Comment

The unconfirmed minutes of the Town Planning Committee meeting are now presented to Council to be received.

12.1 COMMITTEE RECOMMENDATION/COUNCIL RESOLUTION 011121

Moved Cr White, seconded Cr Nardi

That the unconfirmed Minutes of the Town Planning Committee Meeting, held on 2 November 2021 be received.

(CARRIED UNANIMOUSLY)

12.2 Audit Committee Meeting (4 November 2021)

File ref	C/MTP1
Prepared by	Peter Kocian, Executive Manager Corporate Services
Supervised by	Gary Tuffin, Chief Executive Officer
Meeting Date:	16 November 2021
Voting requirements	Simple Majority
Documents tabled	Nil
Attachments	1. Audit Committee Minutes 4 November 2021

Purpose

To

- submit the minutes of the Audit Committee for receipt by Council
- consider the Committee's recommendations in relation to
 - 11.1 External Independent Appointments
 - 11.4 Corporate Credit Card Policy - Amendment

Executive Summary

The Committee, at its meeting on 4 November 2021, considered matters relating to its terms of reference with two items referred to Council for consideration.

Consultation

Audit Committee.

Statutory Environment

Part 7 of the *Local Government Act 1995* deals with the audit of the financial accounts of local governments including the conduct of audits. Division 1A deals with Audit Committees.

The Department of Local Government, Sport and Cultural Industries has published Operational Guideline Number 09 – The appointment, function and responsibilities of Audit Committees.

Section 5.41 of the *Local Government Act 1995* details the functions of the CEO.

Regulation of the *Local Government (Financial Management) Regulations 1996* details the CEOs duties as to the financial management of the local government.

Comment

The unconfirmed minutes of the Audit Committee meeting are now presented to Council for receipt.

12.2.1 COMMITTEE RECOMMENDATION/COUNCIL RESOLUTION 021121

Moved Cr Wilson, seconded Cr Nardi

That the unconfirmed Minutes of the Audit Committee Meeting, held on 4 November 2021 be received.

(CARRIED UNANIMOUSLY)

Recommendations relating to two items referred to Council for consideration are reprinted below.

11.1 Audit Committee – External Independent Appointments

12.2.2 COMMITTEE RECOMMENDATION/COUNCIL RESOLUTION 031121

Moved Cr White, seconded Cr Donovan

That Council resolve that:

1. only expenses are to be reimbursed to any independent members of the Audit Committee, as per the following schedule, with amounts specified in the Salaries and Allowances determination for Elected Members:

Expense to be Reimbursed	Amount
Rental charges in relation to one telephone and one facsimile machine	Actual expense incurred
Child Care Costs incurred because of attendance at a Committee Meeting	Actual cost per hour or \$30 per hour, whichever is the lesser
Travel Costs incurred because of attendance at a Committee Meeting	The actual cost for the person to travel from the persons place of residence or work to the meeting and back, to a maximum of 100km per round trip. The rate is to be calculated at the same rate contained in section 30.6 of the Local Government Officers (WA) Award 2021 (i.e. 93.97 cents per km for engine over 2600cc).

2. the Chief Executive Officer write to the Minister for Local Government requesting that the *Local Government Act 1995* be amended to allow independent persons appointed to Committees to be paid sitting fees in line with elected member entitlements.
3. the Chief Executive Officer, the Chair of the Audit Committee, and the Executive Manager Corporate Services meet with the two candidates to assess suitably for appointment to the Audit Committee.

(CARRIED UNANIMOUSLY)

11.4 Corporate Credit Card Policy – Amendment

12.2.3 COMMITTEE RECOMMENDATION/COUNCIL RESOLUTION 041121

Moved Cr White, seconded Cr Nardi

That Council adopt the amended Corporate Credit Card Policy which includes the updating of terminology to reflect the Town's actual credit card usage, including the officers who are a cardholder, the limits on each credit card, the use of direct debits and the requirement for a statutory declaration for purchases over \$50 whereby no invoice/receipt is provided.

(CARRIED UNANIMOUSLY)

13. REPORTS

13.1 FINANCE

13.1.1 Statement of Financial Activity for Period Ended 31 October 2021

Applicant	Not Applicable
File ref	F/FNS2
Prepared by	Sam Dolzadelli, Manager Finance
Supervised by	Peter Kocian, Executive Manager Corporate Services
Meeting Date:	16 November 2021
Voting requirements	Part 5 and 6 of the Officer's Recommendation requires an Absolute Majority
Documents tabled	Nil
Attachments	1. Statement of Financial Activity 31 October 2021 2. Capital Works Report 31 October 2021 3. Financial Health Check 31 October 2021

Purpose

The purpose of this report is to present to Council the Monthly Financial Report (containing the Statement of Financial Activity) for the month ended 31 October 2021. A Capital Works Report and Financial Health Check summary is also appended.

Executive Summary

A Monthly Financial Report workbook has been prepared to provide an overview of key financial activity. Two Statements of Financial Activity are provided, one by program and the other by nature and type. Both of these Statements provide a projection of the closing surplus position as at 30 June 2022.

A Capital Works Report is presented detailing committed expenditure against budgets. This report is used to assess the clearance rate of capital projects.

A Monthly Financial Health Check has also been prepared which provides key financial information against benchmarks. This document is intended to provide a concise summary of the Town's financial performance.

Background

The Town of East Fremantle financial activity reports use a materiality threshold to measure, monitor and report on financial performance and position of the Town.

The monthly Financial Report is appended and includes the following:

- Statement of Financial Activity by Program
- Statement of Financial Activity by Nature and Type
- Statement of Financial Position
- Notes to the Statement of Financial Activity including:
 - Explanation of Material Variances
 - Net Current Funding Position
 - Cash and Investments
 - Receivables

- Cashed Back Reserves
- Capital Disposals
- Rating Information
- Grants and Contributions

The attached Monthly Financial Report is prepared in accordance with the amended *Local Government (Financial Management) Regulations 1996*; together with supporting material to provide Council with easy to understand financial information covering activities undertaken during the financial year.

Consultation

Management team

Statutory Environment

Section 6.4 of the *Local Government Act 1995* and Regulation 34 of the *Local Government (Financial Management) Regulations 1996* detail the form and manner in which a local government is to prepare its Statement of Financial Activity.

Expenditure from the municipal fund not included in the annual budget must be authorised in advance by an absolute majority decision of Council pursuant to section 6.8 of the *Local Government Act 1995*.

Fees and charges are imposed under section 6.16 of the *Local Government Act 1995*. If fees and charges are imposed after the annual budget has been adopted, local public notice must be provided before introducing the fees or charges pursuant to section 6.19 of the *Local Government Act 1995*.

Policy Implications

Significant Accounting Policies are adopted by Council on an annual basis. These policies are used in the preparation of the statutory reports submitted to Council.

Financial Implications

Material variances are disclosed in the Statement of Financial Activity.

As part of the adopted 2021/22 Budget, Council adopted the following thresholds as levels of material variances for financial reporting.

In accordance with regulation 34 (5) of the Local Government (Financial Management) Regulations 1996, and AASB 1031 Materiality, the level to be used in statements of financial activity in 2021/22 for reporting material variances shall be:

- (a) 10% of the amended budget; or
- (b) \$10,000 of the amended budget.

whichever is greater. In addition, that the material variance limit be applied to total revenue and expenditure for each Nature and Type classification and capital income and expenditure in the Statement of Financial Activity.

Strategic Implications

The monthly financial report is the key financial reporting mechanism to Council, to provide oversight of the financial management of the local government. This ties into the Strategic Community Plan as follows:

4.9 A financially sustainable Town – Provide financial management services to enable the Town to sustainably provide services to the community.

Risk Implications

Risk	Risk Likelihood (based on history & with existing controls)	Risk Impact / Consequence	Risk Rating (Prior to Treatment or Control)	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Inadequate oversight of the financial position of the Town may result in adverse financial trends	Rare (1)	Major (4)	Low (1-4)	FINANCIAL IMPACT \$50,000 - \$250,000	Manage by monthly review of financial statements and key financial information

Risk Matrix

Consequence		Insignificant	Minor	Moderate	Major	Extreme
Likelihood		1	2	3	4	5
Almost Certain	5	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Moderate (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Moderate (6)	Moderate (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating is provided below. Any items with a risk rating over 16 will be added to the Risk Register, and any item with a risk rating over 16 will require a specific risk treatment plan to be developed.

Risk Rating	4
Does this item need to be added to the Town's Risk Register	No
Is a Risk Treatment Plan Required	No

Site Inspection

Not applicable.

Comment

This report presents the Statement of Financial Activity for the period 31 October 2021. The following is a summary of headline numbers from the attached financial reports:

	Original Budget	YTD Budget	October Actuals
Opening Surplus	689,520	591,172	576,249
Operating Revenue	11,022,229	9,606,158	9,557,102
Operating Expenditure	(12,194,573)	(4,158,586)	(3,714,697)
Capital Expenditure	(16,495,464)	(749,390)	(150,525)
Capital Income	10,558,322	0	0
Financing Activities	3,997,729	(180,800)	(182,842)
Non-Cash Items	2,422,237	857,059	844,246
Closing Surplus/(Deficit)	0	5,965,613	6,929,533
Unrestricted Cash			6,884,526
Restricted Cash			1,439,914

- The Capital Works Report is provided as Attachment 2 and includes actual expenditure as at **31 October 2021**. The full year capital works budget (amended) has been 1% expended with \$150,525 in actual expenditure.
- Rates were levied in the month of July with rate notices issued 19 July. At the end of October 74.98% of rates levied (including arrears) have been receipted. The due date for payment of rates including the election of instalments was the 23 of August. As at 31 October, 1,234 assessments were on instalments, which represents 36% of all rateable properties. Of the \$2.53m rates outstanding, instalments account for approximately \$2.07m (81%). The remaining \$460k (18%) outstanding is made up of properties who are in debt recovery action or to be sent to debt recovery (9%), properties subject to rebates who have the full year to pay (7%) or on payment arrangements (3%). Final demands were issued on 12 October, with a due date of 19 October.
- The Town is holding unspent grants of \$316,844 as restricted cash, with a corresponding contract liability on the balance sheet. As the Town performs its obligations in the grant agreements, grant income will be recognised, and the contract liability reduced. This will move the unspent grants restricted cash to unrestricted municipal cash. Circa \$141k will be recognised in November and the corresponding liability will be reduced by this amount.
- There is a variance in the opening surplus position due to an end of financial year accounting entry required for the recognition of expected credit losses on infringements.

Budget Variations

Council is requested to approve the following variations to the 2021/22 Budget, with explanations provided in the Schedule.

Account No.	Description	Current Budget	Amended Budget	Variance Increase / (Decrease) in funding position	Comment
I11205	Operating grants – EF Festival	\$7,273	\$27,273	\$20,000	Lotterywest grant secured for EF Festival
E11263	Opex – EF Festival	(\$97,000)	(\$137,273)	(\$40,373)	Increase EF Festival budget for below income. \$7,273 – Fremantle Port Grant (August OCM)

					\$13,000 – Stallholder fees (August OCM) \$20,000 – Lotterywest grant
E12824 Job – E12836	Capex – Angwin St Footpath	(\$8,400)	(\$0)	\$8,400	Work completed at 30 June, expensed against 20/21 budget.
E11213	EF Oval – Insurance	(\$25,700)	(\$10,421)	\$15,279	Budget allocation was made for insurance of Lyn Latham Pavilion. The EFFC maintains the insurance for the building.
E12688	Capex -Fortescue St footpath	(\$0)	(\$27,000)	(\$27,000)	Complete footpath works on Fortescue Street.
E12823 Job – E12832	Capex – Silas St Drainage	(\$196,000)	(\$73,000)	\$123,000	Works completed under budget.
E12823 Job – E12833	Capex – Zephyr Car Park Drainage	(\$50,370)	(\$0)	\$50,370	Works to be deferred
E12824 Job – E12839	Capex – Footpath – Riverside Rd and Pier St Intersection	(\$0)	(\$15,000)	(\$15,000)	Footpath works near Riverside Rd and Pier St intersection
Change in Net Current Assets				\$134,676	

Fees & Charges

Council is requested to approve the following fees and charges amendments for 21/22, with an effective date of 1 January 2022. The fees and charges apply to non-CHSP (Commonwealth Home Support Program) clients, as they are currently receiving an inherent discount in the individual social support service.

Support Services (Non-CHSP clients)	Unit of service	Current Fee per client	Proposed Fee per client	Comment
Social Support Individual – accompanied activities/in home visit (non-residents)	Per hour	\$33.53	\$41.53	The original fee is based on the unit funding rate provided by the Commonwealth. However, this does not take into account the \$8 per hour that is charged for client contribution.
Social Support Individual – accompanied activities/in home visit (residents)	Per hour	\$33.53	\$41.53	As above.

13.1.1 OFFICER RECOMMENDATION/COUNCIL RESOLUTION 051121

Moved Cr McPhail, seconded Cr White

That Council:

1. receives the Monthly Financial Report (Containing the Statement of Financial Activity) for the month ended 31 October 2021, as presented as attachment 1 to this report.
2. notes the unrestricted municipal surplus of \$6,929,533 as at 31 October 2021.
3. receives the Capital Works Report dated 31 October 2021, as presented as attachment 2 to this report.
4. receives the Monthly Financial Health Check, as presented as attachment 3 to this report.
5. pursuant to section 6.8 of the *Local Government Act 1995*, approve the following schedule of budget variations resulting in an increase in the amended budget net current assets of \$134,676 as at 30 June 2022.

Account No.	Description	Current Budget	Amended Budget	Variance Increase/(Decrease) in funding position	Comment
I11205	Operating grants – EF Festival	\$7,273	\$27,273	\$20,000	Lotterywest grant secured for EF Festival
E11263	Opex – EF Festival	(\$97,000)	(\$137,273)	(\$40,373)	Increase EF Festival budget for below income. \$7,273 – Fremantle Port Grant (August OCM) \$13,000 – Stallholder fees (August OCM) \$20,000 – Lotterywest grant
E12824 Job – E12836	Capex – Angwin St Footpath	(\$8,400)	(\$0)	\$8,400	Work completed at 30 June, expensed against 20/21 budget.
E11213	EF Oval – Insurance	(\$25,700)	(\$10,421)	\$15,279	Budget allocation was made for insurance of Lyn Latham Pavilion. The EFFC maintains the insurance for the building.
E12688	Capex -Fortescue St footpath	(\$0)	(\$27,000)	(\$27,000)	Complete footpath works on Fortescue Street.
E12823 Job - E12832	Capex – Silas St Drainage	(\$196,000)	(\$73,000)	\$123,000	Works completed under budget.
E12823 Job – E12833	Capex – Zephyr Car Park Drainage	(\$50,370)	(\$0)	\$50,370	Works to be deferred
E12824 Job – E12839	Capex – Footpath – Riverside Rd and Pier St Intersection	(\$0)	(\$15,000)	(\$15,000)	Footpath works near Riverside Rd and Pier St intersection
Change in Net Current Assets				\$134,676	

6. by absolute majority, in accordance with section 6.16 of the Local Government Act 1995, impose the fees and charges as per the table below:

Support Services (Non-CHSP clients)	Unit of service	Current Fee per client	Proposed Fee per client	Comment
Social Support Individual – accompanied activities/in home visit (non-residents)	Per hour	\$33.53	\$41.53	The original fee is based on the unit funding rate provided by the Commonwealth. However, this does not take into account the \$8 per hour that is charged for client contribution.
Social Support Individual – accompanied activities/in home visit (residents)	Per hour	\$33.53	\$41.53	As above.

7. pursuant to section 6.19 of the Local Government Act 1995, provide local public notice of the adopted fees, with an effective date of implementation from 1 January 2022.

(CARRIED ABSOLUTE MAJORITY/UNANIMOUSLY)

13.1.2 Accounts for Payment – October 2021

File ref	F/FNS2
Prepared by	Sam Dolzadelli Manager, Finance
Supervised by	Peter Kocian, Executive Manager, Corporate Services
Meeting Date	16 November 2021
Voting requirements	Simple Majority
Documents tabled	Nil
Attachments	1. Monthly List of Payments – October 2021

Purpose

That Council, in accordance with regulation 13(1) of the *Local Government (Financial Management) Regulations 1996*, RECEIVES the list of payments made under delegated authority for the month ended 31 October 2021 as recorded in the minutes of the Council.

Executive Summary

Council has an Executive role in receiving the list of payments pursuant to Regulation 13(1) of the *Local Government (Financial Management) Regulations 1996*. It is therefore recommended that Council receives the Lists of Accounts paid for the period 1 October to 31 October 2021, as per the summary table.

Background

The Chief Executive Officer has delegated authority to make payments from the Municipal and Trust Accounts in accordance with budget allocations.

The Town provides payments to suppliers by electronic funds transfer, cheque or credit card. Attached is an itemised list of all payments made under delegated authority during the said period.

The bulk of payments are processed by electronic funds transfer (EFT) with the exception of Water Corporation accounts which are paid by cheque and the occasional reimbursements and refunds.

Consultation

Nil.

Statutory Environment

Regulation 13: *Local Government (Financial Management) Regulations 1996 (as amended)* requires Local Governments to prepare a list of payments made under delegated authority to be prepared and presented to Council on a monthly basis.

Policy Implications

Policy 2.1.3 Purchasing. All supplier payments are approved under delegated authority pursuant to the authorisation limits outlined in Council's purchasing policy.

Financial Implications

Accounts for Payment are sourced from budget allocations.

All amounts quoted in this report are inclusive of GST.

Risk Implications

Risk	Risk Likelihood (based on history & with existing controls)	Risk Impact / Consequence	Risk Rating (Prior to Treatment or Control)	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
That Council does not accept the list of payments	Rare (1)	Moderate (3)	Low (1-4)	COMPLIANCE Minor regulatory or statutory impact	Accept Officer Recommendation

Risk Matrix

Consequence		Insignificant	Minor	Moderate	Major	Extreme
Likelihood		1	2	3	4	5
Almost Certain	5	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Moderate (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Moderate (6)	Moderate (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating is provided below. Any items with a risk rating over 16 will be added to the Risk Register, and any item with a risk rating over 16 will require a specific risk treatment plan to be developed.

Risk Rating	3
Does this item need to be added to the Town's Risk Register	No
Is a Risk Treatment Plan Required	No

Strategic Implications

The Town of East Fremantle Strategic Community Plan 2020 – 2030 states as follows:

STRATEGIC PRIORITY 5: Leadership and Governance

A proactive, approachable Council which values community consultation, transparency and accountability

5.1 Strengthen organisational accountability and transparency

5.3 Strive for excellence in leadership and governance

Site Inspection

Not applicable.

Comment

Payments for the period include the following significant items:

Payee	Particulars	Amount (GST Inc)
Australian Taxation Office	BAS September 2021	52,137.00
LGIS	Liability/Property/Workcare Insurance (Remaining 50% Instalment)	114,109.60
Resource Recovery Group	Waste Disposal Fees September	41,364.51
State Wide Turf Services	Henry Jeffery Oval	43,890.00

(CARRIED UNANIMOUSLY)

13.1.3 Contestable Electricity Supply for WA Member Local Governments

Applicant	Not Applicable
File ref	A/WALGA
Prepared by	Peter Kocian, Executive Manager Corporate Services
Supervised by	Gary Tuffin, Chief Executive Officer
Meeting Date:	16 November 2021
Voting requirements	Simple Majority
Documents tabled	Nil
Attachments	1. Energy Framework Offer Document 2. Azility Utilities Report 2021 3. Current Electricity Sales Agreement 4. Consumption and Expenditure Report

Purpose

Council is being requested to consider the Offer Summary as contained in attachment 1 for the provision of contestable electricity supply to the Town of East Fremantle, with Synergy to be the provider.

In addition, Council is requested to consider whether it wishes to purchase natural energy.

Executive Summary

On the 26 August 2021, the Australian Competition and Consumer Commission granted authorisation to WALGA to enable local governments to pool their energy demand and collectively tender for and negotiate an electricity supply arrangement.

WALGA subsequently managed a tender process for the supply of contestable energy including renewables, with Synergy awarded the tender under an initial 3-year agreement.

Participating local governments have been requested to accept the appended offer by the 18 November 2021 (attachment 1).

Background

The WALGA Contract deals principally with 'Contestable' Electricity Supply. A contestable customer deems that the business electricity customer is able to choose their own electricity provider. To be eligible for contestable power, you must use more than 50 MWh. Each distribution location is considered to be an individual site, and customers are unable to aggregate multiple distribution sites for the purpose of contestability. These rules are set by the Economic Regulatory Authority.

The above is why street lighting is non-contestable, as individual streetlights are classed as separate exit points and therefore consume less energy than is required to be eligible for contestable electricity supply – using a maximum of around 2 MWh per year.

One gigajoule (GJ) = 0.28 megawatt hours (MWh). Therefore, to be eligible for contestable power supply, the site must generally consume more than 178 GJ annually (although there is a flexibility allowance of 20%). Based on the consumption table included in this report, the Town Hall has been the only location that has been eligible for contestable power. The Town has a current Electricity Sales Agreement in place (attachment 3), with current on-peak pricing of 34.08 cents per kWh.

The Town has enquired with Synergy as to whether John Tonkin Park is eligible as a contestable site. Synergy has advised that given the scale of the project, they would like to finalise and execute contracts first and then review contestability and roll in sites shortly after the first stage is complete. Synergy has advised that there is a 20% allowance within the threshold for sites to be eligible, meaning that John Tonkin will more than likely be rolled into the agreement.

Consultation

Concept Forum 9 November 2021

Mr. Toby Constanzo, Contract Manager Commercial Management, WALGA

Ms. Bec Elshaw, Account Manager, Synergy

Statutory Environment

The total dollar value of procuring contestable electricity supply for the Town Hall (and possibly John Tonkin Park) under the 3-year WALGA Contract is well and truly below the \$250k tender threshold. The tender provisions under the Local Government (Functions and General) Regulations 1996 therefore do not apply.

In any event, WALGA has run a tender process on behalf of member local governments, and there is a cost benefit in accepting the offer. Council can be satisfied that the new arrangement delivers value for money.

Policy Implications

At its meeting of 20 July 2021, Council adopted numerous strategic objectives for inclusion in the Climate Emergency Strategy, including:

Strategic Objective 1 – Energy

- Council will commit to net zero greenhouse gas emissions and transition to renewable energy (100% by 2030).
- Council will encourage the community to transition to zero emissions by 2030.
- Council will advocate for zero emission energy for both Council and community.

Financial Implications

Synergy has provided the Town with an itemised breakdown of all power consumption and expenditure for the period August 2020 – August 2021 (attachment 4). Total annual billing charges amount to \$196k with total power consumption of 536,824kWH.

The Town has a 3-year agreement in place with Azility to review the performance of the Town's utility portfolio, as well as provide emissions reporting for all assets. Azility has provided their annual performance report for the 2020/21 financial year (see attachment 2).

The top ten Town assets based on annual power consumption is illustrated below:

Asset Name	Annual Energy (GJ)	Current Tariff	Current Annual Energy Cost
Unmetered Street Lighting	991.72	0.4	\$108,825
Town Hall	169.02	0.3	\$14,027
John Tonkin Park (Bore, Lighting, BBQ)	160.7	0.26	\$12,344
Merv Cowan Park	109.73	0.26	\$7,911
Wauhop Park (Floodlights)	94.52	0.29	\$7,298

Locke Park (Sumpton Green and Oval Reticulation)	87.99	0.27	\$6,402
Depot + Bowling Club/Croquet Club reticulation	84.39	0.27	\$6,268
Preston Point Reserve	82.92	0.27	\$6,263
Tricolore Community Centre	73.92	0.29	\$5,966
Henry Jeffery Oval	69.13	0.28	\$5,513

With reference to the Offer Document provided in attachment 1, Council can either accept unbundled pricing or bundled pricing for its contestable sites – detailed on page 5 of the Offer Document.

