your bin lid must close so that the contents do not spill when it is lifted, or the lid does not blow open causing street litter.
- Place your bin clear of parked cars, trees, poles, etc to allow clear access to the service vehicles.
- Only waste placed inside the bin will be collected.

HANDY HINTS

- Return bins to your property as soon as possible.
- Store bins in a shaded area.
- Clean bins regularly.
- Wrap all moist and perishable foods in newspaper before placing in your green bin.
- Freeze all smelly food and place in your green bin the night before collection.
- Put lawn clippings and small prunings on top of the material in your green bin to prevent jamming.
- Which bin do I put it in? visit recycleright.net.au

YOUR RECYCLING BIN (YELLOW-TOPPED)

Contents from your yellow-topped bin, collected weekly, are sorted and baled at the RRRC and sold for reprocessing.

Items should be LOOSE (not in plastic bags) and rinsed.

This includes:

- ✓ **All glass**, even broken glass.
- ✓ **All plastic** containers (empty), including salad dressing, tomato sauce, condiment bottles & empty plastic bags.
- ✓ **All cans & tins** including aerosol cans & tin foil.
- ✓ **All paper** products including wax cartons & pizza boxes (empty).

See **Resource Recovery A-Z** for a list of other items.

YOUR WASTE COMPOSTING BIN (GREEN-TOPPED)

Contents from your waste composting bin (green-topped), collected weekly, are processed at the RRRC into compost used in local farming.

All food, organic and general household waste, grass clippings and small prunings go into your waste composting bin (green-topped).

NOTE: To ensure this waste stream is not contaminated and the composting process compromised, please keep the following items out of your green composting bin.

- ✗ **NO Glass**
(ALL glass goes in your recycling bin (yellow-topped).
- ✗ **NO Batteries.** Place batteries into community Battery Disposal Bins.
- ✗ **NO Hazardous Waste:** petrol, gas cylinders, paints, motor oils & fluids, garden chemicals & poisons, pool chemicals, cleaners, acids, bleaches & ammonia, medicines & flammable liquids.
- ✗ **NO Medical wastes or needles.**
- ✗ **NO construction, demolition & building materials**
(no bricks, sand, soil, concrete, rocks or asbestos).

See **DISPOSAL** for assistance with items that don't go into your bins, or download the free Recycle Right app.

Disposal Sites

PLEASE CONTACT THE DISPOSAL SITE FOR FEES PAYABLE

City of Rockingham
Millar Road West
Baldivis
Ph: 08 9528 8550

City of Cockburn
Henderson Waste Recovery Park
920 Rockingham Rd, Henderson
Ph: 08 9411 3444

HAZARDOUS HOUSEHOLD WASTE (HHW), CONSTRUCTION & DEMOLITION WASTE (C&D), ASBESTOS & GENERAL WASTE

Should be taken to your nearest disposal site as seen above.

Only residential quantities of Hazardous Household Waste (HHW) will be accepted at Henderson Waste Recovery Park. (eg. Maximum 20 litres of oil or paint)

Asbestos delivery to DER approved landfills to be wrapped in black builders' plastic in parcels easily lifted by hand and labelled in 50mm lettering "ASBESTOS".

Waste Stream Management Ratcliffe Road, Medina
08 9439 1300 (fees may apply) accept commercial quantities of asbestos.

Other Items

AUTOMOTIVE PRODUCTS If you have automotive products (auto batteries, motor oil and tyres), discuss the right way to get rid of them with your mechanic or car service provider.

BOOKS, CLOTHING, FURNITURE, SHOES, BRIC-A-BRAC
Please do not throw out household goods. There is a major need for clean, undamaged, reusable furniture which may be collected FREE of charge.

Anglicare (accept working electrical goods) 08 6253 3508

Good Sammy home collection for large, heavy and fragile items: 1300 855 130 or visit www.goodsamaritan.com.au

Salvation Army Home Collection Service:
13 72 58 (no wire-frame beds or whitegoods) or visit www.salvationarmy.org.au/wa

St Vincent de Paul Society (no electrical goods):
08 9444 5622 or visit www.vinnies.org.au/home-wa

Para-Quad Industries (home collection service) 08 9381 0111

Anglicare (free home collections) 08 6253 3535

COMPACT FLUORESCENT TUBE (CFL) for CFL recycling information please contact Henderson Waste Recovery Park on 08 9411 3444 (Domestic CFL only, fees may apply).

