

Town of East Fremantle - Richmond Ward - Councillor

MCPHAIL, Andrew

Serving as Richmond Ward Councillor for the last two years has been a privilege. During this time, the management of our Town has significantly progressed.

My finance, management and business experience has guided Council's efforts to improve our service culture and financial management. Our sound financial position has enabled us to fund significant foreshore, parks and playground upgrades, whilst remaining debt free.

Future priorities include accelerating our footpath renewal program, delivering an achievable masterplan for East Fremantle Oval, and ensuring Leeuwin Barracks progresses into an example of exceptional urban design and sustainability of which we can be proud.

My family and I have lived in East Fremantle for 22 years. As Managing Director of a long-established CPA accounting practice, I've served as Treasurer of East Fremantle Junior Football Club, and other private and non-profit companies. I am dedicated to preserving and improving our unique heritage, amenity and lifestyle.