The following is a breakdown of on peak and off-peak consumption for the Town Hall for the full year August 2020 to August 2021.:

On Peak Consumption kWH	Off Peak Consumption KWH	On Peak Consumption Charges	Off Peak Consumption Charges
31,471	15,321	\$10,936	\$1,954

The following is an assessment of unbundled v bundled pricing for the Town Hall under the new Agreement:

Unbundled:

	Rate (c/kWh)	Units	Total Energy Cost
Daily Supply Charge	\$0	365	\$0
Peak (c/kWh)	5.691	31,471	\$1,791
Off Peak (c/kWh)	5.174	15,321	\$792
Capacity Charge/Non-Commodity Charges	18.322 (max rate)	46,792	\$8,573
TOTAL			\$11,156

Bundled:

	Rate (c/kWh)	Units	Total Energy Cost
Daily Supply Charge	\$2.51	365	\$916
Peak (c/kWh)	26.46	31,471	\$8,327
Off Peak (c/kWh)	14.51	15,321	\$2,223
TOTAL			\$11,466

It therefore makes economic sense to elect the unbundled offer. This would provide a saving of approximately \$2,500 per annum compared to pricing under the current agreement.

Council also has the option to purchase natural power for the Town Hall at the following rates, which will be charged in additional to the standard tariff:

1/4/22 – 31/3/23	1/4/23 – 31/3/24	1/4/24 – 31/3/25
3 cents kWh	2.6 cents kWh	2.23 cents kWh
\$1,404	\$1,217	\$1,076

Based on the above pricing, and the savings available under the Tender for unbundled pricing, the Town can effectively purchase 100% renewable energy for the Town Hall, at less cost than current arrangements.

Strategic Implications

Council has adopted various strategic objectives to inform its Climate Emergency Strategy. One of the objectives relates to energy, with Council committing to net zero greenhouse gas emissions and transition to 100% renewable energy by 2030.

47 local governments have made declarations acknowledging that climate change is occurring, with many adopting environmental policies with carbon neutral targets included. As a result of this developing framework, WALGA was requested by its members to explore alternative options for a whole of sector Power Purchase Agreement to include access to natural energy.

Risk Implications

Risk	Risk Likelihood (based on history & with existing controls)	Risk Impact / Consequence	Risk Rating (Prior to Treatment or Control)	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
That Council does not achieve its commitment to transition to 100% renewable energy by 2030	Possible (3)	Moderate (3)	Moderate (5-9)	ENVIRONMENT Contained, reversible impact managed by internal response	Accept Officer Recommendation

Risk Matrix

Consequence		Insignificant	Minor	Moderate	Major	Extreme
Likelihood		1	2	3	4	5
Almost Certain	5	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Moderate (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Moderate (6)	Moderate (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives: occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating is provided below. Any items with a risk rating over 16 will be added to the Risk Register, and any item with a risk rating over 16 will require a specific risk treatment plan to be developed.

Risk Rating	4
Does this item need to be added to the Town's Risk Register	No
Is a Risk Treatment Plan Required	No

Site Inspection

Not applicable.

Comment

It is recommended that Council accept the unbundled pricing offer for the Town Hall as a contestable site and purchase natural power over the year 3-year term of the Agreement. This would equate to annual electricity charges of approximately \$12,500 for the Town Hall, compared to current charges between \$13k-\$14k. Thus, conversion to natural power will come at nil cost to the Town.

Natural Power

Synergy utilises 3 accredited sites to source Large Scale Generation Certificates (LGCs) for Natural Power. A LGC is an electronic form of currency created in the REC registry by eligible entities. One LGC is equivalent to 1MWh of eligible renewable electricity generated above the power stations baseline. Registered LGCs can be sold or transferred to entities with liabilities under the Renewable Energy Target.

The 3 sites are; Albany Wind Farm, Collgar Wind Farm and Emu Downs Wind Farm.

There is a standard natural power offer available to local government for non-contestable sites (including streetlights), whereby each local government has the option to purchase Natural Power as it decides each year. The current standard Natural Power product is 3.537c/kWh, which is payable in addition to the standard tariff.

Natural Power can also be added to any existing Synergy streetlights agreement. For Streetlights, local governments can choose how much of their deemed consumption they want to offset with LGCs from renewable electricity by selecting increments of 25% up to 100% across all streetlights.

The Natural Power charge will be calculated on a percentage of the deemed streetlight electricity consumption. This deemed consumption is based on lamp wattage and turn off time. Synergy purchases LGCs on behalf of the local government to match the amount of the chosen percentage of deemed electricity consumption.

The following is the indicative additional cost should the Town wish to convert fully to 100% natural power:

Asset	Total Annual KWh	Sport Price – Natural Power	Annual Additional Cost
Streetlights	271,172	0.0357	\$9,680
All other Non-Contestable Sites	218,860	0.0357	\$7,813
Total			\$17,493

13.1.3 OFFICER RECOMMENDATION/COUNCIL RESOLUTION 071121

Moved Cr Nardi, seconded Cr Donovan

That Council:

1. with respect to WALGA RFQ 06/21 'Contestable Electricity Supply for Western Australian Member Local Governments, accept the unbundled pricing and natural power offer for the Towns contestable site (Town Hall), detailed on pages 5 and 6 of the attached Offer, for the 3-year term 1 April 2022 – 31 March 2023.
2. authorise the Chief Executive Officer to advise WALGA of the above by the Offer Notification Deadline of 18 November 2021.
3. authorise the Chief Executive Officer to sign the new 3 years Electricity Sales Agreement for the supply of contestable power by the signing deadline of 30 November 2021.
4. note that Town can purchase natural power for non-contestable sites at any time, and that this option be considered during future budget deliberations.

13.1.4 Funding Agreement – Museum of Perth

File ref	R/RSA1
Prepared by	Peter Kocian, Executive Manager Corporate Services
Supervised by	Gary Tuffin, Chief Executive Officer
Meeting Date:	16 November 2021
Voting requirements	Absolute Majority
Documents tabled	Nil
Attachments	1. Funding Agreement – Museum of Perth

Purpose

Council is requested to consider the attached Funding Agreement between the Town of East Fremantle and the Perth History Association Inc. trading as “Museum of Perth”.

Executive Summary

Council on the 19 June 2018 resolved to endorse a 12-month Licence Agreement with the Museum of Perth, commencing 28 August 2018, for the use of Dovenby House (Council Resolution 080618). The agreement was subsequently extended until the 30 June 2021.

Under the terms of the agreement, the Museum was granted free use of the building, and in return provided historical research services to the Town including but not limited to community engagement, traditional and social media, heritage interpretation, long form writing, and biographical and genealogical research.

Background

The Museum of Perth has vacated Dovenby House and has opened up an office in Fremantle. The Museum is continuing to maintain the ‘Streets of East Freo’ website on behalf of the Town, and a decision is required as to how this information resource is to be managed.

Options for the ongoing management of this website include:

1. engage the Museum of Perth under a fee for service arrangement
2. the Town assumes responsibility for maintaining the website (this has a resourcing implication)
3. the Town engages another 3rd party to manage the website under a fee for service arrangement
4. the Town pays the website hosting fee only and does not update content on the website
5. the Town elects to decommission the website

Consultation

Concept Forum 9 November 2021

Mr Reece Harley, Executive Director, Perth History Association

Statutory Environment

There is no statutory requirement relevant to this matter.

Policy Implications

Purchasing Policy. As the Museum of Perth has developed the website and researched the information collateral, they possess the intellectual property to continue the project partnership

with the Town. The purchase of services is therefore deemed to be exempt from the requirement to obtain quotes under the Purchasing Policy.

Financial Implications

The total cost payable under the Agreement for the period 1 December 2021 – 30 June 2023 is \$19,214 (ex GST), with \$11,057 (ex GST) payable this financial year. A budget variation will be required to provide for the required funding this financial year.

Strategic Implications

Strategic Priority 1 “Social” of the Strategic Community Plan is relevant to this item.

1.1.2 – Strengthen the sense of place and identity through inclusive community interaction and participation.

Site Inspection

Not applicable

Comment

It is recommended that Council endorse the attached funding agreement to enable the continuation of the partnership with the Museum of Perth.

The key element of the partnership is the website hosting and management of content of the Streets of East Freo website. Failure to enter into a partnership may result in a static website with limited community interaction.

The Museum are also undertaking a dedicated research project on WW1 Soldiers on the Roll of Honour Board, including the writing of biographies and the compilation of an inventory of ANZAC houses in the Town of East Fremantle. This project is underway and expected to be completed by April 2022.

13.1.4 OFFICER RECOMMENDATION/COUNCIL RESOLUTION 081121

Moved Cr Wilson, seconded Cr Donovan

That Council:

1. endorse the attached Funding Agreement between the Town of East Fremantle and the Perth History Association Inc trading as the Museum of Perth to provide the following historical research services to the Town:

Project	Indicative Hours per Week	Annual Fee (GST Exclusive)	Performance Outputs
Administering the Streets of East Freo Website and Facebook Page	3	\$7,800	Ensure that content remains current. This includes updates, moderations, social media posting and tagging, and incorporating feedback, messages and new information into the existing body of research.
Website Hosting for Streets of East Freo web page via Squarespace		\$357	Ensure 99.9% uptime of website
Undertake WW1 Research on Honour Board	2	One off fee of \$2,900	Work to be completed prior to 25 April with all biographies to be completed

		payable on completion of project	and an inventory of Anzac Houses to be compiled. The Town to be advised of any service people missing from the Roll of Honour Board.
2. pursuant to section 6.8 of the Local Government Act 1995, approve an expenditure budget of \$11,057 (ex GST) in the 2021/22 Municipal Budget to fund the above service partnership.			
(CARRIED ABSOLUTE MAJORITY/UNANIMOUSLY)

Purpose

The purpose of this report is for Council to consider a development application for a proposed new dwelling at No 56A (Lot 2) Pier Street, East Fremantle.

Executive Summary

This development application proposes a dwelling at 56A Pier Street on one of two survey strata lots. The dwelling is spread across 4 levels. It has a 4 car undercroft garage, cellar, storeroom, and workshop. The main living area is on the second level with a kitchen, dining and living. The third level includes 4 bedrooms, 2 bathrooms and a study. The upper and fourth level comprises a roof top terrace. A swimming pool is located in the front setback area and elevated above the street adjacent to the alfresco. There is also a rear outdoor living area. A gate encloses the staircase entry to the dwelling adjacent to the generous driveway. It is noted that the lower 2 floors of the development are utilising elements of an unfinished, but previously approved development on site and therefore the levels and heights of the first two floors are completed. Some of the below variations are the result of utilising the existing structures.

The applicant is seeking Council approval for the following variations to the Residential Design Codes and Residential Design Guidelines;

- (i) Clause 3.7.7.3 – Residential Design Guidelines – Front Street Setback – 7.25m (average) required, 4.5m provided,
- (ii) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback – Western wall – Dining - 1.1m required, 0.6m provided,
- (iii) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback – Western wall – Kitchen, Scullery – 1.1m required, 0m provided,
- (iv) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback – Eastern Wall – Living and Alfresco – 1m required, 0m provided,
- (v) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback – Western Wall – Bed 3, Bath, Study/Arts – 1.8m required, 1.7m provided,
- (vi) Clause 5.1.3 – Residential Design Codes - Lot Boundary Setbacks - Eastern Wall – Bed 4, Dresser, Master Suite – 2.1m required, 1.3m provided, and
- (vii) Clause 5.1.4 – Residential Design Codes - Open Space – 50% required, 49% provided

It is considered that the above variations can be supported subject to conditions of development approval being imposed.

Background

Zoning: R12.5 (previously subdivided at R20 density code – corner lot)

Site area: 445m²

Heritage: N/A

Previous Decisions of Council and/or History of an Issue or Site

P124/14 – swimming pool at front - development approval – 5 September 2014

P150/10 – multiple dwellings x 2 including undercroft garage development approval – 24 February 2014

Consultation

Advertising

The application was advertised to surrounding landowners from 25 August to 10 September 2021. The following submissions were received.

Submission	Applicant Response	Officer Response
Submission 1 We fully support the proposal of lot 2, 56a Pier Street, East Fremantle.	Noted	Noted.
Submission 2 We have reviewed the proposal in detail & support the development plans for 56a Pier Street. The proposed development compliments the surrounding properties. Defined total height for the proposed building is proportionate to the neighbouring properties. For more than three years this plot has been an abandoned building site attracting vandalism and trespassers (in turn, causing concern). The proposed dwelling is an attractive design, in keeping with the neighbouring properties and will therefore represent a huge improvement to the current situation.	Noted	Noted
Submission 3 With regard to the proposed plans for Lot 2, 56A Pier Street, East Fremantle, 6158, please find our comments below. Firstly, we welcome a new dwelling to be built on this lot. We have one major concern however, which is the sheer height of the building. The property is proposed as 3 storey, but on viewing the plans, there is actually a 4 th storey “roof cabana” which far exceeds the height of any other property on our street. Pier Street is a hill, with Lot2/ 56A already on the elevated side of the	Amended plans were submitted which address concerns regarding height and visual privacy.	Noted. It is recognised that the development is a 4 storey development and labelled as such in this report. Amended plans were submitted which reduced the height of the development such that it is less than 8m in height which is in accordance with the deemed to comply requirements of clause 5.1.6 of the Residential Design Codes. Development with a concealed roof can be undertaken on this site with a maximum height of 8m. The development achieves the minimum visual privacy and overlooking requirements for all surrounding properties by utilising a mixture of

<p>street, and its ground level is already far higher than our own property. The presence of a 4 storey home on the hill, we feel would unfortunately be imposing to the street, with a 4th storey overlooking all surrounding neighbours.</p> <p>There are a few pre-existing homes that are a maximum of 3 levels in this area, but they are set much further back from the road and therefore feel far less intrusive to the streetscape. The roof terrace of the proposed 4th floor extends out very close to the front of the roof margin. We also worry about the noise carriage from the 4th level, as this part of the cabana area is not enclosed.</p> <p>To summarise, our main concern with the proposed plans we have seen is regarding the 4th level. With the natural elevation of 56A from ground level, the 4th storey or cabana takes the development far higher than the neighbouring homes and is out of keeping with the other residences on the street.</p>		<p>obscure glazing, highlight windows, visual privacy screening and visual privacy setbacks in accordance with clause 5.4.1 of the Residential Design Codes.</p> <p>Noise transmission is not an issue that is assessed directly by the Residential Design Codes or the Residential Design Guidelines. It is noted that residences can produce noise from socialising. This is a matter that has to be dealt with if and when noise exceeds environmental health standards.</p> <p>Some of the walls that are proposed do have a zero setback from the boundary but utilise some of the existing walls which are already located on the boundary.</p> <p>A condition will also be imposed that requires that all air conditioning to be located at lower levels and shrouded in noise and vibration limiting materials to reduce noise transmission.</p> <p>The design utilises the existing previously approved garage location which is already in place and located 6m from the front lot boundary.</p> <p>A condition will be recommended that limits the ability for any temporary or permanent structures to be located on the roof terrace to ensure that the development height is not exceeded.</p> <p>There are many large and multiple storey developments in the Richmond Hill precinct. As stated previously the development is below the maximum height permitted under the Residential Design Codes (8m) and has been able to go to 4 levels by utilising the existing previously approved garage that was created through considerable excavation of the site.</p> <p>Proponents for development are permitted to propose development that requests variations to the deemed to comply requirements of the Residential Design Codes by utilising design principles. As a result of the amendments made to the design there has been a reduction in the number of requested variations to 7 in total of which 6 are related to front or side lot boundary setbacks. Three of these relate to previously approved walls that are already in place in the existing structure on site.</p> <p>Some of the walls that are proposed do have a zero setback from the boundary but utilise some of the existing walls which are already located on the boundary.</p>
--	--	--

<p>Submission 4</p> <p>Thank you for providing my wife and me with the opportunity to respond to the proposed four-storey residence across the road from our house at 65 Pier St, East Fremantle. We are writing to strongly object to the proposed development in its current form. Sarah and I have owned our home since 2005. We purchased what we believe is the oldest house in Pier Street. It needed extensive restoration and renovation which we undertook with close attention to the heritage value of its location in East Fremantle. In the process we were careful to learn about Pier St and its history. Our renovation was nominated and shortlisted for the Fremantle Heritage Awards on completion.</p> <p>In the time we have been here we have brought up our family with two children and watched the area change, mostly for the better. We understand that this is one of the most significant heritage areas of the suburb, within visual range of the original Penshurst residence on the hill around 50m away. The name of the street that our house is on the corner of was changed from Gordon St at some point, to Penshurst St, to recognise the heritage value of the Penshurst historical residence in this locality. Although we live in a very old house and have embraced the heritage aspects of this building, we strongly support high quality contemporary architecture. With the sale of the lot across the road, with its half-built structure marring the streetscape over a long period, we were looking forward to a new building on this beautiful site. However, we were very disappointed to see that the proposed plan does not respect the streetscape and its neighbourhood. In fact, in its scale, design and sheer bulk, it appears to pay no attention to its location. It is out of proportion with its surrounding residential neighbourhood and would tower over the street and nearby houses like a block of flats.</p>	<p>Amended plans were submitted which address concerns regarding height and visual privacy.</p>	<p>Noted.</p> <p>It is recognised that the development is a 4 storey development and labelled as such in this report.</p> <p>Amended plans were submitted which reduced the height of the development such that it is less than 8m in height which is in accordance with the deemed to comply requirements of clause 5.1.6 of the Residential Design Codes. Development with a concealed roof can be undertaken on this site with a maximum height of 8m.</p> <p>The development achieves the minimum visual privacy and overlooking requirements for all surrounding properties by utilising a mixture of obscure glazing, highlight windows, visual privacy screening and visual privacy setbacks in accordance with clause 5.4.1 of the Residential Design Codes.</p> <p>It is permitted to have a pool in the front setback area. A pool was previously approved in this location for the original development approval for the dwelling that was never completed. Pools do not require a development approval unless they relate to a heritage listed property. As this property is not heritage listed the pool only requires a building permit.</p> <p>Some of the walls that are proposed do have a zero setback from the boundary but utilise some of the existing walls which are already located on the boundary.</p> <p>The proposed development achieves the minimum requirements for landscaping of a site in accordance with the Residential Design Codes. A landscape plan has been submitted which proposes significant planting across the verge and in the area to the rear of the property.</p> <p>The design utilises the existing previously approved garage location which is already in place and located 6m from the front lot boundary.</p> <p>A condition will be recommended that limits the ability for any temporary or permanent structures to be located on the roof terrace to ensure that the development height is not exceeded.</p> <p>A condition will also be imposed that requires that all air conditioning to be located at lower levels and shrouded in noise and vibration limiting materials to reduce noise transmission.</p> <p>The property is not heritage listed and as a result there is no requirement to have any features that are typically linked to heritage development. The Residential</p>
--	---	---

<p>We do not believe that a 4-storey residence is appropriate or acceptable in this location. It does not respect the natural topography, the streetscape or the neighbourhood. Further, there are other aspects of the design that we consider unacceptable for a building in this location. Many of these appear to unjustifiably exceed the limits of the relevant building codes that have been designed to protect neighbourhoods from unsuitable developments such as this.</p> <p>There are a number of specific aspects of the proposed structure that we would like to specify to support our objection:</p> <ol style="list-style-type: none"> 1. The overall form of this proposed residence imposes on the streetscape in an excessively dominant way and is out of proportion. In particular it rises high above the limestone scarp landform, which should, we believe, remain the dominant form in this immediate area. At the very least, the fourth storey should not be allowed. 2. The proposed design includes a roof-top deck, which would allow the occupants and its visitors to look into our front yard, which is our only outdoor living space, resulting in loss of privacy, amenity and peaceful enjoyment of our only family living area. 3. The proposed roof-top deck would allow noise transmission directly down to our living spaces, resulting in loss of privacy, amenity and peaceful enjoyment of our only family living area. 4. The proposed roof-top deck, if approved, would set a precedent for similar development in the area, even if the deck were to be reduced in size or further set back. 5. The proposed pool located at the front boundary would allow overlooking of our front yard and living area, resulting in loss of privacy, amenity and peaceful enjoyment of our only family living space. 6. The third level cantilevers forward beyond the second level. 		<p>Design Guidelines specifically follows the Burra Charter in requiring that new development should be contemporary and not attempt to copy heritage design. Faux heritage is strictly discouraged.</p> <p>There are many large and multiple storey developments in the Richmond Hill precinct. As stated previously the development is below the maximum height permitted under the Residential Design Codes (8m) and has been able to go to 4 levels by utilising the existing previously approved garage that was created through considerable excavation of the site.</p> <p>Proponents for development are permitted to propose development that requests variations to the deemed to comply requirements of the Residential Design Codes by utilising design principles. As a result of the amendments made to the design there has been a reduction in the number of requested variations to 7 in total of which 6 are related to front or side lot boundary setbacks. Three of these relate to previously approved walls that are already in place in the existing structure on site.</p>
--	--	--

<p>This creates an overbearingly dominating form, beyond anything in this street, jutting out toward the road and emphasising the intrusiveness and massiveness of the structure.</p> <p>7. The building is proposed to fill the space from side boundary to side boundary, limiting the ability for greenery and dominating over the two abutting buildings. We see no justification for this.</p> <p>8. The proposed garage is at least 3 meters above the road. It would be more appropriate for the garage to be level with the road, with the residence built over it. This would be a much safer option at this location, very close to an intersection.</p> <p>The proposed development appears to be based on the assumption of the granting of multiple concessions to allow breaching of established codes which, if granted, would potentially have serious negative impacts on neighbours.</p> <p>We have talked with the residents who own properties that adjoin the property under consideration, many whom have not been advised of the proposal. They have expressed their concerns over the sheer scale and inappropriateness of what is proposed.</p> <p>We look forward to a modern home being built on this site; however, we believe that what is proposed is excessive and totally inappropriate for this location. It will cause us and our neighbourhood significant loss of amenity and will have a negative impact on the streetscape in a historically important area.</p>		
<p>Submission 5</p> <p>We have reviewed the plans and we have no comments to raise with the Application.</p>		Noted

Community Design Advisory Committee (CDAC)

The application was referred to 6 September 2021 CDAC meeting.

a) The overall built form merits.

- The Committee were not supportive of the proposed development noting the below points.
- The committee recognised that the design utilises the existing building.

- Committee felt that the bulk and scale of the building is a key issue in the design, however, was considered to be too bulky.
 - Committee believed that space is needed for planting of vegetation to soften the streetscape and built structure. The Committee requests a full landscaping plan be submitted to Council.
 - Committee was concerned about the width of the driveway and crossover and the height and gradient of the driveway given the slope of the site.
 - Committee believed the proposed height is unacceptable.
- b) The quality of architectural design including its impact upon the heritage significance of the place and its relationship to adjoining development.
- Committee believed that the dwelling is of a style like many contemporary dwellings in the Richmond Hill precinct, however, should be better articulated and reduced in height, bulk, and scale.
- c) The relationship with and impact on the broader public realm and streetscape.
- Committee felt that the dwelling will dominate the street.
 - Committee felt there was a need for the dwelling to better fit with the streetscape.
 - Committee requested that a landscape plan and a crossover and verge plan are necessary to gain an understanding of measures that will be taken to soften the design in the streetscape by way of planting vegetation.
- d) The impact on the character of the precinct, including its impact upon heritage structures, significant natural features, and landmarks.
- Committee believed that the upper storeys should be setback further to reduce the impact of the building on the streetscape.
- e) The extent to which the proposal is designed to be resource efficient, climatically appropriate, responsive to climate change and a contribution to environmental sustainability.
- Committee believed that the air-conditioning location and screening will need to be conditioned to prevent future issues with noise and height.
- f) The demonstration of other qualities of best practice urban design including “Crime Prevention” Through Environmental Design performance, protection of important view corridors and lively civic places.
- Committee recognised that there was very good surveillance of the street and the front setback area.

Officer Comment

Amended plans were submitted which address concerns regarding height and visual privacy.

Strategic Implications

The Town of East Fremantle Strategic Community Plan 2020 – 2030 states as follows:

Built Environment

Accessible, well planned built landscapes which are in balance with the Town's unique heritage and open spaces.

