Objective

The Town of East Fremantle is committed to environmental and sustainable practices that limit negative impacts to the environment. Since the rollout of the Food Organics, Garden Organics (FOGO) waste service, the Town has strived to reduce unnecessary waste at corporate and community events by incorporating FOGO waste practice and using material that is either reusable or compostable. The Sustainable Events Policy is to provide the Town, community and third parties a guide to the requirements when trading in the Town.

Policy

This policy applies to:

- all events coordinated by the Town, or contractors who are employed by the Town to coordinate an event ('Town Events').
- all events produced by a third party but subject to formal approval by the Town including events held on land under the Town's care and control, and events supported by Town grants (Approved Events).
- all events that include any form of actions or business which apply to the Trading in Public Places Policy.

Small scale events where there are less than five trading businesses are encouraged to adhere to these requirements also.

- iv. Variations
Variations to this policy may be sought for valid health and safety reasons or where there

is no other practical alternative available.

Implementation and Enforcement of this Policy

Implementation of the policy will be staged over a 2 year roll out period. Vendors and businesses will be provided the Town’s requirements for events prior to approval being granted and then will be requested to provide information to confirm compliance with those requirements.

Compliance with the policy will be pursued through proactive communication, education and support rather than through formal monitoring and enforcement. However where there is blatant disregard for this Policy, third party providers of events and other such trading businesses will not be authorised or approved to operate at future events as described under this policy or where approval is required under the Trading in Public Places Policy, until such time as it can be appropriately demonstrated there is compliance with this Policy.
