

Petition to oppose building on 14 Silas Street, East Fremantle

East Fremantle residents only and patients/clients at local clinics

Petition summary and background
The proposed building on this small block is too large, too high and has physical and amenity impacts on both the building of the medical centre and nearby properties together with removal of native landscaping and mature trees.

Action petitioned for
We, the undersigned, are concerned citizens who urge the planning Committee and Council Members of The Town of East Fremantle to maintain 14 Silas St as medical centre parking and a landscaped amenity for the East Fremantle Community

Petition to oppose building on 14 Silas Street, East Fremantle

Petition summary and background: The proposed building on this small block is too large, too high and has physical and amenity impacts on both the heritage building of the medical centre and nearby properties together with removal of native landscaping and mature trees.

Action petitioned for: We, the undersigned, are concerned citizens who urge the planning Committee and Council Members of The Town of East Fremantle to maintain 14 Silas St as medical centre parking and a landscaped amenity for the East Fremantle Community
