on the Future Local Planning Scheme No. 4

Town Centre

Drop-in Session

Council is preparing a new Local Planning Scheme No. 4 (LPS 4) to replace the current Local Planning Scheme No. 3. The project is guided by the Local Planning Strategy 2022 and the recently held Town Centre community visioning and design workshops which have informed the progression of the project.

This is a further opportunity to be part of the planning process and contribute to the development of LPS 4 in relation to future development in the Town Centre project area which is shown on the map overleaf.

The Drop-in Session will explain:

- Town Centre proposed built form and development controls (i.e., zoning, dwelling densities and building height)
- Next steps for Local Planning Scheme No. 4

Council officers will be available to talk through the information and answer questions.