3.1 Facilitate sustainable growth with housing options to meet future community needs.

3.1.1 Advocate for a desirable planning and community outcome for all major strategic development sites.

3.1.2 Plan for a mix of inclusive diversified housing options.

3.1.3 Plan for improved streetscapes.

3.2 Maintaining and enhancing the Town's character.

3.2.1 Ensure appropriate planning policies to protect the Town's existing built form.

3.3 Plan and maintain the Town's assets to ensure they are accessible, inviting and well connected.

3.3.1 Continue to improve asset management within resource capabilities.

3.3.2 Plan and advocate for improved access and connectivity.

Natural Environment

Maintaining and enhancing our River foreshore and other green, open spaces with a focus on environmental sustainability and community amenity.

4.1 Conserve, maintain and enhance the Town's open spaces.

4.1.1 Partner with Stakeholders to actively protect, conserve and maintain the Swan River foreshore.

4.1.2 Plan for improved streetscapes parks and reserves.

4.1.3 Improve and protect the urban forest and tree canopy.

4.2 Enhance environmental values and sustainable natural resource use.

4.2.1 Reduce waste through sustainable waste management practices, including effective community and business education.

4.3 Acknowledge the change in our climate and understand the impact of those changes.

4.3.1 Improve systems and infrastructure standards to assist with mitigating climate change impacts.

Risk Implications

A risk assessment was undertaken and the risk to the Town was deemed to be negligible.

Site Inspection

A site inspection was undertaken.

Comment**Statutory Assessment**

The proposal has been assessed against the provisions of Local Planning Scheme No. 3 and the Town's Local Planning Policies including the Residential Design Guidelines, as well as the Residential Design Codes. A summary of the assessment is provided in the following tables.

Legend (refer to tables below)	
A	Acceptable
D	Discretionary
N/A	Not Applicable

Residential Design Codes Assessment

Design Element	Required	Proposed	Status
Street Front Setback	Average of front setbacks	4.5m	D
Secondary Street Setback			N/A
Western wall - dining	1.1m	0.6m	D
Western wall – kitchen, scullery	1m	0m	D

3.7.17.4.3 Fremantle Port Buffer Area	N/A

This development application proposes a dwelling at 56A Pier Street on one of two survey strata lots. The dwelling is spread across 4 levels. It has a 4 car undercroft garage, cellar, storeroom, and workshop. The main living area is on the second level with a kitchen, dining and living. The third level includes 4 bedrooms, 2 bathrooms and a study. The upper and fourth level is a roof top terrace. A swimming pool is located in the front setback area and elevated above the street adjacent to the alfresco. There is also a rear outdoor living area. A gate encloses the staircase entry to the dwelling adjacent to the driveway.

The lot is a very steep site with levels rising from approximately 41m at the street up to 47m at the rear boundary. There is an existing partially constructed dwelling on site. The proposed new dwelling utilises features of this development related to the undercroft garage and storage areas and the second level. The internal walls of the original dwelling on the second level of the dwelling that was previously approved will be removed. The design above the second level is all new. Amended plans were submitted after discussions with the proponents with changes made to address issues relating to height and visual privacy. As a result, the building is lower and achieves the required visual privacy setbacks to each of the neighbouring properties.

There are seven variations that are requested in relation to the proposed development in relation to street setback, lot boundary setback (5 walls), and open space.

Street Setback

In accordance with the acceptable development provisions of the Residential Design Guidelines clause 3.7.7.3 A1.3 the front setback of the proposed dwelling should either match the front setback of one existing dwelling or be the average of the 2 setbacks. In this case the proposed dwelling is setback a minimum of 4.5m which is less than the average of the 2 neighbouring properties and equivalent to 7.25m (western property – 1.5m and eastern property - 13m). It is however, more than the western adjacent property's setback from that property's side boundary of 1.5m. In accordance with performance criteria 3.7.7.3 P1.1 additions to non-contributory buildings should match the traditional setback of the immediate locality. In this case the 2 neighbouring properties do not represent the traditional setbacks from the street front. The garage is setback 6m, but it is the cantilevered upper storeys that are closer to the front boundary. These ensure that there is some weather protection for lower storeys. The reduced lot boundary setback can be supported. It is noted also the previously approved and half constructed development does set the footprint for the proposed building. The use of the existing footprint and lot dimensions do limit the ability to provide larger street setbacks.

Lot Boundary Setbacks

Western wall – Kitchen, Scullery

In accordance with the Residential Design Codes deemed to comply clause 5.1.3 C3.1 the western wall of the proposed dwelling (the wall of the kitchen and scullery) that is 5m long and 3.45m high with no major openings is required to be setback 1m from the boundary. The wall is located on the boundary. This wall was originally part of the previously approved development that was never finished.

Eastern Wall – Living and Alfresco

In accordance with the Residential Design Codes deemed to comply clause 5.1.3 C3.1 the eastern wall of the proposed dwelling (the wall of the living room) that is 11.01m long and 3.6m high without major openings is required to be setback 1.5m from the boundary. The wall is located along the boundary. This wall was originally part of the previously approved development that was never finished.

the reduced lot boundary setbacks can be supported for the following reasons;

- The existing structure was previously approved by Council and is being utilised in the design of this proposal,
- It makes more effective use of the space for the enhanced privacy for the occupants,
- There are minimal impacts from building bulk to adjoining neighbour,
- Adequate sunlight and ventilation to the building and open spaces on site and adjoining properties,
- Minimal (compliant) overlooking and loss of privacy on adjoining properties,
- The proposal has minimal adverse impacts on the amenity of the adjoining properties,
- Direct sun to major openings to habitable rooms and outdoor living areas for adjoining properties is not restricted, and
- The development is consistent with the prevailing and future development context and streetscape as outlined in the local planning framework.

The western wall has no major openings and as a result maintains privacy between the subject and neighbouring properties. The location of the wall does not limit access to sunlight as this property has large windows facing south that will allow light to enter and ventilation. This wall also faces onto the neighbouring strata property dwelling and the owners of this property have agreed to the proposed development. For this reason, the reduced lot boundary setback is supported.

The eastern wall has no major openings and as a result maintains privacy between the subject and neighbouring properties. The location of the wall does not limit access to sunlight as this property has large windows facing south that will allow light to enter and ventilation.

Lot Boundary Setback – Western wall

Dining

In accordance with the Residential Design Codes deemed to comply clause 5.1.3 C3.1 the western wall of the proposed dwelling (the wall of the dining room) that is 3.175m long and 3.9m high with no major openings is required to be setback 1.1m from the boundary. The wall is located 0.6m from the boundary. This wall was originally part of the previously approved development that was never finished.

Bed 3, Bath, Study/Arts

In accordance with the Residential Design Codes deemed to comply clause 5.1.3 C3.1 the western wall of the proposed dwelling (the wall of bedroom 3, bathroom and study/arts) that is 13.615m long and 5.9m high without major openings is required to be setback 1.8m from the boundary. In this case the wall is setback 1.7m.

The reduced lot boundary setbacks can be supported for the following reasons;

- The existing structure was previously approved by Council and is being utilised in the design of this proposal,
- There are minimal impacts from building bulk,
- Adequate sunlight and ventilation to the building and open spaces on site and adjoining properties,

- Minimal overlooking and loss of privacy on adjoining properties,

As stated previously this is a previously existing wall and the design utilises this wall. The western wall has no major openings and as a result maintains privacy between the subject and neighbouring property. The location of the wall does not limit access to sunlight as this property has large windows facing south that will allow light to enter and ventilation. This wall also faces onto the neighbouring strata property dwelling and the owners of this property have agreed to the proposed development. For this reason, the reduced lot boundary setback is supported.

Eastern Wall – Bed 4, Dresser, Master Suite

In accordance with the Residential Design Codes deemed to comply clause 5.1.3 C3.1 the eastern wall of the proposed dwelling (the wall of bed 4, dresser, master suite) that is 14.486m long and 6.9m high without major openings is required to be setback 2.1m from the boundary. The wall is located 1.3m from the boundary.

The reduced lot boundary setback can be supported for the following reasons;

- There are minimal impacts from building bulk,
- Adequate sunlight and ventilation to the building and open spaces on site and adjoining properties,
- Minimal overlooking and loss of privacy on adjoining properties.

The eastern wall has no major openings and as a result maintains privacy between the subject and neighbouring properties. The location of the wall does not limit access to sunlight as this property has large windows facing south that will allow light to enter and ventilation. This is considered a minor variation and as such can be supported.

Open Space

According to the Residential Design Codes deemed to comply clause 5.1.4 (and Table 1) the required minimum amount of open space is 50% for lots that have a density code of R20. In this case the lot has a density code of R12.5 but it has been subdivided in accordance with Local Planning Scheme No 3 clause 5.1.3 and development on the lot can be assessed in alignment with the requirements for lots with an R20 density coding. The proposed development has open space of 49%. This is considered a minor variation that can be supported. The proposed development achieves design principles 5.1.4 P4. The development has incorporated open space that provides access to natural sunlight, provides an attractive setting for the buildings, landscape, vegetation and streetscape, opportunities are provided for the residents to use the space external to the dwelling for outdoor pursuits and access within and around the site, and provides space for external fixtures and essential features.

The applicant has submitted a landscape plan which shows significant planting across the verge and at the rear of the property. Landscaping will be able to soften the design and reduce the impact of the building on the street.

Submissions from Advertising

A total of 5 submissions were received. Three submissions supported the proposed development while 2 were from the same submitter that opposed the development. Following discussions held with the proponent changes were made to the design to reduce the height and reduce overlooking. Obscure glazing was added to the rear window facing north on the third level. The cabana on the top storey was removed. Walls to 1.6m from the finished floor level of the roof terrace were included to increase visual privacy to the rear properties. Side boundary setbacks of 7.5m were added to the roof terrace to meet

the deemed to comply visual privacy requirements of the Residential Design Codes. These changes resulted in a design that is lower and will have fewer privacy impacts on the neighbouring properties. For further information see the submissions table.

The proposed development will help to deal with the issues attached to the current abandoned building site. Development will improve the current streetscape by completing the unfinished structures which are considered an eyesore and ensure that people will no longer be able to enter the abandoned building site illegally. All submitters expressed the view that they wanted development to be completed.

Conclusion

Although there are multiple variations proposed to the Residential Design Codes on balance it is considered that the amended proposal can be supported. Based on the assessment that has been completed for this development and the explanation provided in this report, the variations that have been proposed to the Residential Design Codes are considered acceptable. As such it is recommended that the proposed development be supported subject to development conditions.

- Mr Richard White (neighbour) mentioned some anomalies with regard to other submissions from a neighbour and spoke in support of the officer's recommendation.
- Mr Paul Arthur (neighbour) spoke in favour of the officer's recommendation.
- Mr and Mrs Dragicevich spoke in favour of the officer's recommendation.

13.1 OFFICER RECOMMENDATION/COMMITTEE RESOLUTION TP011121:

Moved Cr White, seconded Cr Mascaro

That development approval is granted and Council exercises its discretion regarding the following;

- (i) Clause 3.7.7.3 – Residential Design Guidelines – Front Street Setback – 7.25m (average) required, 4.5m provided**
- (ii) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback – Western wall – Dining - 1.1m required, 0.6m provided**
- (iii) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback – Western wall – Kitchen, Scullery – 1.1m required, 0m provided**
- (iv) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback – Eastern Wall – Living and Alfresco – 1m required, 0m provided**
- (v) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback – Western Wall – Bed 3, Bath, Study/Arts – 1.8m required, 1.7m provided**
- (vi) Clause 5.1.3 – Residential Design Codes - Lot Boundary Setbacks - Eastern Wall – Bed 4, Dresser, Master Suite – 2.1m required, 1.3m provided**
- (vii) Clause 5.1.4 – Residential Design Codes - Open Space – 50% required, 49% provided**

for a 4 storey dwelling at No. 56A (Lot 2) Pier Street, East Fremantle, in accordance with the plans date stamped received 11 October 2021, subject to the following conditions:

- (1) Obscure glazing and privacy screening are to be installed in accordance with the plans submitted 11 October 2021 and meet the Deemed to Comply requirements of clause 5.4.1 C1.2 including they shall be at least 1.6m in height from finished floor level, at least 75% obscure, permanently fixed, made of durable material and restrict view in the direction of overlooking into any adjoining properties.**
- (2) Temporary or permanent structures with permeable or non-permeable roof and walls are not to be installed on the roof terrace without the submission of a development application for the consideration of the Town.**

- (3) All air conditioning units are to be mounted at ground level and shrouded in acoustic insulation and shielding to reduce noise emissions.
- (4) The crossover widths are not to exceed the width of the crossovers indicated on the plans date stamped received 11 October 2021 and to be in accordance with Council's crossover policy, the Residential Design Guidelines and the Urban Streetscape and Public Realm Style Guide.
- (5) All fencing within the street setback area is to be in compliance with the front fence provisions of the Residential Design Guidelines. Any other proposed new fencing or walls in the front setback area will require the submission of a development application for the consideration of the Town.
- (6) Retaining walls more than 0.5m above natural ground level will require the submission of a development application for the consideration of the Town.
- (7) The works are to be constructed in conformity with the drawings and written information accompanying the application for development approval other than where varied in compliance with the conditions of this development approval or with Council's further approval.
- (8) The proposed works are not to be commenced until Council has received an application for a Building Permit and the Building Permit issued in compliance with the conditions of this development approval unless otherwise amended by Council.
- (9) Regarding the plans submitted with respect to the Building Permit application, changes are not to be made in respect of the plans which have received development approval, without those changes being specifically marked for Council's attention.
- (10) All stormwater is to be disposed of on site, an interceptor channel installed if required and a drainage plan be submitted to the satisfaction of the Chief Executive Officer in consultation with the Building Surveyor prior to the issue of a Building Permit.
- (11) If requested by Council within the first two years following installation, the roofing to be treated to reduce reflectivity. The treatment to be to the satisfaction of the Chief Executive Officer in consultation with relevant officers and all associated costs to be borne by the owner.
- (12) All introduced filling of earth to the lot or excavated cutting into the existing ground level of the lot, either temporary or permanent, shall be adequately controlled to prevent damage to structures on adjoining lots or in the case of fill, not be allowed to encroach beyond the lot boundaries. This shall be in the form of structurally adequate retaining walls and/or sloping of fill at the natural angle of repose and/or another method as approved by the Town of East Fremantle.
- (13) Where this development requires that any facility or service within a street verge (street trees, footpath, crossover, light pole, drainage point or similar) is to be removed, modified or relocated then such works must be approved by Council and if approved, the total cost to be borne by the applicant. Council must act reasonably and not refuse any reasonable proposal for the removal, modification or relocation of such facilities or services (including, without limitation any works associated with the proposal) which are required by another statutory or public authority.
- (14) This development approval is to remain valid for a period of 24 months from date of this approval.

Footnote:

The following are not conditions but notes of advice to the applicant/owner:

- (i) *this decision does not include acknowledgement or approval of any unauthorised development which may be on the site.*
- (ii) *a copy of the approved plans as stamped by Council are attached and the application for a Building Permit is to conform with the approved plans unless otherwise approved by Council.*

- (iii) *an application for a landscaping plan for the front verge is to be submitted to the Operations Department of the Town and plans are to be included with the application that meet the requirements of the Council.*
- (iv) *an application for a new crossover is required to be submitted to the Operations Department of the Town and plans are to be included with the application that meet the requirements of the Council's crossover policy, the Residential Design Guidelines and the Urban Streetscape and Public Realm Style Guide. Prepared by	James Bannerman Planning Officer
Supervised by	Andrew Malone, Executive Manager Regulatory Services
Meeting date	2 November 2021
Voting requirements	Simple Majority
Documents tabled	Nil
Attachments	<ol style="list-style-type: none"> 1. Location plan and advertising 2. Site photos 3. Plans date stamped 14 September & 11 October 2021 4. Community consultation checklist 5. Submission by owners (Late submission received 1 November 2021)

Purpose

The purpose of this report is for Council to consider a development application for a double storey dwelling at No 46 (Lot 10) Windsor Road, East Fremantle.

Executive Summary

This development application proposes a new double storey dwelling to be constructed on a vacant site. The previous dwelling was demolished. The original dwelling was not heritage listed. The dwelling design is comprised of a front verandah, front balcony, 4 bedrooms, 3 bathrooms, office, home theatre, television room, alfresco, cabana and swimming pool, as well as an underground cellar.

The applicant is seeking Council approval for the following variations to the Residential Design Codes and Residential Design Guidelines;

- (i) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback – Southern Wall – Garage – 1m required, 0m provided,
- (ii) Clause 5.3.7 – Residential Design Codes – Retaining Walls and Fill – Maximum height of 0.5m, greater than 0.5m for retaining and fill, and
- (iii) Clause 3.7.8.3 – Residential Design Guidelines – Roof Pitch – 28 to 36 degrees required – 25 degrees provided.

It is considered that the above variations can be supported subject to conditions of development approval being imposed.

Background

Zoning: R17.5

Site area: 911m²

Heritage: N/A

Previous Decisions of Council and/or History of an Issue or Site

Demolition permit issued for existing dwelling – 2021039 – issued 19 April 2021

Consultation

Advertising

The application was advertised to surrounding landowners from 8 September to 24 September 2021. One submission was received.

Submission	Applicant Response	Officer Response
Thanks for keeping us in the loop. We've no objection in principle. Obviously, this impacts our back fence, but we'll talk about this later nearer the time of build.	No written response received.	Noted. Dividing fences are a matter for discussion and negotiation with neighbouring property owners.

Community Design Advisory Committee (CDAC)

The application was referred to CDAC. The following comments were made by CDAC.

(a) The overall built form merits;

- Committee was not supportive of the proposal.
- Committee was concerned about the impact of the building on the northern neighbour. It was felt that the design would benefit from lowering the site levels to reduce the impact on the northern neighbours and the streetscape.
- There was considerable concern from Committee about the increased height of the building relative to surrounding properties and asked the question whether the building could be lowered and thereby improve the look of the dwelling from the street.
- Committee was concerned that the northern wall was a very large blank wall that lacked articulation.

(b) The quality of architectural design including its impact upon the heritage significance of the place and its relationship to adjoining development.

- Committee was very concerned about the lack of architectural merit to the design.
- Committee felt that the proposal did not compliment surrounding heritage properties.

(c) The relationship with and impact on the broader public realm and streetscape;

- Committee felt that the bulk and scale of development was excessive and not in keeping with the character of more traditional heritage properties in East Fremantle and the Richmond precinct.

(d) The impact on the character of the precinct, including its impact upon heritage structures, significant natural features and landmarks;

- Committee felt that the proposed design set an undesirable precedent for the Richmond precinct and development within East Fremantle.

(e) The extent to which the proposal is designed to be resource efficient, climatically appropriate, responsive to climate change and a contribution to environmental sustainability;

- Committee believed that the design had poor solar access and would have low energy efficiency.
- Committee expressed the view that the quality and merit of the architectural design was poor.

(f) The demonstration of other qualities of best practice urban design including "Crime Prevention" Through Environmental Design performance, protection of important view corridors and lively civic places;

- Committee believed that the design would provide good quality surveillance of the street from the front of the house.
- Committee emphasised that there was a need for the design to be lowered on the site to reduce the impact to surrounding properties and the streetscape.

Officer Response

CDAC's comments were provided to the applicant and owners and a meeting was held to discuss. The northern side boundary setback was increased to meet the deemed to comply requirements of the Residential Design Codes. The proponents were not prepared to lower the site levels. It was claimed that the neighbouring property on the northern side had been excavated to lower the building so this accentuated the height of the proposed development at the subject site. The proponents also did not want to create any drainage issues on their site and chose to keep as is to ensure that the site would not be subject to stormwater flooding.

Strategic Implications

The Town of East Fremantle Strategic Community Plan 2020 – 2030 states as follows:

Built Environment

Accessible, well planned built landscapes which are in balance with the Town's unique heritage and open spaces.

3.1 Facilitate sustainable growth with housing options to meet future community needs.

3.1.1 Advocate for a desirable planning and community outcome for all major strategic development sites.

3.1.2 Plan for a mix of inclusive diversified housing options.

3.1.3 Plan for improved streetscapes.

3.2 Maintaining and enhancing the Town's character.

3.2.1 Ensure appropriate planning policies to protect the Town's existing built form.

3.3 Plan and maintain the Town's assets to ensure they are accessible, inviting and well connected.

3.3.1 Continue to improve asset management within resource capabilities.

3.3.2 Plan and advocate for improved access and connectivity.

Natural Environment

Maintaining and enhancing our River foreshore and other green, open spaces with a focus on environmental sustainability and community amenity.

4.1 Conserve, maintain and enhance the Town's open spaces.

4.1.1 Partner with Stakeholders to actively protect, conserve and maintain the Swan River foreshore.

4.1.2 Plan for improved streetscapes parks and reserves.

4.1.3 Improve and protect the urban forest and tree canopy.

4.2 Enhance environmental values and sustainable natural resource use.

4.2.1 Reduce waste through sustainable waste management practices, including effective community and business education.

4.3 Acknowledge the change in our climate and understand the impact of those changes.

4.3.1 Improve systems and infrastructure standards to assist with mitigating climate change impacts.

Risk Implications

A risk assessment was undertaken and the risk to the Town was deemed to be negligible.

Site Inspection

A site inspection was undertaken.

CommentStatutory Assessment

The proposal has been assessed against the provisions of Local Planning Scheme No. 3 and the Town's Local Planning Policies including the Residential Design Guidelines, as well as the Residential Design Codes. A summary of the assessment is provided in the following tables.

3.7.15.3 Garages and Carports	A

This development application proposes a double storey dwelling to be constructed on a vacant site at No 46 (Lot 10) Windsor Road, East Fremantle. The previous dwelling has been demolished. The dwelling was not heritage listed. The design is comprised of a front verandah, front balcony, 4 bedrooms, 3 bathrooms, office, home theatre, television room, alfresco, and cabana adjacent to a swimming pool, as well as an underground cellar.

Two variations are requested to the requirements of the Residential Design Codes and one variation is requested to the Residential Design Guidelines in relation to lot boundary setbacks (in 1 location), roof pitch and site works.

Lot Boundary Setback – Southern Wall – Garage

The southern wall of the garage is a total of 8.99m long 2.909m high without major openings and adjacent to the boundary. In accordance with the Residential Design Codes deemed to comply clause 5.1.3 C3.1 the wall should be a minimum of 1m from the side boundary based on the zoning of the subject lot.

The reduced lot boundary setback can be supported in accordance with design principles 5.1.3 P3.2 for the following reasons;

- More effective use of space for the enhanced privacy for the occupants and the outdoor living areas,
- There is minimal impact from building bulk on the adjoining property,
- Adequate direct sunlight and ventilation to the building and open spaces on the subject site and the adjoining properties,
- Minimal overlooking or loss of privacy,
- Does not have an adverse impact on the amenity of the adjoining property,
- Direct sun to major openings to habitable rooms and outdoor living areas for adjoining properties is not restricted, and
- Positively contributes to the prevailing and future development context and streetscape as outlined in the local planning framework.

The garage wall adjacent to the boundary has no openings in the wall so privacy is maintained between properties. Adequate sunlight and ventilation still reaches the front and the rear of the garage and the adjoining property.

Site Works – Retaining Walls & Fill

In accordance with the Residential Design Codes deemed to comply clause 5.3.7 C7.2 the maximum height of retaining walls and fill within 1m of the boundary should be 0.5m. In this case the retaining walls along the southern boundary and parts of the northern and eastern boundary are up to 0.6m high and fill of approximately 0.56m is being added. These retaining walls will result in the dividing fence being up to 2.4m high when the height of the dividing fence is added to the height of the retaining wall.

The minor variation in the height of the retaining walls above the maximum height of 0.5m can be supported because all finished levels respect the natural ground level at the lot boundary of the site and as viewed from the street in accordance with design principles 5.3.7 P7.2.

Roof Pitch

The roof pitch of the proposed addition is 25 degrees. In accordance with the Residential Design Guidelines acceptable development provisions 3.7.8.3 A4.1 the roof pitch should be between 28 and 36 degrees. In this case although it is less than this, the roof form of the proposed dwelling complements the traditional form of surrounding development in the immediate locality. It is such that it does not create excessive roof bulk and minimises the level of overshadowing. For these reasons the reduced roof pitch can be supported.