COMPUTERS AND IT For recycling of old computer equipment including desktops, notebooks, servers, monitors, printers and other items contact:

Sims Recycling Solutions 08 9236 3001 (fees may apply)

Secure computer recycling and disposal 08 9467 4624 (fees may apply)

Technology Assisting Disability WA Inc 08 9379 7400 (free service and accepts monitors)

Henderson Waste Recovery Park 08 9411 3444 (fees may apply)

DRY-CELL BATTERIES for recycling locations please contact **SMRC** on 9329 2700 or see recycleright.net.au

GAS BOTTLES For LPG refills call **Kleenheat Gas** on 132 180 or visit www.kleenheat.com.au

MEDICAL WASTE Medical or Biohazardous Waste should never be put in your green or yellow topped bin. Please check with your health care provider as to the correct method for disposal.

MOBILE PHONES All makes & models. **Mobile Phone Industry Recycling Program** 1300 730 070 or visit www.mobilemuster.com.au

NEEDLES Place needles in a sealed sharps container and treat as Hazardous Household Waste (HHW).

OLD MEDICINES If you have left over medicines in your home discuss the right way to get rid of them with your pharmacist. Many pharmacies will collect old medicines and dispose of them properly through wholesalers.

PRINTER CARTRIDGES

For recycling of all printer cartridges contact:

Officeworks 1300 OFFICE (633 423)

Cartridges 4 Planet Ark 1800 242 473

TOWELS, SHEETS, CAT FURNITURE AND CARRY CAGES

Cat Haven 08 9442 3600 or visit www.cathaven.com.au

WHOLE CAR BODIES For further information contact **Simsmetal Management** on 08 9434 2222

For tips on how to produce less waste and what to do with items that don't belong in either bin, download the free Recycle Right app from the App store or Google play.

Recycle Right – recycleright.net.au

We all know recycling is a simple way that everyone can help the environment. Recycle Right is a campaign which encourages and assists residents and businesses in the South Metropolitan Region to recycle, reduce their rubbish and buy more recycled products. The 3 R's – reduce, reuse and recycle – are a simple way to rethink the things that you no longer need and make a difference today!

EASY TIPS FOR BETTER RECYCLING:

In the **yellow-topped bin** you can place:

All plastic

All metal

All glass, even broken glass

All paper

The **green-topped bin** is for **household waste**, such as kitchen scraps and garden clippings, which can be composted, just like a home compost bin

Place items loosely in the bin, this helps with the sorting process at the Regional Resource Recovery Centre (RRRC)

Before placing anything in either bin, ask yourself “can this be reused?” Better to reuse before recycle.

Some things should not go in either bin, such as batteries, electronic devices or e-waste, or hazardous household waste. Disposal options for these are given in this calendar, or consult your local council, or the Southern Metropolitan Regional Council, or download the free Recycle Right app from the App store or Google play.

To find out what happens to your waste and recycling:

- Ring 9256 9555 for a free tour of the RRRC
- Consult the Recycle Right website www.recycleright.net.au

The free Recycle Right App is ready for you to download from the App store and Google play.

FEATURES OF THE APP ARE:

- ☆ **Which Bin**
- ☆ **Materials A-Z**
- ☆ **Hints and Tips**
- ☆ **Find my nearest**
- ☆ **Take Part**
- ☆ **Leftover Recipes**

Green Waste

REGIONAL GREEN WASTE PROCESSING FACILITY

Residents may bring CLEAN GREEN WASTE to the RRRC at 350 Bannister Road, Canning Vale.

The RRRC is open 7 days a week, 8.00am – 4.00pm (except Christmas Day and New Years Day, fees apply)

Tel (admin): 08 9256 9555

Tel (weighbridge): 08 9256 9510

The Green Waste Processing Facility located in Canning Vale creates mulch from the clean green waste gathered by council verge collections.

Green Waste is also accepted from residents and commercial operators who bring it to the RRRC on trailers.

100% of the Green Waste is recovered, with no residual waste going to landfill.

By disposing your Green Waste at the RRRC you'll be helping to create a more sustainable future for the region.

To dispose of this item, please place into
the yellow-topped recycling bin.

135 Canning Highway
