

## Town of East Fremantle - Preston Point Ward - Councillor

### GREEN Stephen

My name is Stephen Green and have enjoyed living in East Fremantle for last 40 years.

I feel the time has come for me to provide my services to the Town of East Fremantle and its residents. I am passionate about East Fremantle and feel that I can add value to this strong community.

I currently work part time in the marine industry and have held senior management positions throughout my career.

I am keen to become a councillor so I can help with various issues, such as, improving footpaths, cycle ways, Swan River facilities, community clubs and the development of the Leeuwin barracks.

My three children loved growing up in East Fremantle and all went to Richmond Primary School.

I enjoy boating, surfing and walking the streets of East Fremantle.

I will do my best to help and improve the Town of East Fremantle.