General Comments

Following discussions held with the proponents of the development amendments were made to the design which narrowed the garage opening such that it was reduced to 30% of the lot width which made it compliant with acceptable development provisions 3.7.15.3.3 A2 of the Residential Design Guidelines. The setback of the northern wall of the building was also increased such that it met the required 2.1m setback that was required in accordance with the Residential Design Codes 5.1.3.

The comments made by CDAC were noted by the proponents at a meeting. The proponents were not prepared to lower the development on site as efforts have been made to minimise adjustments to site levels to ensure that the site did not suffer from any flooding issues brought on by being lower than the street. It was claimed that the northern neighbouring property had been built on a site that was lower than the street and over the recent wet winter had suffered from drainage issues. The fact that this

property was lower meant that the height of the proposed development on the subject site was accentuated. The proposed design at the subject site meet the deemed to comply requirements of clause 5.1.6 Table 3 Category B height requirements. The dwelling is not over the 10m maximum roof height.

Conclusion

Based on the assessment that has been completed for this development and the explanation provided in this report, the variations that have been proposed to the Residential Design Codes and the Residential Development Guidelines are considered acceptable. It is noted that all the proposed variations are relatively minor in nature and have few negative impacts on the neighbouring properties or the streetscape. As such it is recommended that the proposed development be supported subject to development conditions.

- Mr and Mrs Falso spoke in support of the officer's recommendation.

13.3 OFFICER RECOMMENDATION/COMMITTEE RESOLUTION TP021121

Moved Cr Nardi, seconded Cr Natale

That development approval is granted and Council exercises its discretion in regard to the following;

- (i) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback – Southern Wall – Garage – 1m required, 0m provided**
- (ii) Clause 5.3.7 – Residential Design Codes – Retaining Walls and Fill – Maximum height of 0.5m, greater than 0.5m for retaining and fill**
- (iii) Clause 3.7.8.3 – Residential Design Guidelines – Roof Pitch – 28 to 36 degrees – 25 degrees**

For a new double storey dwelling at No. 46 (Lot 10) Windsor Road, East Fremantle, in accordance with the plans date stamped received 14 September and 11 October 2021, subject to the following conditions:

- (1) The crossover widths are not to exceed the width of the crossovers indicated on the plans date stamped received 14 September & 11 October 2021 and to be in accordance with Council's crossover policy, the Residential Design Guidelines and the Urban Streetscape and Public Realm Style Guide.**
- (2) All front fencing is to be in compliance with the front fence provisions of the Residential Design Guidelines including visual permeability of 60% above a height of 1.2m from ground level.**
- (3) The proposed works are not to be commenced until written approval has been received from the Water Corporation regarding works in proximity to the sewer line.**
- (4) The works are to be constructed in conformity with the drawings and written information accompanying the application for development approval other than where varied in compliance with the conditions of this development approval or with Council's further approval.**
- (5) The proposed works are not to be commenced until Council has received an application for a Building Permit and the Building Permit issued in compliance with the conditions of this development approval unless otherwise amended by Council.**
- (6) Regarding the plans submitted with respect to the Building Permit application, changes are not to be made in respect of the plans which have received development approval, without those changes being specifically marked for Council's attention.**
- (7) All stormwater is to be disposed of on site, an interceptor channel installed if required and a drainage plan be submitted to the satisfaction of the Chief Executive Officer in consultation with the Building Surveyor prior to the issue of a Building Permit.**

- (8) If requested by Council within the first two years following installation, the roofing to be treated to reduce reflectivity. The treatment is to be to the satisfaction of the Chief Executive Officer in consultation with relevant officers and all associated costs to be borne by the owner.
- (9) All introduced filling of earth to the lot or excavated cutting into the existing ground level of the lot, either temporary or permanent, shall be adequately controlled to prevent damage to structures on adjoining lots or in the case of fill, not be allowed to encroach beyond the lot boundaries. This shall be in the form of structurally adequate retaining walls and/or sloping of fill at the natural angle of repose and/or another method as approved by the Town of East Fremantle.
- (10) Where this development requires that any facility or service within a street verge (street trees, footpath, crossover, light pole, drainage point or similar) is to be removed, modified, or relocated then such works must be approved by Council and if approved, the total cost to be borne by the applicant. Council must act reasonably and not refuse any reasonable proposal for the removal, modification or relocation of such facilities or services (including, without limitation any works associated with the proposal) which are required by another statutory or public authority.
- (11) This development approval is to remain valid for a period of 24 months from date of this approval.

Footnote:

The following are not conditions but notes of advice to the applicant/owner:

- (i) *this decision does not include acknowledgement or approval of any unauthorised development which may be on the site.*
- (ii) *a copy of the approved plans as stamped by Council are attached and the application for a Building Permit is to conform with the approved plans unless otherwise approved by Council.*
- (iii) *an application for a new crossover is required to be submitted to the Operations Department of the Town and plans are to be included with the application that meet the requirements of the Council's crossover policy, the Residential Design Guidelines and the Urban Streetscape and Public Realm Style Guide. Purpose

The purpose of this report is for Council to consider a development application for a proposed garage door and shed at No 76 (Lot 315) Oakover Street, East Fremantle.

Executive Summary

This development application proposes the addition of a garage door to a carport and the construction of a new shed at the rear of the existing dwelling. The existing dwelling is a Category B heritage property and the proposed development has minimal impacts on the main dwelling or neighbouring properties.

The applicant is seeking Council approval for the following variation to the Residential Design Guidelines;

- (i) Clause 3.7.8.3 – Residential Design Guidelines – Roof Pitch – 28 to 36 degrees required , less than 28 degrees provided

It is considered that the above variation can be supported subject to conditions of development approval being imposed.

This development application proposes the addition of a garage door to a carport and the construction of a new outbuilding (shed) at the rear of the existing dwelling. The existing dwelling is a Category B heritage property and the proposed development has minimal impacts on the main heritage dwelling. The garage door is enclosing an existing carport and the new shed is separate from the existing dwelling. One variation is requested to the requirements of the Residential Design Guidelines in relation to roof pitch.

It is noted that the enclosure of the carport with a garage door does not have any significant impact on the existing heritage dwelling or the streetscape. There are many similar dwellings in the surrounding area that have also enclosed their carports and utilised garage doors. The existing carport is 5.6m from the front building line and as such is well above the minimum setback of 1.2m for carports and garages in the Woodside precinct. As it is a single car width opening the change does not dominate the dwelling and is therefore recommended for support. There is no other change to the heritage dwelling.

It is noted that there has been one submission in relation to the proposed works and reference to the dividing fence. As stated in the submissions table dividing fences are dealt with under the Dividing Fences Act and are matters to be dealt with by the neighbouring property owners.

Roof Pitch

The roof pitch of structures within the Woodside precinct are supposed to be between 28 and 36 degrees in accordance with acceptable development clause 3.7.8.3 A4.1 in the Town's Residential Design Guidelines. In this case the roof pitch is less than 28 degrees (approximately 5 degrees). This reduced roof pitch can be supported because the new building and its pitch complements surrounding development in the immediate locality. As it is in the rear yard it does not have an impact on the streetscape and its

separation from the main dwelling means that it does not affect the heritage characteristics of the existing dwelling.

Conclusion

Based on the assessment that has been completed for this development and the explanation provided in this report, the variation that has been proposed to the Residential Development Guidelines are considered acceptable. As such it is recommended that the proposed development be supported subject to development conditions.

13.2 OFFICER RECOMMENDATION/COMMITTEE RESOLUTION TP031121

Moved Cr White, seconded Cr Nardi

That development approval is granted and Council exercises its discretion in regard to the following;

- (i) Clause 3.7.8.3 – Residential Design Guidelines – Roof Pitch – 28 to 36 degrees required, less than 28 degrees provided**

for a proposed garage door and outbuilding at No. 76 (Lot 315) Oakover Street, East Fremantle, in accordance with the plans date stamped received 7 September 2021, subject to the following conditions:

- (1) Written approval is to be granted from the Water Corporation in relation to development in proximity to drainage and/or sewerage infrastructure for any proposed works prior to the submission of a building permit application. This approval is to be submitted with the building permit application.**
- (2) The works are to be constructed in conformity with the drawings and written information accompanying the application for development approval other than where varied in compliance with the conditions of this development approval or with Council's further approval.**
- (3) The proposed works are not to be commenced until Council has received an application for a Building Permit and the Building Permit issued in compliance with the conditions of this development approval unless otherwise amended by Council.**
- (4) Regarding the plans submitted with respect to the Building Permit application, changes are not to be made in respect of the plans which have received development approval, without those changes being specifically marked for Council's attention.**
- (5) All stormwater is to be disposed of on site, an interceptor channel installed if required and a drainage plan be submitted to the satisfaction of the Chief Executive Officer in consultation with the Building Surveyor prior to the issue of a Building Permit.**
- (6) If requested by Council within the first two years following installation, the roofing to be treated to reduce reflectivity. The treatment is to be to the satisfaction of the Chief Executive Officer in consultation with relevant officers and all associated costs to be borne by the owner.**
- (7) All introduced filling of earth to the lot or excavated cutting into the existing ground level of the lot, either temporary or permanent, shall be adequately controlled to prevent damage to structures on adjoining lots or in the case of fill, not be allowed to encroach beyond the lot boundaries. This shall be in the form of structurally adequate retaining walls and/or sloping of fill at the natural angle of repose and/or another method as approved by the Town of East Fremantle.**
- (8) Where this development requires that any facility or service within a street verge (street trees, footpath, crossover, light pole, drainage point or similar) is to be removed, modified or relocated then such works must be approved by Council and if approved, the total cost**

to be borne by the applicant. Council must act reasonably and not refuse any reasonable proposal for the removal, modification or relocation of such facilities or services (including, without limitation any works associated with the proposal) which are required by another statutory or public authority.

- (9) This development approval is to remain valid for a period of 24 months from date of this approval.

Footnote:

The following are not conditions but notes of advice to the applicant/owner:

- (i) this decision does not include acknowledgement or approval of any unauthorised development which may be on the site.***
- (ii) a copy of the approved plans as stamped by Council are attached and the application for a Building Permit is to conform with the approved plans unless otherwise approved by Council.***
- (iii) it is recommended that the applicant provides a Structural Engineer's dilapidation report, at the applicant's expense, specifying which structures on adjoining sites may be adversely affected by the works and providing a record of the existing condition of the structures. Two copies of each dilapidation report should be lodged with Council and one copy should be given to the owner of any affected property.***
- (iv) all noise levels produced by the construction of the development are to comply with the provisions of the Environmental Protection (Noise) Regulations 1997 (as amended).***
- (v) matters relating to dividing fences are subject to the Dividing Fences Act 1961.***

(CARRIED UNANIMOUSLY)

Note: As 4 Committee members voted in favour of the Reporting Officer's recommendation, pursuant to Council's decision regarding delegated decision making made on 20 April 2021, this application is deemed determined, on behalf of Council, under delegated authority.

13.4 Hubble Street No 88 (Lot 283) Proposed alterations and additions

Purpose

The purpose of this report is for Council to consider a development application for proposed alterations and additions at No 88 (Lot 283) Hubble Street, East Fremantle.

Executive Summary

This development application proposes alterations and additions to a Category B heritage dwelling at 88 Hubble Street, East Fremantle. It is proposed to demolish the existing living areas as well as a shed at the rear of the lot both of which were added later than the original heritage building. The front 4 rooms of the heritage dwelling and all the features that characterise this dwelling including the brick and limestone walls, side double hung windows and corrugated roof are proposed to be retained. Five variations are requested to the requirements of the Residential Design Codes and the Residential Design Guidelines relating to lot boundary setbacks (3 locations), roof pitch, and overshadowing.

The applicant is seeking Council approval for the following variation to the Residential Design Codes and Residential Design Guidelines;

- (i) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback - Lot Boundary Setback - Ground Floor – East Wall – Games Room – 1m required, 0.055m provided
- (ii) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback - Ground floor – South Wall – Games Room, Alfresco, Living – 1.5m required, 1.096m provided
- (iii) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback - Ground floor – South Wall – Dining, Kitchen, Appliance – 1.5m required, 1.205m provided
- (iv) Clause 3.7.8.3 – Residential Design Guidelines – Roof Pitch – 28 to 36 degrees required, less than 28 degrees provided
- (v) Clause 5.4.2 – Residential Design Codes – Overshadowing – Maximum 25% required, 32% provided

It is considered that the above variation can be supported subject to conditions of development approval being imposed.

Background

Zoning: Residential R20

Site area: 508m²

Heritage: Category B

Previous Decisions of Council and/or History of an Issue or Site

P88/19 – development approval granted for verandah, balustrading and front fence – 25 October 2019

P138/15 – development approval granted for a pergola – 14 December 2015

P171/10 – development approval granted for a patio – 30 November 2010

P61/09 – development approval granted for a shed – 8 May 2009

ConsultationAdvertising

The application was advertised to surrounding landowners from 16 September to 4 October 2021. No submissions were received.

Community Design Advisory Committee (CDAC)

The application was referred to CDAC. The following comments were made by CDAC.

(a) The overall built form merits;

- Committee notes that there are some merits to the design, however, there are a few issues that must be addressed in relation to overshadowing, site coverage and proximity of the building to 2 boundaries.
- Committee was very concerned about the level of overshadowing to the southern neighbouring property and felt that this should be reduced. It was suggested that the current location of the upper storey should be relocated to the north to reduce the impact on the southern neighbouring property. The high level of overshadowing was considered unacceptable.
- Committee was very concerned about the proximity of the rear games room to the rear boundary given that the property already has a wall along the southern boundary that is of considerable length.
- Committee felt that there should be greater articulation in the walls of the southern elevation particularly of the upper storey.

(b) The quality of architectural design including its impact upon the heritage significance of the place and its relationship to adjoining development.

- Committee welcomed the break in the building between the heritage front and the new rear extension and liked the garden to the north of the transition area.

(c) The relationship with and impact on the broader public realm and streetscape;

- Committee felt that more work needed to be done on the western elevation of the rear addition that can be seen from the street. (See comment below)

(d) The impact on the character of the precinct, including its impact upon heritage structures, significant natural features and landmarks;

- Committee felt that there were too many competing angles and too many materials being used across the whole design and some finessing of the design was required. There was concern that the western elevation of the upper storey addition did not work well with the existing heritage dwelling at the front and was not considered aesthetically pleasing.

(e) The extent to which the proposal is designed to be resource efficient, climatically appropriate, responsive to climate change and a contribution to environmental sustainability;

- Committee welcomed the use of recycled bricks.
- Committee was concerned about the size of the dwelling and whether such a large building was necessary in terms of sustainability.

- Committee was concerned about the impact of the design on neighbouring properties and their residents.

(f) *The demonstration of other qualities of best practice urban design including “Crime Prevention Through Environmental Design” performance, protection of important view corridors and lively civic places;*

- Committee believed the design needed refinement to respond to the previous comments and looked forward to a review of the design to reduce the highlighted issues.

Applicant Response

(a) We have redesigned the upper floor to and located it further to the north to reduce the overshadowing on the southern property. The shadow has been reduced 30m² from the previous proposal. The design proposes only 26m² additional overshadowing to what is currently on site (refer shading diagrams on page A05).

The existing house and 1.8m boundary fence currently cast a shadow of 140m² (28%). This makes any additions unable to comply with the deemed to comply provisions of the R-codes. The additions satisfy the design principals of 5.4.2 P2.2 by not shading major openings of habitable rooms and solar collectors. The additional shadow proposed is limited to garden area that is currently already shaded by mature trees.

The siting of the proposed additions has been done to best capture northern light to living areas and passively warm the home in winter. This outcome is only practical if the impact on the neighbour's is minimised. As such, with our amended proposal, if the same design was replicated on the southern property, no overshadowing from the proposed additions would fall over openings to habitable rooms or the alfresco.

The ground floor walls have been adjusted so that there are separations of 4m. The south facing ground floor walls are now compliant with Table 1 of the R-codes. Refer to E04 on page A10 for diagrams demonstrating the calculation of wall height to be less than 3.5m.

The eastern boundary wall is compliant with 5.1.3 C3.2 of the R-codes.

The site coverage is compliant with 5.1.4 C4 of the R-codes.

(c) See comments below.

(d) The angles of the proposed are a design solution to provide views of the garden and pool area and avoid outlooks to the neighbouring apartments and alfresco/games roof.

We have taken CDAC's comments regarding the angles on board. In redesigning the upper floor to resolve the issue of overshadowing we have taken the opportunity to refine the angles to appear more subtle when viewed from the streetscape. The angled walls of the master suite form an important part of the design.

The Town's Residential Design Guidelines section 3.7.2.2, part iv. states “Additions and alterations should visually contrast to a contributory dwelling. Differentiation may be major or subtle”. It is not the intention of the additions to mimic the heritage character rather complement the existing through similar materiality within contrasting forms. All the materials proposed on the addition give reference

to the materials of the existing heritage dwelling although used in a different application; custom orb cladding used on the walls of the additions references the zincalume roof sheeting, for example.

- (e) Our clients have lived in the house for many years before deciding to undertake this additions project. They have a very clear understanding that the current size of the house is inadequate for their immediate family members, lifestyle (entertaining in small to medium groups), working from home and regular oversees family and friends that stay for long periods at a time.

The additions propose a reworking of the living area, bath and laundry and the addition of a games room and modest upper floor of a study and master suite. The proposed additions represent an opportunity for a growing family to age in place for many years. None of the spaces are oversized and have been designed to orientate to north and provide generous connection to garden spaces.

- (f) No comment

Officer Comment

Discussions were held with the applicant regarding the recommendations of CDAC. Significant amendments were made to the design to moderate elements of the design that were seen to be an issue by CDAC and in turn to reduce the number of proposed variations to the Residential Design Codes and the Residential Design Guidelines.

Strategic Implications

The Town of East Fremantle Strategic Community Plan 2020 – 2030 states as follows:

Built Environment

Accessible, well planned built landscapes which are in balance with the Town's unique heritage and open spaces.

3.1 Facilitate sustainable growth with housing options to meet future community needs.

3.1.1 Advocate for a desirable planning and community outcome for all major strategic development sites.

3.1.2 Plan for a mix of inclusive diversified housing options.

3.1.3 Plan for improved streetscapes.

3.2 Maintaining and enhancing the Town's character.

3.2.1 Ensure appropriate planning policies to protect the Town's existing built form.

3.3 Plan and maintain the Town's assets to ensure they are accessible, inviting and well connected.

3.3.1 Continue to improve asset management within resource capabilities.

3.3.2 Plan and advocate for improved access and connectivity.

Natural Environment

Maintaining and enhancing our River foreshore and other green, open spaces with a focus on environmental sustainability and community amenity.

4.1 Conserve, maintain and enhance the Town's open spaces.

4.1.1 Partner with Stakeholders to actively protect, conserve and maintain the Swan River foreshore.

4.1.2 Plan for improved streetscapes parks and reserves.

4.1.3 Improve and protect the urban forest and tree canopy.

4.2 Enhance environmental values and sustainable natural resource use.

4.2.1 Reduce waste through sustainable waste management practices, including effective community and business education.

4.3 Acknowledge the change in our climate and understand the impact of those changes.

4.3.1 Improve systems and infrastructure standards to assist with mitigating climate change impacts.

Risk Implications

A risk assessment was undertaken and the risk to the Town was deemed to be negligible.

Site Inspection

A site inspection was undertaken.

3.7.16.3 Garages and Carports	N/A
3.7.16.4.3 Fremantle Port Buffer Area	Area 2

This development application proposes alterations and additions to a Category B heritage dwelling at 88 Hubble Street, East Fremantle. It is proposed to demolish the existing rear of the property as well as the old shed at the rear of the lot that were both added later than the original heritage building. The front 4 rooms of the heritage dwelling and all the features that characterise this dwelling including the solid brick and limestone walls, narrow side double hung windows and corrugated roof are proposed to be retained.

Five variations are requested to the requirements of the Residential Design Codes and the Residential Design Guidelines relating to lot boundary setbacks (3 locations), roof pitch, and overshadowing.

Lot Boundary Setback - Ground Floor – East Wall – Games Room

The eastern wall of the games room is 5.64m long and approximately 3.493m high with no major openings in the wall. The wall is required to be 1m from the rear boundary in accordance with the Residential Design

Codes deemed to comply clause 5.1.3 C3.1, but in this case the wall is setback 0.055m from the boundary, which is considered to be located on the boundary for assessment purposes.

The reduced lot boundary setback can be supported based on design principles 5.1.3 P3.2 for the following reasons;

- It makes more effective use of space on a constrained site and enables enhanced privacy for the occupants and the outdoor living areas,
- There are minimal impacts from building bulk on adjoining properties,
- There is minimal impact on sunlight and ventilation to the building, open spaces on site and adjoining properties,
- Overlooking and resultant loss of privacy to adjoining properties is minimised,
- It does not have an adverse impact on the amenity of the adjoining property,
- Direct sun to major openings to habitable rooms and outdoor living areas for adjoining properties is not restricted, and
- Positively contributes to the prevailing and future development context and streetscape as outlined in the local planning framework.

Building bulk near the boundary is minimised and sunlight and ventilation can still be provided to the building and open spaces of the subject building and adjacent property. Overlooking and loss of privacy is minimised because of the wall is solid without openings. The games room acts as a privacy barrier for the alfresco area to the eastern neighbouring property. As the proposed development is concentrated to the rear of the heritage dwelling which is retained there are minimal impacts on the streetscape and the proposed development makes a positive contribution to prevailing and future development in the area and to the streetscape.

Lot Boundary Setback - Ground floor – South Wall – Games Room, Alfresco, Living

The southern wall of the games room, alfresco and living on the ground floor of the subject dwelling is 15.25m long and approximately 3.05m high without major openings in the wall. The wall is required to be 1.5m from the side boundary in accordance with Residential Design Codes deemed to comply clause 5.1.3 C3.1, but in this case the wall is calculated as being 1.096m from the boundary. It is noted that the additions have the following lot boundary setbacks; 1.096m for the games room, 1.696m for the alfresco, and 1.396m for the living room.

The reduced lot boundary setback can be supported in accordance with design principles 5.1.3 P3.1 for the following reasons;

- There are minimal impacts from building bulk on adjoining properties and the variations are to the single storey elements of the proposal,
- There is minimal impact on sunlight and ventilation to the building, open spaces on site and adjoining properties,
- Overlooking and resultant loss of privacy to adjoining properties is minimised,

The reduced setback is not unreasonable for this section of the development. Building bulk is minimised and sunlight and ventilation can still be provided to the building and open spaces of the subject building and adjacent property. Overlooking and loss of privacy is minimised because of the floor level is less than 0.5m above natural ground level. As the proposed development is concentrated to the rear of the heritage dwelling and the heritage property is retained there are minimal impacts on the streetscape.

Lot Boundary Setback - Ground floor – South Wall – Dining Room, Kitchen and Appliance

The southern wall of the games room, alfresco and living on the ground floor of the subject dwelling is 8.255m long and approximately 3.25m high with major openings in the wall. The wall is required to be 1.5m from the side boundary in accordance with Residential Design Codes deemed to comply clause 5.1.3 C3.1, but in this case the wall is calculated as being 1.205m from the boundary. This minor variation of 0.295m is considered acceptable. It is noted that the new additions have lot boundary setbacks of 1.905m for the dining room and 1.205m for the kitchen and appliance room.

The reduced lot boundary setback can be supported in accordance with design principles 5.1.3 P3.1 for the following reasons;

- There are minimal impacts from building bulk on adjoining properties,
- There is minimal impact on sunlight and ventilation to the building, open spaces on site and adjoining properties,
- Overlooking and resultant loss of privacy to adjoining properties is minimised,

The reduced setback is not unreasonable for this section of the new addition. Building bulk is minimised and sunlight and ventilation can still be provided to the building and open spaces of the subject building and adjacent property. Overlooking and loss of privacy is minimised because of the floor level being limited to below 0.5m above natural ground level. As the proposed development is concentrated to the rear of the heritage dwelling and the heritage property is retained there are minimal impacts on the streetscape.

Roof Pitch

The roof pitch of the proposed addition is of a very low pitch and well below 28 degrees at 2 degrees. The roof is hidden behind the box like structure of the second storey of the proposed development. In accordance with the Residential Design Guidelines acceptable development provisions 3.7.8.3 A4.1 the roof pitch should be between 28 and 36 degrees. In this case it is significantly less than this and the roof form of the addition complements the traditional form of surrounding development in the immediate locality. It does not create excessive roof bulk. As it is at the rear of the existing heritage dwelling it minimises what can be seen from the street front. For these reasons the reduced roof pitch can be supported.

Overshadowing

The Residential Design Codes deemed to comply clause 5.4.2 C2.1 requires that overshadowing does not exceed 25%. In this case the overshadowing is approximately 32% (165m²). The proposed development achieves design principles 5.4.2 P2.1 in that the proposed development attempts to maintain effective solar access. For this reason, the increased overshadowing can be supported. It is recognised that there are sections of the Plympton precinct where it is difficult to limit overshadowing due to the narrow, long lots that are the predominant lot design within the suburb. In this case the existing dwelling already had an overshadowing level above 25% of the southern neighbouring lot at 27% (140m²) and changes to the design have attempted to reduce the impact such that overshadowing is adjacent to a mature tree that is located in the rear yard of the southern neighbouring property. There are still substantial areas of the rear yard of the neighbouring property that are without overshadowing. It should also be noted that the neighbouring property owners have not objected to the proposal and the dividing fence between the properties creates overshadowing equal to approximately 20% (101m²) of the site area (shadow from fence x lot length = 2.7m x 37.48m).

Other Considerations

A condition has been imposed requiring that the applicant/owner seeks the written approval of the Water Corporation prior to commencing building works to verify the location of the sewer line and ensure that no development will adversely impact on the sewer connection to the subject property.

The applicant and owners are to be commended for their proactive stance in responding to the comments provided by CDAC. The applicant discussed contentious matters with the Town and amended the plans to reduce the number and size of the proposed variations to the design, as well as moderate elements of the design that CDAC was concerned about. These amendments have had a positive impact on the proposal and for this reason on balance the proposed design can be supported.

The proposal was advertised to the neighbouring property owners and no submissions were received in relation to the proposed development.

Conclusion

Based on the assessment that has been completed for this development and the explanation provided in this report, the variations that have been proposed to the Residential Design Codes and the Residential Development Guidelines are considered acceptable. As such it is recommended that the proposed development be supported subject to development conditions.

13.4 OFFICER RECOMMENDATION/COMMITTEE RESOLUTION TP041121

Moved Mayor O'Neill, seconded Cr White

That development approval is granted and Council exercises its discretion in regard to the following;

- (i) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback - Lot Boundary Setback - Ground Floor – East Wall – Games Room – 1m required, 0.055m provided**
- (ii) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback - Ground floor – South Wall – Games Room, Alfresco, Living – 1.5m required, 1.096m provided**
- (iii) Clause 5.1.3 – Residential Design Codes – Lot Boundary Setback - Ground floor – South Wall – Dining, Kitchen, Appliance – 1.5m required, 1.205m provided**
- (iv) Clause 3.7.8.3 – Residential Design Guidelines – Roof Pitch – 28 to 36 degrees required, less than 28 degrees provided**
- (v) Clause 5.4.2 – Residential Design Codes – Overshadowing – Maximum 25% required, 32% provided**

for alterations and additions at No. 88 (Lot 283) Hubble Street, East Fremantle, in accordance with the plans date stamped received 18 October 2021, subject to the following conditions:

- (1) The works are not to be commenced until written approval has been received from the Water Corporation in regard to works in proximity to the rear sewerage connection.**
- (2) The works are to be constructed in conformity with the drawings and written information accompanying the application for development approval other than where varied in compliance with the conditions of this development approval or with Council's further approval.**
- (3) The proposed works are not to be commenced until Council has received an application for a Building Permit and the Building Permit issued in compliance with the conditions of this development approval unless otherwise amended by Council.**
- (4) Regarding the plans submitted with respect to the Building Permit application, changes are not to be made in respect of the plans which have received development approval, without those changes being specifically marked for Council's attention.**

- (5) All stormwater is to be disposed of on site, an interceptor channel installed if required and a drainage plan be submitted to the satisfaction of the Chief Executive Officer in consultation with the Building Surveyor prior to the issue of a Building Permit.
- (6) If requested by Council within the first two years following installation, the roofing to be treated to reduce reflectivity. The treatment to be to the satisfaction of the Chief Executive Officer in consultation with relevant officers and all associated costs to be borne by the owner.
- (7) All introduced filling of earth to the lot or excavated cutting into the existing ground level of the lot, either temporary or permanent, shall be adequately controlled to prevent damage to structures on adjoining lots or in the case of fill, not be allowed to encroach beyond the lot boundaries. This shall be in the form of structurally adequate retaining walls and/or sloping of fill at the natural angle of repose and/or another method as approved by the Town of East Fremantle.
- (8) Where this development requires that any facility or service within a street verge (street trees, footpath, crossover, light pole, drainage point or similar) is to be removed, modified or relocated then such works must be approved by Council and if approved, the total cost to be borne by the applicant. Council must act reasonably and not refuse any reasonable proposal for the removal, modification or relocation of such facilities or services (including, without limitation any works associated with the proposal) which are required by another statutory or public authority.
- (9) This development approval is to remain valid for a period of 24 months from date of this approval.

Footnote:

The following are not conditions but notes of advice to the applicant/owner:

- (i) *this decision does not include acknowledgement or approval of any unauthorised development which may be on the site.*
- (ii) *a copy of the approved plans as stamped by Council are attached and the application for a Building Permit is to conform with the approved plans unless otherwise approved by Council.*
- (iii) *it is recommended that the applicant provides a Structural Engineer's dilapidation report, at the applicant's expense, specifying which structures on adjoining sites may be adversely affected by the works and providing a record of the existing condition of the structures. Two copies of each dilapidation report should be lodged with Council and one copy should be given to the owner of any affected property.*
- (iv) *all noise levels produced by the construction of the development are to comply with the provisions of the Environmental Protection (Noise) Regulations 1997 (as amended).*
- (v) *matters relating to dividing fences are subject to the Dividing Fences Act 1961.*

(CARRIED UNANIMOUSLY)

Note: As 4 Committee members voted in favour of the Reporting Officer's recommendation, pursuant to Council's decision regarding delegated decision making made on 20 April 2021, this application is deemed determined, on behalf of Council, under delegated authority.

TOWN OF
EAST FREMANTLE

Minutes of a Community Design Advisory Committee Meeting, held at East Fremantle Town Hall, on Monday 4 October 2021 commencing at 6.35pm, closed at 7.53pm.

1. **OPENING OF MEETING**

Cr Collinson welcomed the Committee members.

Cr Collinson made the following acknowledgement:

"On behalf of the Council I would like to acknowledge the Whadjuk Nyoongar people as the traditional custodians of the land on which this meeting is taking place and pay respects to the elders past and present."

2. **PRESENT**

Cr Cliff Collinson	Chair/ Elected Member
Mr David Tucker	
Mr Don Whittington	
Mr Michael Norris	
Mr Clinton Matthews	
Mr David Bennett	
Dr Jonathan Dalitz	
Mr James Bannerman	Planning Officer

3. **APOLOGIES**

Ms Alex Wilson	
Mr Andrew Malone	Executive Manager Regulatory Services

4. **LEAVE OF ABSENCE**

Nil

5. **DECLARATIONS OF INTEREST**

Nil

6. **CONFIRMATION OF MINUTES**

Moved David Tucker, seconded Jonathan Dalitz

Minutes of the Community Design Advisory Committee meeting held on 6 July 2021 were confirmed.

CARRIED UNANIMOUSLY

Moved David Tucker, seconded Jonathan Dalitz

Minutes of the Community Design Advisory Committee meeting held on 6 September 2021 were confirmed.

CARRIED UNANIMOUSLY

7. **PRESENTATION**

Nil.

MINUTES OF COMMUNITY DESIGN
ADVISORY COMMITTEE MEETING
MONDAY 4 OCTOBER 2021

8. BUSINESS

8.1 46 Windsor Road

(Application P72/21 – 3 September 2021)

Proposed new two storey dwelling

(a) The overall built form merits;

- Committee was not supportive of the proposal.
- Committee was concerned about the impact of the building on the northern neighbour. It was felt that the design would benefit from lowering the site levels to reduce the impact on the northern neighbours and the streetscape.
- There was considerable concern from Committee about the increased height of the building relative to surrounding properties and asked the question whether the building could be lowered and thereby improve the look of the dwelling from the street.
- Committee was concerned that the northern wall was a very large blank wall that lacked articulation.

(b) The quality of architectural design including its impact upon the heritage significance of the place and its relationship to adjoining development.

- Committee was very concerned about the lack of architectural merit to the design.
- Committee felt that the proposal did not compliment surrounding heritage properties.

(c) The relationship with and impact on the broader public realm and streetscape;

- Committee felt that the bulk and scale of development was excessive and not in keeping with the character of more traditional heritage properties in East Fremantle and the Richmond precinct.

(d) The impact on the character of the precinct, including its impact upon heritage structures, significant natural features and landmarks;

- Committee felt that the proposed design set an undesirable precedent for the Richmond precinct and development within East Fremantle.

(e) The extent to which the proposal is designed to be resource efficient, climatically appropriate, responsive to climate change and a contribution to environmental sustainability;

- Committee believed that the design had poor solar access and would have low energy efficiency.
- Committee expressed the view that the quality and merit of the architectural design was poor.

(f) The demonstration of other qualities of best practice urban design including “Crime Prevention” Through Environmental Design performance, protection of important view corridors and lively civic places;

- Committee believed that the design would provide good quality surveillance of the street from the front of the house.
- Committee emphasised that there was a need for the design to be lowered on the site to reduce the impact to surrounding properties and the streetscape.

8.2 65 Sewell Street

(Application P77/21 -16 September 2021)

Proposed new single storey dwelling

(a) The overall built form merits;

**MINUTES OF COMMUNITY DESIGN
ADVISORY COMMITTEE MEETING
MONDAY 4 OCTOBER 2021**

- Committee were critical of the adoption of a faux heritage design.
 - Committee would like to see a montage of the streetscape to see the relationship between the proposed dwelling and the neighbouring properties.
 - Committee was very concerned that the proposed design utilised turned verandah posts and a bullnose verandah that clearly copied elements of surrounding heritage properties. This is not consistent with the Burra Charter.
 - The Committee would prefer a more contemporary design.
- (b) *The quality of architectural design including its impact upon the heritage significance of the place and its relationship to adjoining development.*
- Committee emphasised that the Burra Charter specifically references the idea that heritage should not be replicated in modern design. The replication of heritage is not supported.
- (c) *The relationship with and impact on the broader public realm and streetscape;*
- Committee is concerned about the undesirable precedent being set by this design.
- (d) *The impact on the character of the precinct, including its impact upon heritage structures, significant natural features and landmarks;*
- Committee reinforced its view that the Burra Charter emphasised that heritage replication should not be encouraged, and new contemporary design should be promoted.
- (e) *The extent to which the proposal is designed to be resource efficient, climatically appropriate, responsive to climate change and a contribution to environmental sustainability;*
- Committee was concerned about the lack of natural light being able to reach the interior of the dwelling because of the use of a long narrow corridor down the middle of the design.
 - Committee felt that the living areas at the rear did utilise the northern sunlight.
 - Committee was concerned about the lack of cross ventilation through the house. It was noted that windows in the south were too small, and the design would benefit from another opening in the southwest of the design to allow for passive cooling of the dwelling from the summer sea breeze.
- (f) *The demonstration of other qualities of best practice urban design including “Crime Prevention” Through Environmental Design performance, protection of important view corridors and lively civic places;*
- Committee felt that the design did not allow for passive surveillance and connection to the street by the living areas at the rear of the dwelling.
 - Committee believed that the dwelling would benefit from having greater access to northern light at the front of the home.

8.3

88 Hubble Street

(Application P73/21 – 7 September 2021)

Proposed alterations and additions

(a) The overall built form merits;

- Committee notes that there are some merits to the design, however, there are a few issues that must be addressed in relation to overshadowing, site coverage and proximity of the building to 2 boundaries.
- Committee was very concerned about the level of overshadowing to the southern neighbouring property and felt that this should be reduced. It was suggested that

**MINUTES OF COMMUNITY DESIGN
ADVISORY COMMITTEE MEETING
MONDAY 4 OCTOBER 2021**

the current location of the upper storey should be relocated to the north to reduce the impact on the southern neighbouring property. The high level of overshadowing was considered unacceptable.

- Committee was very concerned about the proximity of the rear games room to the rear boundary given that the property already has a wall along the southern boundary that is of considerable length.
- Committee felt that there should be greater articulation in the walls of the southern elevation particularly of the upper storey.

(b) The quality of architectural design including its impact upon the heritage significance of the place and its relationship to adjoining development.

- Committee welcomed the break in the building between the heritage front and the new rear extension and liked the garden to the north of the transition area.

(c) The relationship with and impact on the broader public realm and streetscape;

- Committee felt that more work needed to be done on the western elevation of the rear addition that can be seen from the street. (See comment below)

(d) The impact on the character of the precinct, including its impact upon heritage structures, significant natural features and landmarks;

- Committee felt that there were too many competing angles and too many materials being used across the whole design and some finessing of the design was required. There was concern that the western elevation of the upper storey addition did not work well with the existing heritage dwelling at the front and was not considered aesthetically pleasing.

(e) The extent to which the proposal is designed to be resource efficient, climatically appropriate, responsive to climate change and a contribution to environmental sustainability;

- Committee welcomed the use of recycled bricks.
- Committee was concerned about the size of the dwelling and whether such a large building was necessary in terms of sustainability.
- Committee was concerned about the impact of the design on neighbouring properties and their residents.

(f) The demonstration of other qualities of best practice urban design including "Crime Prevention" Through Environmental Design performance, protection of important view corridors and lively civic places;

- Committee believed the design needed refinement to respond to the previous comments and looked forward to a review of the design to reduce the highlighted issues.

9. OTHER BUSINESS

Nil

10. BUSINESS WITHOUT NOTICE BY PERMISSION OF THE MEETING

Committee was reminded that feedback needed to be presented to the Executive Manager of Regulatory Services in relation to the proposed new criteria for CDAC taken from the State government's State Planning Policy 7.0. The proposed criteria would be presented to Council for endorsement and use by CDAC in the near future.

11. DATE & TIME OF NEXT MEETING

1 November 2021 at 6.00pm (to be confirmed).

This aerial map displays a residential neighborhood with property boundaries, lot numbers, and street names. The map is divided into several blocks by streets labeled 'P. ROAD' and 'S. ROAD'. Red circles highlight three specific lots: P001794 217, P001794 105, and P001794 112. Other visible lot numbers include P001794 218, D093155 56, P001794 106, P001794 107, P001794 108, P001794 109, P001794 110, P001794 111, P001794 113, P001794 114, P001794 115, P001794 116, P001794 117, P001794 118, P001794 119, P001794 120, P001794 121, P001794 122, P001794 123, P001794 124, P001794 125, P001794 126, P001794 127, P001794 128, P001794 129, P001794 130, P001794 131, P001794 132, P001794 133, P001794 134, P001794 135, P001794 136, P001794 137, P001794 138, P001794 139, P001794 140, P001794 141, P001794 142, P001794 143, P001794 144, P001794 145, P001794 146, P001794 147, P001794 148, P001794 149, P001794 150, P001794 151, P001794 152, P001794 153, P001794 154, P001794 155, P001794 156, P001794 157, P001794 158, P001794 159, P001794 160, P001794 161, P001794 162, P001794 163, P001794 164, P001794 165, P001794 166, P001794 167, P001794 168, P001794 169, P001794 170, P001794 171, P001794 172, P001794 173, P001794 174, P001794 175, P001794 176, P001794 177, P001794 178, P001794 179, P001794 180, P001794 181, P001794 182, P001794 183, P001794 184, P001794 185, P001794 186, P001794 187, P001794 188, P001794 189, P001794 190, P001794 191, P001794 192, P001794 193, P001794 194, P001794 195, P001794 196, P001794 197, P001794 198, P001794 199, P001794 200, P001794 201, P001794 202, P001794 203, P001794 204, P001794 205, P001794 206, P001794 207, P001794 208, P001794 209, P001794 210, P001794 211, P001794 212, P001794 213, P001794 214, P001794 215, P001794 216, P001794 217, P001794 218, P001794 219, P001794 220, P001794 221, P001794 222, P001794 223, P001794 224, P001794 225, P001794 226, P001794 227, P001794 228, P001794 229, P001794 230, P001794 231, P001794 232, P001794 233, P001794 234, P001794 235, P001794 236, P001794 237, P001794 238, P001794 239, P001794 240, P001794 241, P001794 242, P001794 243, P001794 244, P001794 245, P001794 246, P001794 247, P001794 248, P001794 249, P001794 250, P001794 251, P001794 252, P001794 253, P001794 254, P001794 255, P001794 256, P001794 257, P001794 258, P001794 259, P001794 260, P001794 261, P001794 262, P001794 263, P001794 264, P001794 265, P001794 266, P001794 267, P001794 268, P001794 269, P001794 270, P001794 271, P001794 272, P001794 273, P001794 274, P001794 275, P001794 276, P001794 277, P001794 278, P001794 279, P001794 280, P001794 281, P001794 282, P001794 283, P001794 284, P001794 285, P001794 286, P001794 287, P001794 288, P001794 289, P001794 290, P001794 291, P001794 292, P001794 293, P001794 294, P001794 295, P001794 296, P001794 297, P001794 298, P001794 299, P001794 300, P001794 301, P001794 302, P001794 303, P001794 304, P001794 305, P001794 306, P001794 307, P001794 308, P001794 309, P001794 310, P001794 311, P001794 312, P001794 313, P001794 314, P001794 315, P001794 316, P001794 317, P001794 318, P001794 319, P001794 320, P001794 321, P001794 322, P001794 323, P001794 324, P001794 325, P001794 326, P001794 327, P001794 328, P001794 329, P001794 330, P001794 331, P001794 332, P001794 333, P001794 334, P001794 335, P001794 336, P001794 337, P001794 338, P001794 339, P001794 340, P001794 341, P001794 342, P001794 343, P001794 344, P001794 345, P001794 346, P001794 347, P001794 348, P001794 349, P001794 350, P001794 351, P001794 352, P001794 353, P001794 354, P001794 355, P001794 356, P001794 357, P001794 358, P001794 359, P001794 360, P001794 361, P001794 362, P001794 363, P001794 364, P001794 365, P001794 366, P001794 367, P001794 368, P001794 369, P001794 370, P001794 371, P001794 372, P001794 373, P001794 374, P001794 375, P001794 376, P001794 377, P001794 378, P001794 379, P001794 380, P001794 381, P001794 382, P001794 383, P001794 384, P001794 385, P001794 386, P001794 387, P001794 388, P001794 389, P001794 390, P001794 391, P001794 392, P001794 393, P001794 394, P001794 395, P001794 396, P001794 397, P001794 398, P001794 399, P001794 400, P001794 401, P001794 402, P001794 403, P001794 404, P001794 405, P001794 406, P001794 407, P001794 408, P001794 409, P001794 410, P001794 411, P001794 412, P001794 413, P001794 414, P001794 415, P001794 416, P001794 417, P001794 418, P001794 419, P001794 420, P001794 421, P001794 422, P001794 423, P001794 424, P001794 425, P001794 426, P001794 427, P001794 428, P001794 429, P001794 430, P001794 431, P001794 432, P001794 433, P001794 434, P001794 435, P001794 4

Submission Marco & Aleisha Falso Item 13.3 – 46 Windsor Road

(Received 1 November 2021)

We are confident that this residential proposal is a positive contribution to the amenity of the street and community.

This is to be our dream family home in the area we have looked and being part of the community for some years, therefore prior to purchasing and demolishing we researched the area and the types of homes within the area to see if our vision and streetscape would fit within. We quickly found a vast range and number of large 2 storey homes dotted throughout the precinct; many example of Hamptons, Heritage, Bungalows and many modern and unique homes aswell, and many with single storey homes on either side like ours.

The character of the neighbourhood is not at risk as there is no consistent streetscape in the Richmond precinct, and there are already many other examples of similar 'Hamptons' style homes being built in Alexandra Rd, and another in Gill St, both with very similar bulk and scale to our design.

Therefore we feel our design contributes positively to the streetscape and will fit in and compliment the surrounding properties, and the precinct. And of course as time passes the number of sites being redeveloped with larger 2 storey homes will only increase due to the increase in land values and ageing homes.

We also note we have had the home designed with the following factors in mind:

- **"LPA 3.7.6.2** – stipulates to NOT replicate traditional building form – ie. Not to try replicate/imitate/faux heritage qualities etc" So naturally our design is not heritage, therefore we have designed ours as a modern 'Hamptons' style home. We feel it blends and compliments as we have provided a lot of elevation detail with mouldings and brick corbelling, giving architectural interest
- **"LPA 3.7.4.2** New developments are to maintain the prevailing ground level of the site to minimise cutting and filling The house that was recently demolished was previously built at road level. We have kept these levels after demolition for our new home. New design has taken this natural ground levels into account. We have also substantially lowered the rear Living & Alfresco areas of the design to also take into account the decline in natural ground level of the site previously. **NOTE:** we purchased this property in particular rather than another option, as this had the existing home at road level, as we knew we wanted to re-build new home at same natural level.
- Local Planning Strategy states " NO specific designs characteristic of the precinct. With regard to development standards a high degree of flexibility is required for the precinct since the existing development exhibits so much variety".
- The northern aspect of the site had been utilised with the alfresco, pool and living areas all utilising the northern sun.
- "Verandah and Porches are encouraged" - we have designed large verandah and Porch to front elevation for visual interest and western sun cooling efficiency.

In relation to the comments made by CDAC:

After discussing the comments with our designer Rob Galipo and holding a meeting with James Bannerman ,

We came to the conclusion that lowering the home was not an option for the following reasons:

1. It is poor building practice to lower the home unnecessarily.

2. We do not want to have any storm-water flooding issues as has recently happened to some neighbours, and others we know, with this year's excess rain and flooding. We have minimised this risk of this by designing accordingly , but also in keeping with the natural ground levels of the site.
3. Both neighbours either side, have NOT made any comments/objections to the heights of the proposal including walls and overall build height. The CDAC had concern of the Northern neighbour, yet they have not made any comment.

We also note: prior to design we discussed our 2 storey design with our Northern neighbour and we spoke with them about NOT having bedroom windows on the Northern side Upper Floor for their privacy. We agreed with this in principle, hence no bedroom windows on Northern Upper Floor, only obscure bathroom and WC windows.

There is also no overshadowing issues from northern sun to the Northern neighbour, and very minimal to southern - only over their small garage, not with no negative impact on them.

4. The Southern neighbours home is actually built up substantially higher than road level approx 1m+, therefore the overall difference in bulk/scale will not be as imposing as the CDAC comments may imply **(picture to clarify attached)**
5. The northern Neighbour has excavated to lower their site for their build to allow for a flat single level level home on their rear sloping block, therefore this accentuates our site as ours was previously NOT excavated and was/is at road/natural level. We should therefore not be penalised for our design being at the natural existing ground level, because they chose to excavate lower.
6. There is nothing to say that either side of our property, or any home in the area will build a new 2 storey or renovate and extend up to multilevel large bulk/scale home in the future. This is inevitable as property values increase and homes age.
7. The dwelling is NOT over the 10m maximum roof height as per clause 5.1.6 Table 3 Category B height requirements.
8. **(LPA 3.7.4.2)** New developments are to maintain the prevailing ground level of the site to minimise cutting and filling".

Other notes to mention;

- Garage opening has now been reduced to the required 30%.
- Northern wall setback has now been adjusted to the required 2.1m for upper level
- Additional Northern feature chimney added for visual architectural interest from northern and N/W viewpoints.
- We feel our design does complement the existing heritage homes as we provide a lot on intricate detailed mouldings to the verandah and elevations for architectural interest - this detail blends with the heritage style well, but is not in trying to imitate the heritage home in anyway as per guidelines in **LPA 3.7 .6.2**
- All remaining comments/variataions are minimal and will have very few negative impacts on neighbours and streetscape.

Kind regards,

Marco & Aleisha Falso

This aerial map displays a residential neighborhood with property boundaries outlined in green. Two red circles highlight specific properties: one on a lot labeled P003286 302 and another on a lot labeled S013114 301. The map includes labels for 'P. ROAD' and various lot numbers such as S013114, P003286, and S050617. The map also shows a grid of lot numbers and street names, including 'P. ROAD' and 'P. ROAD'.

76 Oakover Street – Photos

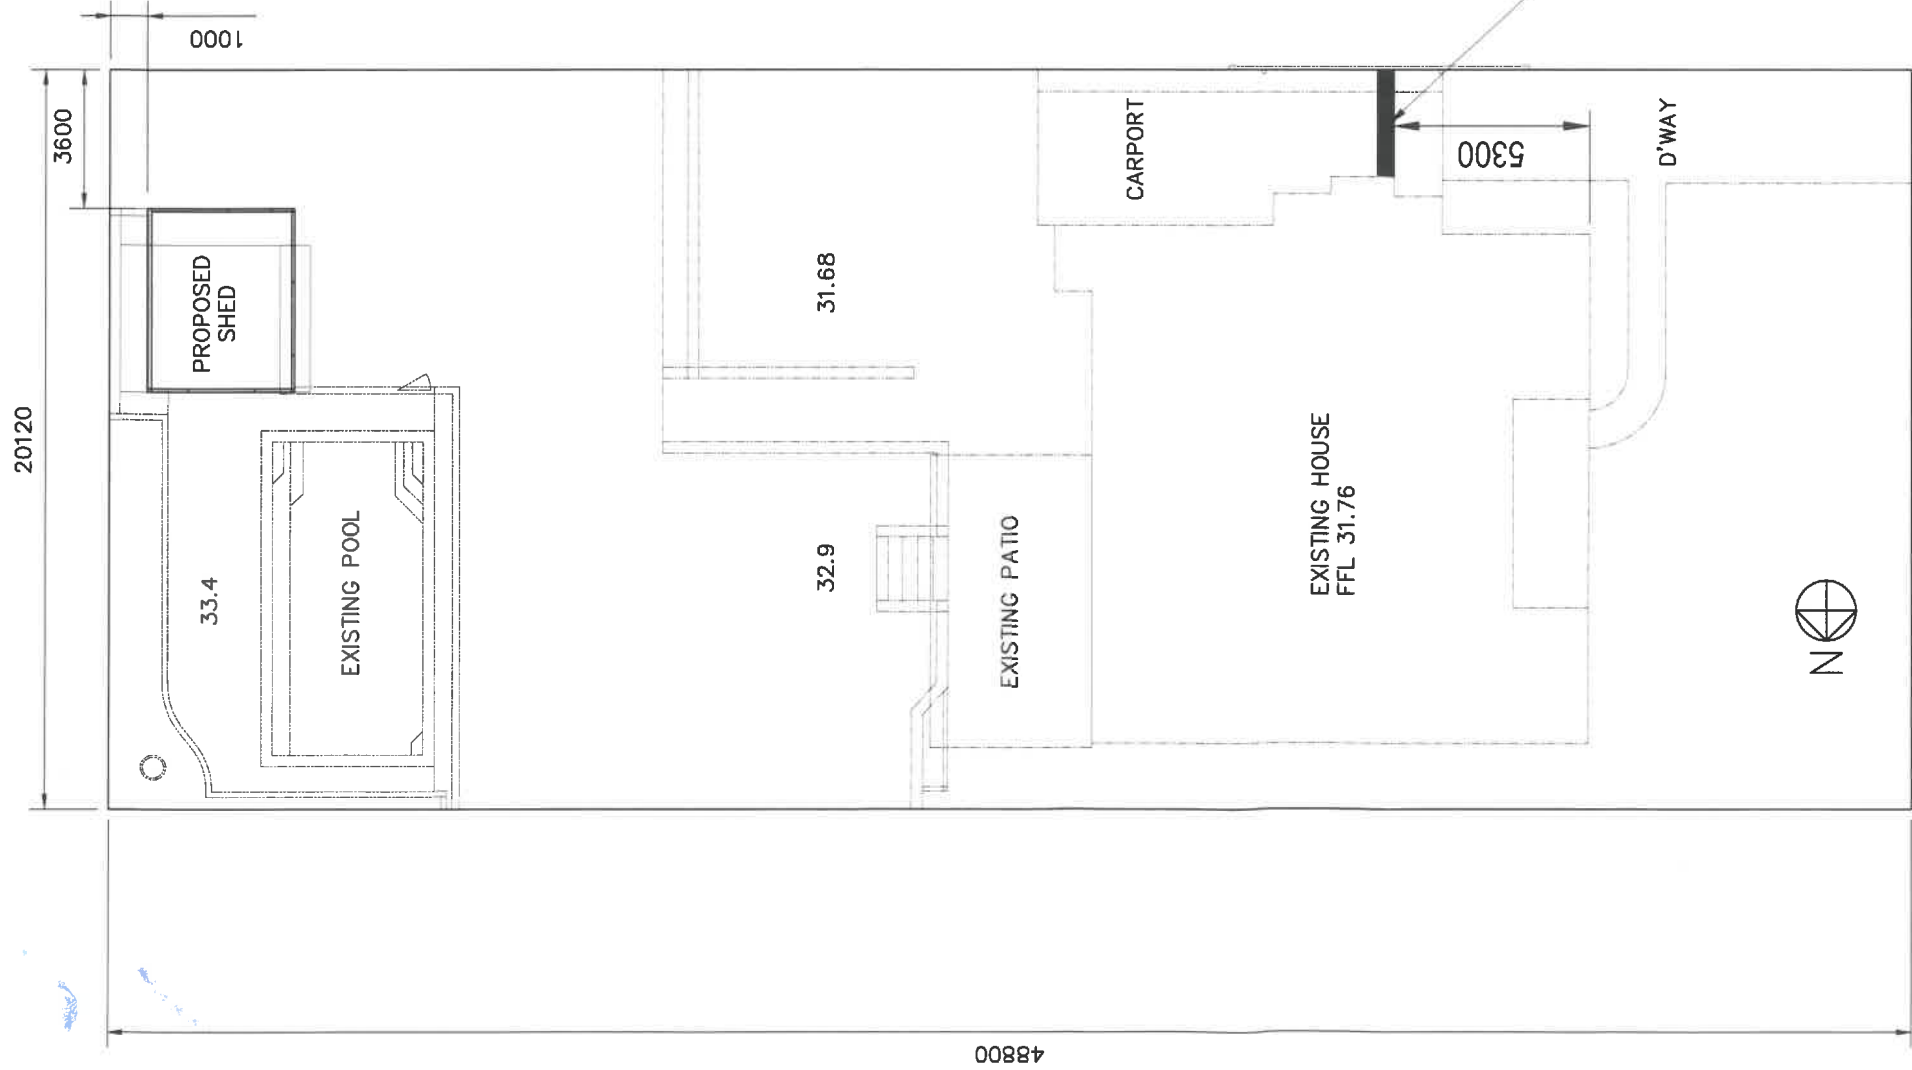

PLACE RECORD FORM

PRECINCT	Woodside
ADDRESS	76 Oakover Street
PROPERTY NAME	N/A
LOT NO	Lot 315
PLACE TYPE	Residence
CONSTRUCTION DATE	C 1939
ARCHITECTURAL STYLE	Inter-War Bungalow
USE/S	Original Use: Residence/ Current Use: Residence
STATE REGISTER	N/A
OTHER LISTINGS	N/A
MANAGEMENT CATEGORY	Category B
PHYSICAL DESCRIPTION	<p>No 76 Oakover Street is a single storey house constructed in rendered brick house with a hipped and gable corrugated iron roof. It is a fine expression of the Inter-War Bungalow style. It is asymmetrically composed with a thrust gable bay and a part width hip roofed verandah. The verandah is supported on Tuscan columns over a balustrade wall. The north section of the verandah has been enclosed. The half-timbered gable features a pair of double hung sash windows under a sunhood. There is a centrally located front door flanked by windows. The windows appear to be replacements.</p>

	<p>The place retains its form and most of its details. There are additions to the rear and a carport to the south.</p> <p>The place is consistent with the building pattern in the Precinct. The place plays an important role in the pattern of development of a middle class suburb.</p>
HISTORICAL NOTES	<p>Woodside is a relatively cohesive precinct where most of the places were constructed following the subdivision of W.D. Moore's Estate commencing in 1912. Most of the lots were sold between 1912 and 1929 and the majority of buildings were completed in this time. Residences were substantial and of various Federation period styles distinguishing the area from the small worker's cottages of Plympton. The Inter-War Californian Bungalow style residence is also represented in Woodside.</p> <p>The Woodside Precinct remains largely intact in terms of original housing with little infill subdivision or replacement housing.</p>
OWNERS	Unknown
HISTORIC THEME	Demographic Settlements - Residential Subdivision
CONSTRUCTION MATERIALS	<p>Walls – Rendered brick</p> <p>Roof – Corrugated iron sheeting</p>
PHYSICAL SETTING	The residence is situated on a sloping site with a rendered brick wall and steel fence on the lot boundary.
STATEMENT OF SIGNIFICANCE	<p>No 76 Oakover Street is a single storey house constructed in rendered brick with a corrugated iron roof. It has historic and aesthetic value for its contribution to Woodside's high concentration of predominantly Federation period houses and associated buildings. The place contributes to the local community's sense of place.</p> <p>The place has considerable aesthetic value as an Inter-War Bungalow. The place retains a moderate degree of authenticity and a high degree of integrity.</p> <p>The carport and additions have no significance.</p>
AESTHETIC SIGNIFICANCE	No 76 Oakover Street has considerable aesthetic value as an Inter-War Bungalow. It retains most of the characteristic features of a dwelling of the type and period.
HISTORIC SIGNIFICANCE	No 76 Oakover Street has some historic value. It was part of the suburban residential development associated with the expansion of East Fremantle and the subdivision of W. D. Moore's Woodside Estate from 1912.
SCIENTIFIC SIGNIFICANCE	N/A
SOCIAL SIGNIFICANCE	No 76 Oakover Street has some social value. It is associated with a significant area of middle class Federation and Inter-War period development which contributes to the community's sense of place.
RARITY	No 76 Oakover Street is not rare in the immediate context but Woodside has rarity value as a cohesive middle class suburb.
CONDITION	No 76 Oakover Street is in good condition.
INTEGRITY	No 76 Oakover Street retains a high degree of integrity.
AUTHENTICITY	No 76 Oakover Street retains a moderate degree of authenticity.

PLACE RECORD FORM

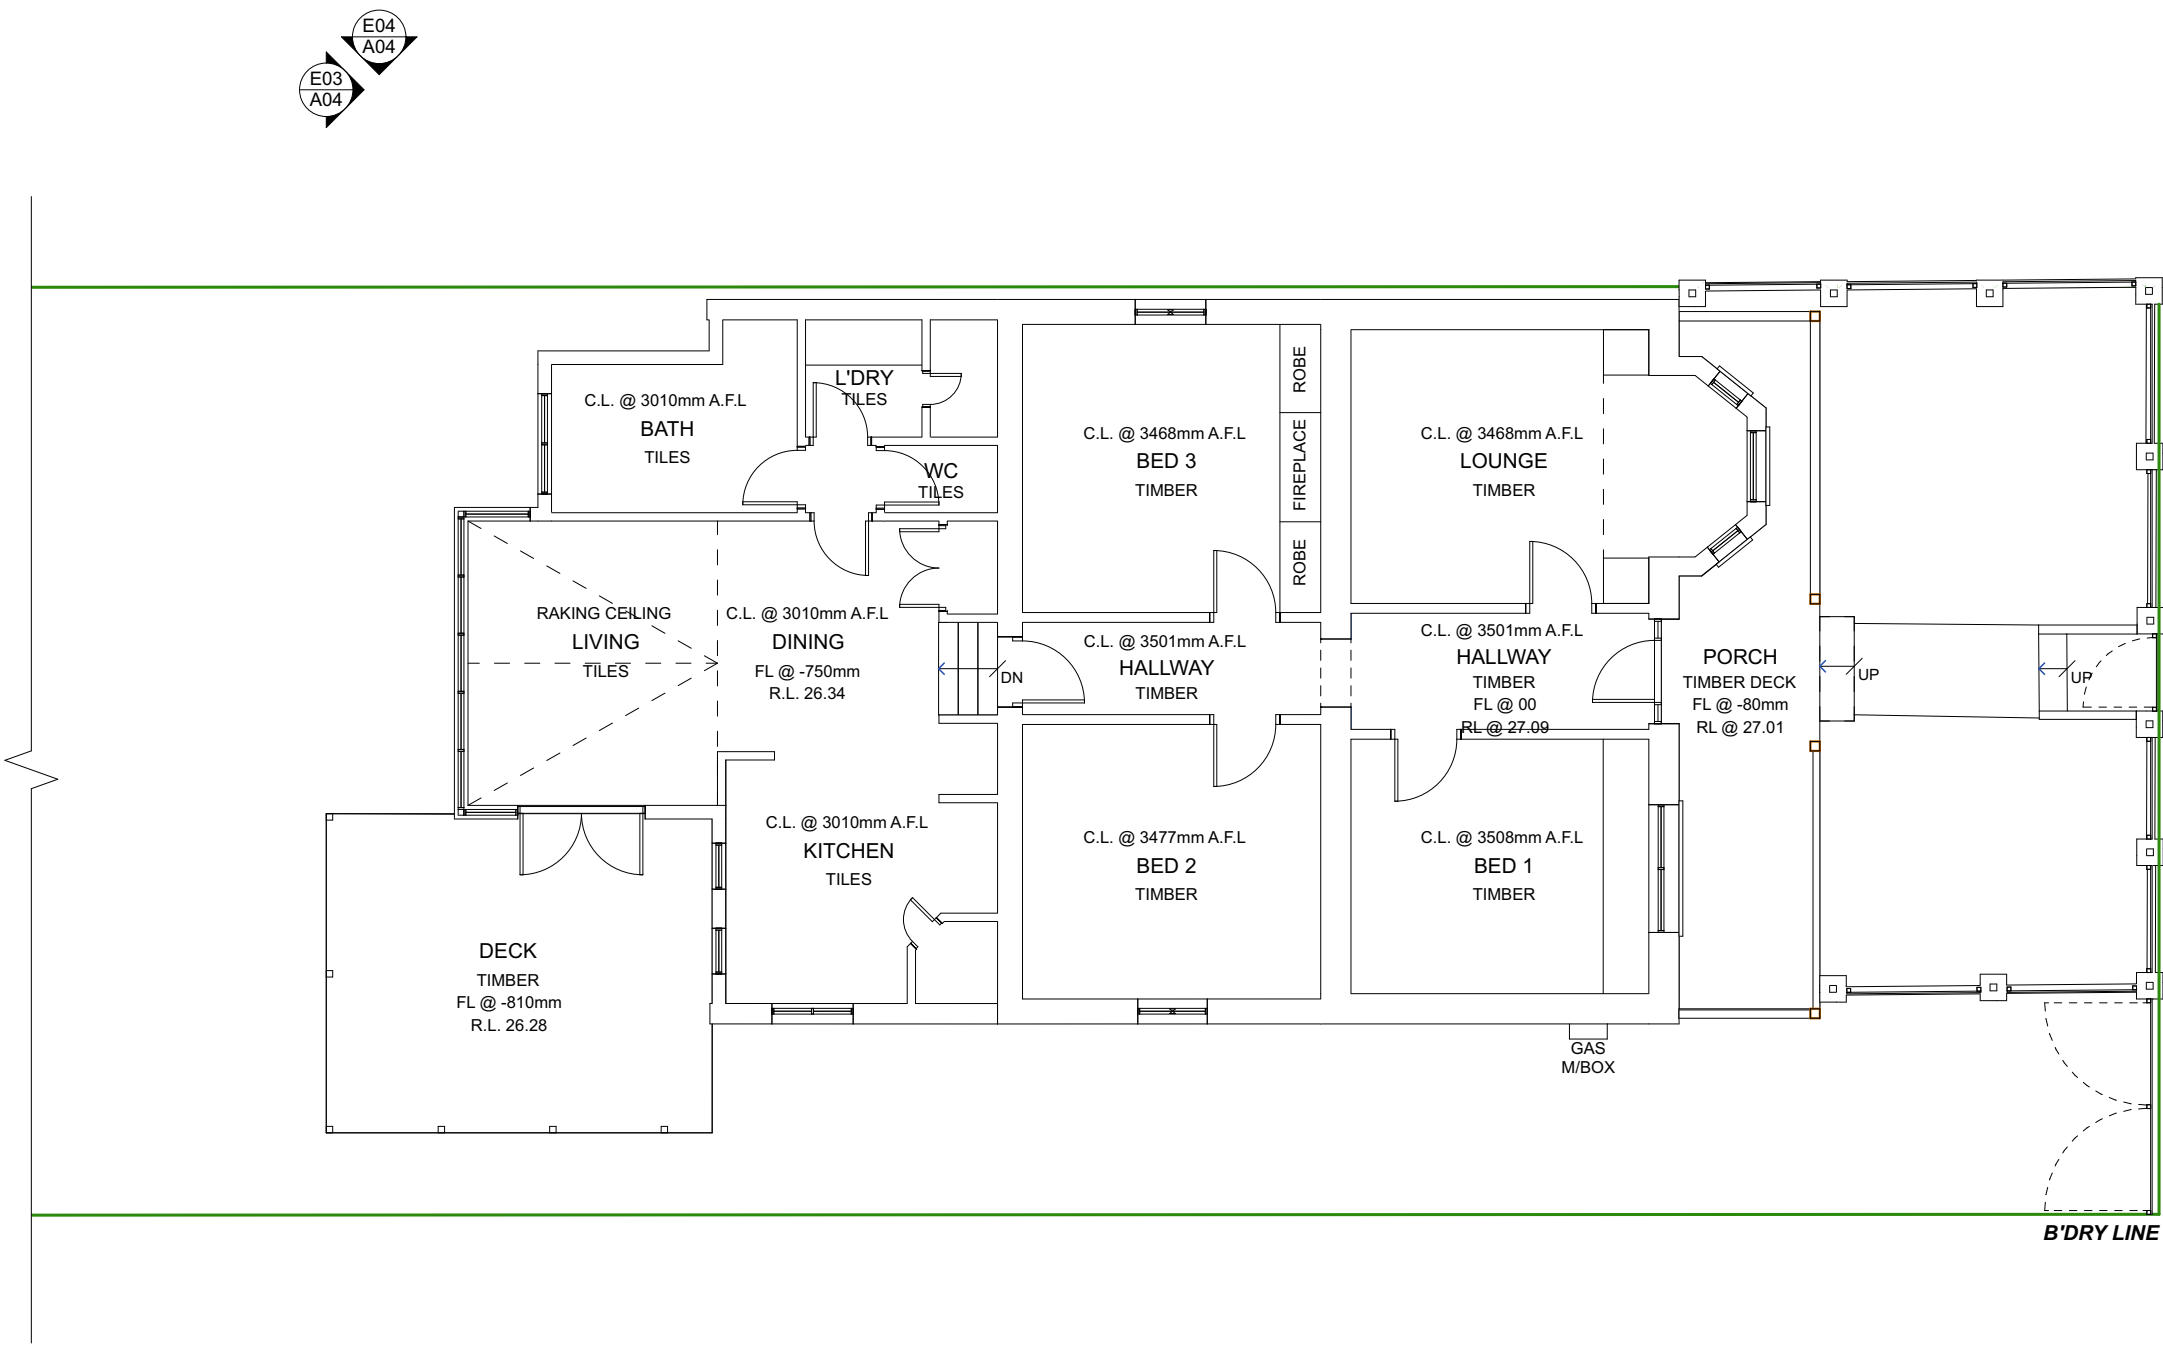

PRECINCT	Plympton
ADDRESS	88 Hubble Street
PROPERTY NAME	N/A
LOT NO	Lot 283
PLACE TYPE	Residence
CONSTRUCTION DATE	C 1890
ARCHITECTURAL STYLE	Federation Bungalow
USE/S	Original Use: Residence/ Current Use: Residence
STATE REGISTER	N/A
OTHER LISTINGS	N/A
MANAGEMENT CATEGORY	Category B
PHYSICAL DESCRIPTION	<p>No 88 Hubble Street is a single storey house constructed in limestone and brick with an 'M' format corrugated iron roof. It is a fine expression of the Federation Bungalow style. It is asymmetrically planned with an offset bay window. The bay features three single pane double hung sash windows. The facade features a full width hipped roofed verandah supported on chamfered timber posts with a cast metal frieze. There is a central door and hopper light that is flanked by side lights and a pair of double hung sash windows.</p> <p>There are additions to the rear.</p>

	The place is consistent with the pattern of development in Plympton and plays an important role in the pattern of development of a working class suburb.
HISTORICAL NOTES	Plympton is a cohesive precinct where most of the places were constructed in the late nineteenth century and the first quarter of the twentieth century. It is comprised primarily of homes for workers and their families with a high concentration of small lots with timber, brick and stone cottages.
OWNERS	Unknown
HISTORIC THEME	Demographic Settlements - Residential Subdivision
CONSTRUCTION MATERIALS	Walls - Limestone and brickwork Roof - Corrugated roof sheeting
PHYSICAL SETTING	The house is located on a gently sloping site and has a low limestone and timber picket fence on the front boundary.
STATEMENT OF SIGNIFICANCE	<p>No 88 Hubble Street is a single storey house constructed in limestone and brick with a corrugated iron roof. The place has historic and aesthetic value with its contribution to Plympton's high concentration of worker's cottages and associated buildings. It contributes to the local community's sense of place.</p> <p>The place has considerable heritage value for its intrinsic aesthetic value as a fine Federation Bungalow and it retains a high degree of authenticity and a high degree of integrity.</p> <p>The rear additions have no significance.</p>
AESTHETIC SIGNIFICANCE	No 88 Hubble Street has considerable aesthetic value as a Federation Bungalow. It retains the basic characteristics of the period.
HISTORIC SIGNIFICANCE	No 88 Hubble Street has some historic value. It was part of the suburban residential development associated with the expansion of East Fremantle during the Goldrush period of the 1880s and 1890s.
SCIENTIFIC SIGNIFICANCE	N/A
SOCIAL SIGNIFICANCE	No 88 Hubble Street has considerable social value. It is associated with a significant area of worker's cottages which contributes to the community's sense of place.
RARITY	No 88 Hubble Street is not rare in the immediate context but Plympton has rarity value as a working class suburb.
CONDITION	No 88 Hubble Street is in good condition.
INTEGRITY	No 88 Hubble Street retains a high degree of integrity.
AUTHENTICITY	No 88 Hubble Street retains a high degree of authenticity.

That the minutes of the Audit Committee meeting held on Thursday, 15 July 2021 be confirmed as a true and correct record of proceedings.

(CARRIED UNANIMOUSLY)

10. ANNOUNCEMENTS BY THE PRESIDING MEMBER

Cr Natale made reference to the Auditor General's third Forum Summary document that was emailed to Audit Committee Members. The Audit Committee concluded that it is operating effectively with its responsibilities.

Executive Manager Corporate Services recommended that the Committee invite 'junior' officers to the Audit Committee meetings to talk to the controls and processes and that the Committee consider appointing an external consultant to validate management actions. Both recommendations were accepted by the Audit Committee.

11. REPORTS

11.1 Audit Committee – External Independent Appointments

File ref	F/AUD1
Prepared by	Peter Kocian, Executive Manager Corporate Services
Supervised by	Gary Tuffin, Chief Executive Officer
Meeting Date:	4 November 2021
Voting requirements	Simple Majority
Documents tabled	Nil
Attachments	<ol style="list-style-type: none"> 1. Confidential – Advice regarding Payment to Audit Committee Members 2. Confidential – Application – Candidate A 3. Confidential – Application – Candidate B

Purpose

This report recommends that the Audit Committee:

Consider how payments can be provided to independent appointments to the Audit Committee. Request that the Chief Executive Officer, the Chair of the Audit Committee, and the Executive Manager Corporate Services meet with the two candidates to assess suitability for appointment to the Audit Committee.

Executive Summary

At the March 2021 Audit Committee, the Chair Cr Natale requested that a report be submitted to the July meeting considering the appointment of independent external members to the Committee.

The Committee subsequently endorsed amendments to its Terms of Reference at its July meeting to make provision for the appointment of two (2) external independent members.

Expressions of Interest were advertised on the Town's website and in the Fremantle Herald on 11 September 2021 and in Perth Now on 16 September 2021, with submissions closing on 30 September 2021. Two (2) Expressions of Interest were received, which are attached to this agenda report.

Background

The Audit Committee is established under section 7.1A of the *Local Government Act 1995*. Regulation 16 of the Local Government (Audit) Regulations 1996 outlines the Audit Committee functions:

16. *Functions of audit committee*

An audit committee has the following functions —

- (a) *to guide and assist the local government in carrying out —*
 - (i) *its functions under Part 6 of the Act; and*
 - (ii) *its functions relating to other audits and other matters related to financial management;*
- (b) *to guide and assist the local government in carrying out the local government's functions in relation to audits conducted under Part 7 of the Act;*
- (c) *to review a report given to it by the CEO under regulation 17(3) (the **CEO's report**) and is to —*

- (i) *report to the council the results of that review; and*
 - (ii) *give a copy of the CEO's report to the council;*
- (d) *to monitor and advise the CEO when the CEO is carrying out functions in relation to a review under —*
 - (i) *regulation 17(1); and*
 - (ii) *the Local Government (Financial Management) Regulations 1996 regulation 5(2)(c);*
- (e) *to support the auditor of the local government to conduct an audit and carry out the auditor's other duties under the Act in respect of the local government;*
- (f) *to oversee the implementation of any action that the local government —*
 - (i) *is required to take by section 7.12A(3); and*
 - (ii) *has stated it has taken or intends to take in a report prepared under section 7.12A(4)(a); and*
 - (iii) *has accepted should be taken following receipt of a report of a review conducted under regulation 17(1); and*
 - (iv) *has accepted should be taken following receipt of a report of a review conducted under the Local Government (Financial Management) Regulations 1996 regulation 5(2)(c);*
- (g) *to perform any other function conferred on the audit committee by these regulations or another written law.*

The Audit Committee amended its Terms of Reference at its July 2021 meeting, making provision for the appointment of two (2) external independent members:

- 5.2 *The Audit Committee will comprise of up to two (2) external independent members. An external member will be a person independent to the local government and will not have provided paid services to the Town either directly or indirectly.*
- 5.3 *External independent members will be selected based on the following criteria:*
 - a) *A demonstrated high level of expertise and knowledge in financial management, reporting, governance and audit; and*
 - b) *Relevant skills and experience in providing independent expert advice.*
- 5.4 *Appointments of external independent members will be made following a public advertisement. The Chief Executive Officer will evaluate potential members and make a recommendation to Council.*
- 5.5 *External members shall be appointed for a period of up to two (2) years terminating on the day of the Local Government Ordinary Elections, unless Council resolves otherwise.*

Consultation

Chief Executive Officer

Statutory Environment

Part 7 of the *Local Government Act 1995* deals with the audit of the financial accounts of local governments including the conduct of audits. Division 1A deals with Audit Committees.

The Department of Local Government, Sport and Cultural Industries has published Operational Guideline Number 09 – The appointment, function and responsibilities of Audit Committees.

Policy Implications

There are no Council Policies relevant to this item.

Financial Implications

There are no financial implications relevant to this item.

Strategic Implications

Strategic Priority 5 – Leadership and Governance

5.1 Strengthen organisational accountability and transparency

5.3 Strive for excellence in leadership and governance

Risk Implications

Risk	Risk Likelihood (based on history & with existing controls)	Risk Impact / Consequence	Risk Rating (Prior to Treatment or Control)	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
The Audit Committee may not be able to adequately meet its functions without skilled and qualified members	Possible (3)	Moderate (3)	Moderate (5-9)	COMPLIANCE Minor regulatory or statutory impact	Accept Officer Recommendation

Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Extreme
		1	2	3	4	5
Almost Certain	5	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Moderate (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Moderate (6)	Moderate (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating is provided below. Any

items with a risk rating over 16 will be added to the Risk Register, and any item with a risk rating over 16 will require a specific risk treatment plan to be developed.

Risk Rating	9
Does this item need to be added to the Town's Risk Register	No
Is a Risk Treatment Plan Required	No

Comment

Before discussing the two expressions of interest received for appointment to the Audit Committee, it is recommended that the Audit Committee consider how payments to independent members can be administered, as this may have a bearing on the appetite of independent members to be appointed.

Payments to Independent Members

The Town recently received advice from the Town of Cambridge (Attachment 1) referencing legal advice obtained with respect to fees paid to independent Committee appointments. The legal advice summarises:

1. The Local Government Act 1995 (Act) provides for payments to members of Council and Committees.
2. Section 5.100 of the Act expressly provides that a person who is a committee member but is not a council member or an employee is not to be paid a fee for attending any meeting.
3. The legal advice discusses the clear distinction between a reimbursement of an expense and a payment in respect of attending a meeting. And concludes that there is no power to pay an independent member of an audit committee a fee for preparing for, attending or participating in an audit committee meeting.

The Town of Cambridge has sought support and assistance from all local governments to advocate to the Department of Local Government to provide a prompt resolution to this matter by making the necessary legislative amendments to enable independent Audit Committee members to be paid.

Under section 5.100(2), the Town may (subject to any maximum amounts determined under 5.98(3)(b)) reimburse an independent member of the Audit Committee 'an expense incurred in relation to a matter affecting the local government'. Typically, in the current context, an expense that is incurred by an independent Audit Committee member would involve the payment by the member to a third party – such as the payment of travel costs or childcare costs to enable the member to attend an Audit Committee meeting.

The legal advice also concludes that the payment of a fee for preparing for an Audit Committee (i.e. time spent in reading agenda papers) would not be authorised under section 5.100 (2), or under any other provisions of the Local Government Act of the Administration Regulations.

There are a number of local governments in WA that have external membership of their Audit Committee including Stirling, Belmont, Vincent, Canning, Fremantle, Joondalup, Perth, Wanneroo. Among these local governments there are, broadly, three approaches to 'remunerating' external members:

1. Allow for reimbursements only;
2. Take a broader view of allowable reimbursable expenses, such as attendance at an interstate conference that may be related to the functions of the Committee; or
3. Take a further view of 'expenses' whereby members are reimbursed for the time they put in.

With regards to point 3 above, some local governments have resolved that 'Council will remunerate by way of reimbursement of time of the Independent Member based on four hours for each meeting.' According to the legal advice provided to the Town of Cambridge, this does appear inconsistent with the Local Government Act.

Independent External Members

The skills and experience of the 2 applicants appear very strong on paper.

Candidate A

- Current Independent Audit and Risk Committee Chair of a large NFP
- Executive role as Principal – Risk and Governance Services
- Chartered Accountant
- Certified Internal Auditor
- Current member of City of Subiaco Audit and Risk Committee

Candidate B

- Local resident
- Certified Internal Auditor
- Chartered Accountant
- Certified Risk Management Assurance
- Independent Audit and Risk Committee Member at the City of Kwinana
- Previously worked as a Team Leader with the Office of Auditor General

It should be noted that the Town does not have an Internal Auditor, and that the Audit Work Plan is reflective of current resourcing. Given that both applicants have an Internal Audit background, should they be appointed, there may be an expectation of the Town to increase the scale and scope of its internal audit work plan. As a matter of course, all requests from the Committee to prioritise and undertake internal audit projects will be fully assessed, including resourcing implications.

11.1 OFFICER RECOMMENDATION/COMMITTEE RESOLUTION A021121

Moved Cr White, seconded Cr Donovan

That the Audit Committee recommend to Council that:

- 1. only expenses are to be reimbursed to any independent members of the Audit Committee, as per the following schedule, with amounts specified in the Salaries and Allowances determination for Elected Members:**

Expense to be Reimbursed	Amount
Rental charges in relation to one telephone and one facsimile machine	Actual expense incurred
Child Care Costs incurred because of attendance at a Committee Meeting	Actual cost per hour or \$30 per hour, whichever is the lesser
Travel Costs incurred because of attendance at a Committee Meeting	The actual cost for the person to travel from the persons place of residence or work to the meeting and back, to a maximum of 100km per round trip. The rate is to be calculated at the same rate contained in section 30.6 of the Local Government Officers (WA) Award 2021 (i.e. 93.97 cents per km for engine over 2600cc).

2. the Chief Executive Officer write to the Minister for Local Government requesting that the *Local Government Act 1995* be amended to allow independent persons appointed to Committees to be paid sitting fees in line with elected member entitlements.
3. the Chief Executive Officer, the Chair of the Audit Committee, and the Executive Manager Corporate Services meet with the two candidates to assess suitably for appointment to the Audit Committee.

(CARRIED UNANIMOUSLY)

The Audit Committee discussed the appointment of an independent member and recommended that only one independent member be appointed with a commencement date of 2 February 2022.

11.2 Risk Based Internal Audit Work Plan

File ref	F/AUD1
Prepared by	Peter Kocian, Executive Manager Corporate Services
Supervised by	Gary Tuffin, Chief Executive Officer
Meeting Date:	4 November 2021
Voting requirements	Simple Majority
Documents tabled	Nil
Attachments	1. Proposed Internal Audit Work Plan

Purpose

The Audit Committee is requested to endorse the proposed work plan and meeting schedule for the 2022 calendar year.

Executive Summary

This report provides an overview of the local government audit framework. It also recommends an internal audit work plan, which includes items that are traditionally considered “high-risk”, with items having been identified in external audit management letters and the previous financial management review, as well as subject matter of performance audits undertaken by the Office of Auditor General. The development of an internal audit work plan is also recommended in the internal audit framework detailed in section 7 of the WA Local Government Accounting Manual.

Background

The Department of Local Government has prepared operational guidelines on audit in local government. The guidelines outline audit requirements including the establishment of an audit committee and key functions.

The Guidelines define the role of the Audit committee “to support Council in fulfilling its governance and oversight responsibilities in relation to financial reporting, internal control structure, risk management systems, internal and external audit functions and ethical accountability”.

The Guidelines also state that the Audit committee needs to form an opinion of the local governments internal audit requirements and recommend a course of action that ensures that any internal audit processes adopted are appropriate, accountable and transparent.

Legislative Audit Framework:

The *Local Government Act 1995*, *Local Government (Audit) Regulations 1996* and *Local Government (Financial Management) Regulations 1996* detail the statutory requirements with respect to audit of local government. The following reporting requirements to the audit committee are mandatory:

Item	Requirements	Legislation
External Audit Report	The Auditor is to provide a report (annually) giving an opinion on the financial position of the local government and the results of the operations of the local government. Where it is considered by the auditor appropriate to do so, the audit is to prepare a management report to accompany the auditor’s report.	Regulation 10 of the <i>Local Government (Audit) Regulations 1996</i>

Compliance Audit Return	Local Governments are required to complete a statutory compliance return (Compliance Audit Return) annually and have the return adopted by Council. The return is a checklist of a local government's compliance with the requirements of the Act and its Regulations, concentrating on areas of compliance considered 'high risk'. The audit committee is to review the Compliance Audit Return and report to the Council the results of that review.	Regulation 14 of the <i>Local Government (Audit) Regulations 1996</i>
Risk Management/Internal Controls/Legislative Framework	The CEO is to review the appropriateness and effectiveness of a local governments and procedures in relation to risk management, internal control and legislative compliance at least once every three years and report to the audit committee the results of that review.	Regulation 17 of the <i>Local Government (Audit) Regulations 1996</i>
Financial Management Review	The CEO is review the appropriateness and effectiveness of the financial management systems and procedures of the local government at least once every years and reports the results of that review.	Regulation 5 of the <i>Local Government (Financial Management) Regulations 1996</i>

External Audit Framework:

Pursuant to section 7.2 of the *Local Government Act 1995*, the accounts and annual financial report of a local government for each financial year are required to be audited. The Act and Regulations prescribe the scope of the external audit of the annual financial statements of the local government. The operational guidelines also include a minimum standard audit specification.

The critical matters for audit are:

- Revenue – rates revenue, government grants, fees and charges
- Expenditure – salaries and wages, depreciation, materials and contract expense, insurance
- Current Assets – bank and short-term assets, receivables, inventory
- Non-Current Assets – property, plant, furniture and equipment, infrastructure and depreciation
- Liabilities – creditors and accruals, loan borrowings, provision for annual and long service leave entitlements
- Reserve Funds
- Contingent Liabilities
- Capital Commitments
- Accounting Policies
- Cash Flow Statement
- Financial Ratios

Internal Audit Framework:

Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve the effectiveness of risk management, control, and governance processes. Establishing a formal internal audit function is not a legislative requirement but the development of appropriate internal controls will enhance risk management processes. The internal audit function can either be resourced internally or contracted out.

All internal audit reports must be referred to the Audit Committee for consideration. Internal auditor's activities should typically include the following:

- Examination of financial and operating information that includes detailed testing of transactions, balances and procedures;
- A risk assessment with the intention of minimizing exposure to all forms of risk on the local government;
- A review of the efficiency and effectiveness of operations and services including non-financial controls of a local government;
- A review of compliance with management policies and directives and any other internal requirements;
- Review of the annual Compliance Audit Return;
- Assist in the CEOs biennial reviews of the appropriateness and effectiveness of the local government's systems and procedures in regard to risk management, internal control and legislative compliance.

The internal auditor should report functionally to the audit committee and administratively to the CEO. It should be remembered that pursuant to section 5.41 of the Act, the CEO is responsible for the day to day management of local government activities including the direction of staff and implicitly the internal audit function. The CEO may choose to delegate this responsibility.

Consultation

Chief Executive Officer
Manager Finance

Statutory Environment

The local government audit framework is governed by the *Local Government Act 1995* and Regulations including the *Local Government (Administration) Regulations 1996*, *Local Government (Audit) Regulations 1996*, *Local Government (Financial Management) Regulations 1996* and *Local Government (Functions and General) Regulations 1996*.

Regulation 12 of the *Local Government (Administration) Regulations 1996* requires a local government to give local public notice of the dates on which and the time and place at which Council and Committee Meetings are to be held in the next 12 months.

Policy Implications

Council has adopted an Internal Audit Charter, which outlines a number of objectives with respect to internal audit activities.

Financial Implications

Council approved a budget of \$25,000 in 2020/21 and \$15,000 in 2021/22 for internal audit activities. Based on the activities proposed in the audit work plan, a budget of \$25,000 will be required in 2022/23.

Risk Implications

Risk	Risk Likelihood (based on history & with existing controls)	Risk Impact / Consequence	Risk Rating (Prior to Treatment or Control)	Principal Theme	Risk Action Plan (Controls or Treatment proposed)
Lack of resourcing to support an Internal Audit function	Possible (3)	Moderate (3)	Moderate (5-9)	Compliance	Manage by ensuring adequate budget allocation

Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Extreme
		1	2	3	4	5
Almost Certain	5	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Moderate (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Moderate (6)	Moderate (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating is provided below. Any items with a risk rating over 16 will be added to the Risk Register, and any item with a risk rating over 16 will require a specific risk treatment plan to be developed.

Risk Rating	9
Does this item need to be added to the Town's Risk Register	No
Is a Risk Treatment Plan Required	No

Strategic Implications

Strategic Priority 5 – Leadership and Governance

5.1 Strengthen organisational accountability and transparency

5.3 Strive for excellence in leadership and governance

Comment

The Audit Committee Terms of Reference requires the Audit Committee to meet at least three times per year, with the dates to be set each year by Council, with authority to convene additional meetings, as circumstances require.

Clause 6.7 of the Terms of Reference also requires the Audit Committee to develop a forward meeting schedule that includes the dates, location, and proposed work plan for each meeting for the forthcoming year, that cover all the responsibilities outlined. These responsibilities include:

- Risk Management
- Business Continuity
- Internal Control
- Review of Annual Financial Statements
- Internal/external performance audits

Regulation 6 of the *Local Government (Financial Management) Regulations 1996* states that:

“A local government is to ensure that an employee to whom is delegated responsibility for the day to day accounting or financial management operations of a local government is not also delegated the responsibility for –

- (a) conducting an internal audit; or
- (b) reviewing the discharge of duties by that employee,

or for managing, directing or supervising a person who carries out a function referred to in paragraph (a) or (b).

So, functionally the performance of the internal audit function should be independent to the finance team. This is however problematic given the Town’s size and structure, which is highlighted by the fact that the majority of audit work plan in the last 3 years has been performed by the finance team. Of relevance, the Select Committee into Local Government recommended, as part of the recent review of the Local Government Act, that the Government give active consideration to facilitating, through the Department of Local Government, Sport and Cultural Industries, a shared internal audit service for the Local Government sector, particularly to assist small and medium councils.

Given the above constraints, a moderate work plan has been recommended for the 2022 calendar year, which is reflective of resourcing capacity.

11.2 OFFICER RECOMMENDATION/COMMITTEE RESOLUTION A031121

Moved Cr White, seconded Cr McPhail

That the Audit Committee:

1. endorse the proposed meeting dates for 2022 as follows:

Date	Time	Place
2 February 2022	6.30 pm	POD
6 July 2022	6.30 pm	POD
2 November 2022	6.30 pm	POD

2. endorse the Risk-Based Internal Audit Work Plan as presented in Attachment 1.

(CARRIED UNANIMOUSLY)

The Audit Committee discussed the Compliance Audit Return and recommended that consideration be given to another Local Government authority to review the audit file. The Executive Manager, Corporate Services advised he would discuss with other local government Governance Officers.

11.3 Self-Audit - Compliance with Supplier Payment Policy 2.1.6

File ref	F/AUD1
Prepared by	Natalie McGill, Senior Finance Officer
Supervised by	Peter Kocian, Executive Manager Corporate Services
Meeting Date:	4 November 2021
Voting requirements	Simple Majority
Documents tabled	Nil
Attachments	1. Supplier Payments Policy 2. WA Auditor General's Report – Timely Payment of Suppliers

Purpose

The purpose of this report is to provide the Audit Committee with an overview of compliance with the Town's Supplier Payments Policy, with a performance comparison to the WA Auditor General's Timely Payments of Supplier Report released June 2018 for the period 1 July 2021 to 30 September 2021.

Executive Summary

The Town's Supplier Payments Policy outlines the manner in which creditor payments are to be made to a supplier. The payment terms specified in the Policy are 30 days from the date of receipt of the invoice by the Town. This report will examine Creditor invoices received by the Town during the period 1 July 2021 to 30 September 2021.

It should be noted that this policy does not cover payments made via the use of a Corporate Purchasing Card.

Comment

The Town of East Fremantle processed a total of 778 individual Creditor invoices during the period 1 July 2021 to 30 September 2021, totalling \$2,471,379.03 in payments.

Of these 778 individual Creditor invoices, 693 were paid within 30 days of the date of receipt of the invoice, which complies with the terms as prescribed in the Supplier Payment Policy. There were however 85 invoices that were paid outside of the terms of the Supplier Payment Policy, which ranged from 31 days to 60+.

There could be any number of reason that the payment of the invoices fell outside of the prescribed 30 day payment terms. A few examples being

- Invoice may have been disputed
- Poor quality or late delivery of goods/services provided
- Invoice lost/misplaced
- Delay in staff authorisation

It should also be noted that large value invoices may be complex and require thorough examination prior to approval.

The WA Auditor General released a Timely Payments of Suppliers report in June 2018. The purpose of this report was to

“...assess whether Local Governments were making payments to suppliers in a timely basis in accordance with better practices”

This report concluded that

“...15% of payments were outside the timeframes in the policies...”

The results represented in the above chart, show that the Town is performing slightly better than the sample group, with 11% of payments being made outside the 30 days listed in our Policy.

This comparison will be monitored on an ongoing basis.

The report also states that 7 out of the 10 participatory Councils, did not have formal payment policies established. Council adopted the Supplier Payments Policy on 13/09/2019.

An overall breakdown of the number of days after receipt of the invoices is represented in the below graph

Consultation

Executive Management Group

Statutory Environment

This Supplier Payments Policy should be read in conjunction with section 6.5 of the *Local Government Act 1995* and *Local Government (Financial Management) Regulations 1996*, specifically:

- regulation 5, which specifies the CEO's duties as to financial management
- regulation 11, which specifies that procedures are to be made for the correct authorisation and payment of accounts, and
- regulation 13, which specifies that a list of payments made is required to be presented at ordinary council meetings.

Local Government (Functions and General) Regulations 1996 are also complied with in relation to adhering to the Town of East Fremantle's Purchasing Policy (*Regulation 11A*).

Policy Implications

Policy 2.1.6 Supplier Payments is applicable.

Financial Implications

There are no financial implications relevant to this item.

Strategic Implications

Strategic Priority 5 – Leadership and Governance

5.1 Strengthen organisational accountability and transparency

5.3 Strive for excellence in leadership and governance

Risk Implications

Risk	Risk Likelihood (based on history & with existing controls)	Risk Impact / Consequence	Risk Rating (Prior to Treatment or Control)	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
Late payment of invoices may lead to reputational issues for the Town of East Fremantle and may result in a breach of conditions of contract	Possible (3)	Moderate (3)	Moderate (5-9)	REPUTATIONAL Unsubstantiated, low impact, low profile or 'no news' item	Manage by actively monitoring

Risk Matrix

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Extreme
		1	2	3	4	5
Almost Certain	5	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Moderate (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Moderate (6)	Moderate (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating is provided below. Any items with a risk rating over 16 will be added to the Risk Register, and any item with a risk rating over 16 will require a specific risk treatment plan to be developed.

Risk Rating	9
Does this item need to be added to the Town's Risk Register	No
Is a Risk Treatment Plan Required	No

Comment

Finance Staff have implemented a Late Creditor Payments Register which details any invoices that have been paid after 30 days. The maintenance of this register will measure the number of invoices that are non-compliant and allows the Finance team to improve the performance of the Town of East Fremantle in paying its invoices.

The use of these registers will also assist in identifying any breaches of Council Policy.

11.3 OFFICER RECOMMENDATION/COMMITTEE RESOLUTION A041121

Moved Cr Wilson, seconded Cr McPhail

That the Audit Committee receives this overview of compliance against the Supplier Payment Policy, noting:

- 778 individual supplier invoices were assessed during the review period 1 July 2021 – 30 September 2021
- 89% of invoices were paid within the 30 days terms of trade as established under the Town's "General Conditions of Contract for the Supply of Goods and Services Under a Purchase Order:"

(CARRIED UNANIMOUSLY)

11.4 Corporate Credit Card Policy - Amendment

File ref	F/AUD1
Prepared by	Sam Dolzadelli, Manager Finance
Supervised by	Peter Kocian, Executive Manager Corporate Services
Meeting Date:	04 November 2021
Voting requirements	Simple Majority
Documents tabled	Nil
Attachments	1. Amended Corporate Credit Card Policy

Purpose

The Audit Committee is requested to endorse the changes to the Town's Corporate Credit Card Policy as provided in attachment 1.

Executive Summary

The Town's Corporate Credit Card Policy is required to be updated as some of the terminology in the Policy is no longer accurate:

- The Town has issued two new corporate credit cards to staff who are not in an Executive Management position and the Policy previously referred specifically to cardholders in such a position.
- The Policy also needs to be updated to reflect the correct dollar-value limit of the credit cards.
- An amendment to the guideline on direct debits is also proposed.
- The amended Policy also includes terms for when supporting documentation is omitted for expenditure over \$50.

Background

The Town's Corporate Credit Card Policy was last reviewed and amended on 17 September 2019. In July and August of 2021 two new corporate credit cards were issued to two staff. This was done to streamline direct procurement from suppliers whereby the use of a credit card was required. Upon review of the Policy, management has noted a number of inaccuracies and propose amendments to the Policy.

Risk Rating	3
Does this item need to be added to the Town's Risk Register	No
Is a Risk Treatment Plan Required	No

Strategic Implications

Strategic Priority 5 – Leadership and Governance

5.1 Strengthen organisational accountability and transparency

5.3 Strive for excellence in leadership and governance

Comment**New Corporate Credit Cards**

The two staff members who were issued cards do not form part of the Executive Management Team. The unamended Corporate Credit Card Policy states "As the cardholders are part of the Executive Management Team of the Town of East Fremantle, and individual credit card limits are below their delegated purchasing authority limits, expenditure incurred via credit card is therefore in accordance with appropriate delegated authority." This has been amended in the updated Policy, to remove the reference to the Executive Management Team.

Guidelines for credit card usage - Limits

The Policy states the guidelines for credit card usage, which included "The monthly limit assigned to each card holder is \$5,000". This is required to be updated, as the monthly limit assigned to each cardholder is different and is not fixed at \$5,000 for all card holders. The Town's total corporate credit card facility has a \$20,000 limit (this has not changed) and individual cardholders' limits range from \$500 to \$8,000.

Guidelines for credit card usage – Direct Debits

The unamended Policy states that no direct debits are to be utilised. The Town has a number of direct debits which are charged to the corporate credit cards for subscriptions. The Town has implemented a register for all direct debits to record the supplier, the frequency of the direct debit and the dollar amount. This reduces officer processing time for these payments by having them paid as direct debits.

Cardholder responsibilities – Threshold for omission of invoice/receipt

The unamended policy states that if a cardholder cannot obtain a copy of the invoice or receipt they are required to immediately lodge a written explanation advising as to the reason. This has been updated to include the requirement for a statutory declaration for any expenditure over \$50 whereby an invoice or receipt is not provided. Any expenditure under \$50 will still require a written explanation from the cardholder.

11.4 OFFICER RECOMMENDATION/COMMITTEE RESOLUTION A051121

Moved Cr Donovan, seconded Cr Wilson

That the Audit Committee recommend to Council the adoption of the amended Corporate Credit Card Policy which includes the updating of terminology to reflect the Town's actual credit card usage, including the officers who are a cardholder, the limits on each credit card, the use of direct debits and the requirement for a statutory declaration for purchases over \$50 whereby no invoice/receipt is provided.

(CARRIED UNANIMOUSLY)

11.5 Recurrent Status Report – Financial Management, Risk Management, Internal Controls and Legislative Compliance

File ref	F/AUD1
Prepared by	Peter Kocian, Executive Manager Corporate Services
Supervised by	Gary Tuffin, Chief Executive Officer
Meeting Date:	4 November 2021
Voting requirements	Simple Majority
Documents tabled	Nil
Attachments	1. Confidential - Status Report

Purpose

It is recommended that the Audit Committee receive a status report on all outstanding matters raised in external audit reports, financial management reviews, performance audits, internal audit reports and any other review relevant to the Audit Committee's Terms of Reference.

Executive Summary

A status report has been prepared reporting against identified issues with respect to audit, risk management, internal controls, procurement matters and legislative compliance. The status report is not an exhaustive listing and will become a living document and updated as issues are identified. It is presented to the Audit Committee to assist in their role to report to Council and provide advice and recommendations on matters relevant to its terms of reference.

Background

The Department of Local Government has published an Operational Guideline on Audit in Local Government. Appendix 3 of this Guideline lists a number of matters that should be presented to an Audit Committee for review and monitoring:

Risk Management:

- Reviewing whether the local government has an effective risk management system;
- Reviewing whether the local government has a current and effective business continuity plan;
- Reviewing areas of potential non-compliance with legislation, regulations and standards and local governments policies;
- Reviewing the following; litigation and claims, misconduct, and significant business risks;
- Obtaining regular risk reports, which identify key risks, the status and the effectiveness of the risk management systems, to ensure that identified risks are monitored and new risks are identified, mitigated and reported;
- Assessing the adequacy of local government processes to manage insurable risks and ensure the adequacy of insurance cover, and if applicable, the level of self-insurance;
- Reviewing the effectiveness of the local governments internal control system with management and the internal and external auditors;
- Assessing whether management has controls in place for unusual types of transactions and/or any potential transactions that might carry more than an acceptable degree of risk;
- Assessing the local government's procurement framework with a focus on the probity and transparency of policies and procedures/processes and whether these are being applied.

Internal Control Systems:

- Separation of roles and functions, processing and authorisation;
- Control of approval of documents, letters and financial records;
- Limit of direct physical access to assets and records;
- Control of computer applications and information system standards;
- Regular maintenance and review of financial control accounts and trial balances;
- Comparison and analysis of financial results with budgeted amounts;
- Report, review and approval of financial payments and reconciliations;
- Comparison of the result of physical cash and inventory counts with accounting records.

Legislative Compliance:

- Monitoring compliance with legislation and regulations;
- Reviewing the annual Compliance Audit Return and reporting to Council the results of that review;
- Reviewing whether the local government has procedures for it to receive, retain and treat complaints, including confidential and anonymous employee complaints;
- Obtaining assurance that adverse trends are identified and review managements plans to deal with these;
- Reviewing management disclosures in financial reports of the effect of significant compliance issues;
- Considering the internal auditors role in assessing compliance and ethics risks in their plan;
- Monitoring the local government's compliance frameworks dealing with relevant external legislation and regulatory requirements.

Consultation

Chief Executive Officer

Manager Finance and Administration

Statutory Environment

Regulation 17 of the *Local Government (Audit) Regulations 1996* requires the CEO to review the appropriateness and effectiveness of a local governments systems and procedures in relation to risk management, internal control and legislative compliance separately or all at the one time, on the provision that each matter is reviewed at least once every three years. The CEO is also required to report the results of that review to Council.

Policy Implications

	70	58	9	3

11.5 OFFICER RECOMMENDATION/COMMITTEE RESOLUTION A061121

Moved Cr Donovan, seconded Cr White

That the Audit Committee receives the status report on items relevant to its Terms of Reference.

(CARRIED UNANIMOUSLY)

Cr Natale raised a question regarding staff leave accruals. CEO advised that leave accruals were monitored on an ongoing basis and leave plans were in place for staff who had a maximum of 8 weeks leave.

Cr White raised a question regarding Audit Finding 61 Contract Insurance and whether insurance companies were asked to advise when a Contractor's Certificate of Currency is cancelled. The CEO advised that presently wasn't the case but could be considered in the future.

11.6 Operational and Strategic Risk Registers

File ref	F/AUD1
Prepared by	Peter Kocian, Executive Manager Corporate Services
Supervised by	Gary Tuffin, Chief Executive Officer
Meeting Date:	15 July 2021
Voting requirements	Simple Majority
Documents tabled	Nil
Attachments	1. Operational Risk Register 2. Strategic Risk Register

Purpose

It is recommended that the Audit Committee receive the attached Operational and Strategic Risk Register.

Executive Summary

The Town's most recent Financial Management Review identified the requirement for a comprehensive Risk Register to be developed and presented to the Audit Committee as a standing item. This project has now been completed, with an Operational Risk Register and Strategic Risk Register appended to this report.

Background

Operational Risk Register

A report providing background to the Town's Risk Management Governance Framework was considered by the Audit Committee at its meeting of 7 November 2019. A risk assessment tool has since been adopted by Council, and features in all Council agenda items. Any item with a risk rating over 16 is required to be included in the attached Operational Risk Register.

The 2019 General Computer Control (GCC) Audit also included a finding that *"a register to track and record the Town's information risks does not exist"*. An Information Systems risk profile has now been incorporated into the Operational Risk Register and includes all findings from the GCC Audit.

Strategic Risk Register

Local Government Insurance Services (Risk Management Team) was engaged to assist the Town to identify potential strategic risks, facilitate the assessment and development of mitigation activities for prioritised strategic risks, and to provide a documented format for the ongoing management and reporting of strategic risks.

The above project work has resulted in the development of a Strategic Risk Dashboard Report (see attached Strategic Risk Register). Five key strategic risks have been identified by the Executive Team:

- Waste Recycling
- Inadequate provision of facilities or services
- East Fremantle Oval Precinct Project
- Strategic Planning
- Stakeholder Engagement

The inherent risk (risk prior to implementation of any controls) is considered to be high or extreme for all of the aforementioned. A number of actions and timeframes have been attached to each of the Strategic Risks, the status of which will be reported to the Audit Committee on a reoccurring basis.

Consultation

Executive Team

Statutory Environment

Regulation 17 of the *Local Government (Audit) Regulations 1996* requires the CEO to review the appropriateness and effectiveness of a local governments systems and procedures in relation to risk management, internal control and legislative compliance separately or all at the one time, on the provision that each matter is reviewed at least once every three years. The CEO is also required to report the results of that review to Council.

Policy Implications

Council has adopted Policy 2.2.4 Risk Management.

Financial Implications

There are no financial implications relevant to this item.

Possible	3	Low (3)	Moderate (6)	Moderate (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating is provided below. Any items with a risk rating over 16 will be added to the Risk Register, and any item with a risk rating over 16 will require a specific risk treatment plan to be developed.

Risk Rating	8
Does this item need to be added to the Town's Risk Register	No
Is a Risk Treatment Plan Required	No

Comment

The Dashboard reports from the Risk Registers identify a number of actions to be completed within the next 12-months. The Committee's attention is drawn to these items and any queries/concerns/prioritised actions will be documented in the minutes from this meeting and reported against by staff at the next meeting.

11.6 OFFICER RECOMMENDATION/COMMITTEE RESOLUTION A071121

Moved Cr White, seconded Cr Wilson

That the Audit Committee receives the Operational Risk Register and Strategic Risk Register as appended to this report and note that the current actions and timeframes contained within this document will be reviewed by the Committee on a reoccurring basis. Sample Risk Registers will be presented to the Committee at the February 2022 meeting.

(CARRIED UNANIMOUSLY)

Cr Wilson raised a question regarding the current format used for the Risk Register. Executive Manager Corporate Services was requested to review the structure and report back to the February 2022 meeting.

Town of East Fremantle - 4 year Internal Audit Work Plan

[illegible]

2.1.6 Supplier Payments

Type:	Corporate Services – Financial Management
Legislation:	Local Government Act 1995 Local Government (Administration) Regulations 1996 Local Government (Functions and General) Regulations 1996
Delegation:	
Other Related Document:	Purchasing Policy 2.1.3 Corporate Purchasing Card Policy 2.1.8 General Conditions of Contract for the Supply of Goods & Services under a Purchase Order PRO2.1.6

Policy Statement

This Policy, which is **mandatory**, allows the CEO to make payments to creditors in order to carry out the ordinary course of business with respect to the payment of accounts for the Town of East Fremantle.

Policy Scope

This Supplier Payments Policy outlines the manner in which creditor payments are to be made to a supplier. This policy should be read in conjunction with section 6.5 of the *Local Government Act 1995* and *Local Government (Financial Management) Regulations 1996*, specifically:

- regulation 5, which specifies the CEO's duties as to financial management
- regulation 11, which specifies that procedures are to be made for the correct authorisation and payment of accounts, and
- regulation 13, which specifies that a list of payments made is required to be presented at ordinary council meetings.

Local Government (Functions and General) Regulations 1996 are also complied with in relation to adhering to the Town of East Fremantle's purchasing policy (*Regulation 11A*).

This policy will also specify the manner in which creditors are to be established and to ensure that the payment of creditor invoices are made in a timely manner and in accordance with the Town of East Fremantle's terms of trade.

The policy will also specify how the timely payment of invoices will be measured and monitored.

This policy does not cover payments made via the use of a Corporate Purchasing Card. Please refer to Policy 4.3.6 for compliance with the Corporate Purchasing Card Policy.

Policy

Creation of a new creditor or the updating of an existing creditor

Before a creditor is paid, all staff members liaising with creditors must provide the creditor with a "New / Update Creditor Details" form. This form is completed by the creditor and returned to the Finance Officer so that the creditor master file can be established in the finance system. The Finance Officer will allocate the creditor with a new Creditor Code, which is a sequential number that follows the creditor number file list. This form is also used when a change is required to a creditor's master file details.

This form details the creditor/supplier details, including their bank account details. Once entered by the Finance Officer into the finance system the form is reviewed by the Manager Finance and Administration, and authorised by the Executive Manager Corporate and Community Service.

The correct completion of the “New / Update Creditor Details” form will ensure that there is no delay in the payment of a creditor’s invoice.

All creditors will also receive a *General Conditions of Contract for the Supply of Goods and Services Under a Purchase Order* document. This document details the terms and conditions that the Town of East Fremantle (the Principal) and the supplier (the Contractor) must adhere to in the provision of goods and services.

Receipt of invoices for payment

All invoices received for payment by the Town of East Fremantle are to be submitted to the Finance Officer. On receipt of an invoice the Finance Officer date stamps the invoice. The Finance Officer will then begin the process to ensure that an invoice is correctly certified and authorised, data entered correctly into the finance system, and paid within its credit terms or in accordance with any contractual agreement.

Responsibilities of the Certifying Officer and Authorising Officer

Once an invoice has been received, the Finance Officer stamps the invoice with the Certifying Stamp and delivers the invoice to the certifying officer for signing.

The invoice is then certified by the staff member incurring the expenditure on behalf of the Town of East Fremantle to ensure the following:

- that the receipt of the goods and services is in accordance with the conditions of the Town’s purchase order/contract, and
- that any variations to works or price has been minor in nature.

The Finance Officer also stamps the invoice with the “Authorisation for Payment” stamp. The staff member responsible for authorising the payment signs the invoice to ensure the following:

- that the quantity and price per item match the quotation
- that the nominated account to be charged is valid, appropriate and that there are sufficient funds available to cover the allocation of costs associated with the invoice, and
- that the staff member is duly authorised to approve the expenditure.

Duties of the Finance Officer prior to making payment

The Finance Officer then checks the validity of the invoice to ensure that it is in accordance with ATO requirements, details of which are as follows:

- the invoice is addressed to The Town of East Fremantle
- the creditor’s identity – their name and business address
- the creditor’s Australian Business Number
- the date the invoice was issued
- a description of the goods and services, including the quantity (if applicable) and the price, and
- The GST amount (if any) payable.

Should the invoice received not be a valid tax invoice the Finance Officer is required to withhold 46.5% withholding tax from the payment of the creditor. An exception to this is where an ATO *Statement by a Supplier* form is completed and provided with the invoice.

Payment of Accounts Payable Invoices

Once the invoice has been duly certified and authorised, the Finance Officer enters the invoice into the finance system and matches the invoice to the authorised purchase order recorded against the

creditor that has been established in accordance with the Town of East Fremantle's *Purchasing Policy No. 4.2.4*.

For invoices that do not have a purchase order, a *Creditor Processing Form* is required to be completed. This form ensures that invoice is duly certified and authorised, is a valid tax invoice, is within budget and the nominated general ledger account to be charged is correct.

The payment of utilities to do not require a purchase order or a *Creditor Processing Form*, however, the payment of these expenditures is monitored against budget.

The Finance Officer ensures that Council purchase orders or "Creditor Processing Form" are signed only by Officers authorised by Council, namely the:

- Chief Executive Officer; (as per Budget)
- Executive Manager Corporate Services; Limit \$50,000
- Executive Manager Regulatory Services; Limit \$50,000
- Principal Environmental Health Officer; Limit \$1,500
- Operations Supervisor; Limit \$15,000
- Operations Manager; Limit \$50,000
- Manager Administration and Finance, Limit \$15,000
- Projects Coordinator; Limit \$5,000
- HR Coordinator; Limit \$5,000
- Coordinator Capacity Building; Limit \$1,500
- Executive Assistant to CEO; Limit \$1,000
- Coordinator Planning and Building; Limit \$500
- Coordinator CHSP (CHSP related purchases only); Limit \$1,500
- Assistant Coordinator CHSP (CHSP related purchases only); Limit \$500
- Operations Administrative Support Officer; Limit \$500

or those Officers acting in the positions from time to time.

The Town will comply with any agreed payment terms and endeavours to take advantage of discounts offered for prompt payment.

If no payment terms are specified on the invoice, the invoice will pay within 30 days of receipt.

EFT and cheque payments are processed fortnightly on Wednesdays, unless a prompt payment is required.

The Finance Officer prepares a batch of invoices for payment from the finance system together with the *Creditors to be Paid* listing, and an *Authorisation Form* that must be authorised by any two (2) of the following:

- (1) Chief Executive Officer
- (2) Executive Manager Corporate Service
- (3) Manager Finance

Once the batch is reviewed and authorised the payment of the invoices can be prepared. Payments are generally made via EFT or when required by cheque.

Two signatories are required to authorise an EFT and to sign a cheque.

Cheques are pre-printed on Council stationery, pre-numbered and issued in numerical sequence. Unused cheques are stored securely.

Monthly Council Meetings - submission of accounts paid

Each month the Finance Officer prepares a listing of payments made by the Town of East Fremantle. The listing is reviewed by the Manager Finance & Administration and Executive Manager Corporate Services and presented to Council for approval.

Record Keeping

On completion of a payment run the Finance Officer attaches the invoices to the EFT remittance or plain paper copy of the cheque (as appropriate) and files the batches sequentially in folders stored securely.

Measuring and monitoring the performance of supplier payments

The Finance Officer maintains a *Creditors Non Compliance and Improvements Register*. This register monitors issues of non-compliance between the approval of purchase orders and the approval of invoices for payment. The following supplier payment issues are monitored:

- invoices that vary greater than 10% above the purchase order amount
- purchase orders that are dated after the invoice date
- purchase orders that do not follow the correct quote procedure in accordance with the Purchasing Policy
- the justification for a sole supplier arrangement
- purchase orders have a request for tender or a request for quote number state when applicable
- purchase orders have a WALGA or Common Use Arrangement contract number stated when applicable

On completion of a payment run the Finance Officer enters the details of any invoice which has been paid after 30 days or after its terms of trade (if less than 30 days) into the *Late Creditor Payments Register*.

The maintenance of these registers detail any non-compliance, measures the number of invoices that are non-compliant and allows the Finance team to improve the performance of the Town of East Fremantle in paying its invoices.

The use of these registers will also assist in identifying any breaches of this policy.

Consequences of Breaching this Policy

The policy constitutes a lawful instruction to staff members involved in administering accounts payable transactions. Any breaches of the policy may lead to disciplinary action.

Variation to this Policy

This policy may be varied from time to time. All the organisation's employees will be notified of any variation to this policy by the normal correspondence method.

General Conditions of Contract for the Supply of Goods and Services under a Purchase Order

GENERAL CONDITIONS OF CONTRACT FOR THE SUPPLY OF GOODS AND SERVICES UNDER A PURCHASE ORDER (PRO2.1.6)

1 SUPPLY OF GOODS AND SERVICES

- 1.1 The Contractor must supply the Goods or Services to the Principal in accordance with the Contract.
- 1.2 Unless expressly agreed to in writing by the Principal and referenced in the Contract, to the extent permitted by Law, no other terms or conditions, including the Contractor's own terms and conditions even where they have been provided to the Principal or signed by a representative of the Principal, will apply or have any legal effect in connection with the supply of the Goods, the performance of the Services or the Contract.
- 1.3 Where the Contract relates to Goods or Services the subject of a separate contract between the Contractor and the Principal, the terms of the separate contract also apply to the extent of any inconsistency with the Contract unless the Principal has clearly stated otherwise on the Purchase Order.

2 CONTRACTOR'S OBLIGATIONS

- 2.1 The Contractor must ensure that it and the Contractor's Personnel, in performing the Contractor's Obligations under the Contract:
 - (a) comply with all applicable Laws, any standards and procedures made available by the Principal to the Contractor, and any reasonable instructions given by the Principal;
 - (b) do not interfere with the Principal's activities or the activities of any other person at the Delivery Point or any place the Contractor provides the Services;
 - (c) carry out and perform the Contractor's Obligations in a safe manner in a way which does not prejudice safe working practices, safety and care of property or continuity of work;
 - (d) unless otherwise set out in the Contract, supply all plant, resources and equipment necessary to perform the Services; and
 - (e) provide all such information and assistance as the Principal reasonably requires.

3 RECEIPT, INSPECTION AND ACCEPTANCE OF GOODS AND SERVICES

- 3.1 The Contractor must deliver the Goods in full to the Delivery Point and perform the Services at the times stated in the Contract. In this respect, time will be of the essence of the Contract.
- 3.2 Acceptance of the Goods or Services by the Principal does not constitute approval of the Goods or Services or prejudice any claim the Principal may have in connection with the Goods or Services.
- 3.3 Acceptance of the Goods or Services occurs on the earlier of:
 - (a) a representative of the Principal notifying the Contractor in writing that the Goods or Services have been accepted; or
 - (b) the lapse of 14 days after delivery of the Goods to the Delivery Point without the Principal notifying the Contractor in writing that the Goods have been rejected.

- 3.4 The Contractor must allow the Principal or a representative of the Principal, upon 2 Business Days' written notice from the Principal and during standard business hours, to inspect, examine, review and witness tests of the Goods or Services, or the performance of the Goods or Services and to carry out site inspections at the Contractor's premises.

4 TITLE AND RISK

- 4.1 Title in the Goods will pass from the Contractor to the Principal upon payment of the Contract Price. The Contractor warrants that title in the Goods will be transferred to the Principal without any encumbrances or liens.
- 4.2 Risk in the Goods will pass to the Principal on acceptance of the Goods in accordance with clause 3.3.

5 VARIATIONS

The Contractor must not change the Goods or Services, including an addition, reduction or omission to any part of the Goods or Services except in accordance with a written direction of the Principal in which case the Contractor must comply with that direction and the Contract Price will be adjusted by an amount agreed in writing by the parties.

6 INVOICING AND PAYMENT

- 6.1 The Principal must pay the Contract Price to the Contractor for the Goods and the Services.
- 6.2 The Contract Price is inclusive of all costs and expenses including packaging, freight, delivery, insurance, the cost of any miscellaneous services, compliance with the Contract and Taxes and, subject to clause [5](#), no additional amounts will be payable by the Principal.
- 6.3 Subject to clause [6.4](#), on or promptly after the later of the Date of Delivery of the Goods or the Date of Completion of the Services (as applicable), the Contractor must submit an Invoice to the Principal for the amount due to the Contractor.
- 6.4 If agreed in writing by the Principal, the Contractor may submit an Invoice to the Principal at the end of each month for any Services performed during that or previous months provided those Services have not already been included in a previous Invoice issued to the Principal.
- 6.5 An Invoice must include:
- (a) the Purchase Order number;
 - (b) a description of the Goods delivered, including the quantity of Goods and the Date of Delivery; or
 - (c) a description of the Services performed;
 - (d) the amount being claimed for the Goods and the Services;
 - (e) the amount of any applicable GST;
 - (f) if applicable, Include the Walga Preferred Supplier discount associated with the purchase and
 - (g) any further information reasonably requested by the Principal.
- 6.6 If an Invoice does not contain the information required in clause 6.5, the Principal may, at its option, complete the missing details or return the incomplete Invoice to the Contractor, in which case the Contractor must submit a replacement Invoice compliant with clause 6.5.

- 6.7 Subject to the Contractor submitting an Invoice in accordance with clause 6.5 or a compliant Invoice in accordance with clause 6.6, the Principal must pay the amount payable within 30 days or as otherwise agreed by the parties.
- 6.8 Payment under this clause 6 will not be taken as proof or admission that all, or any part of, the Goods or the Services have been delivered or performed (as the case may be) to the satisfaction of the Principal, but will be taken to be payment on account only.
- 6.9 The Contractor agrees that the Principal may:
- (a) deduct from moneys due to the Contractor any money due or which may become due from the Contractor to the Principal under, or in connection with, the Contract; and
 - (b) withhold payment of any amounts payable under the Contract pending resolution of any dispute.

7 GOODS AND SERVICES TAX

- 7.1 If GST is imposed on any supply made by the Contractor in connection with the Contract, the Contractor may recover from the Principal, in addition to the Contract Price, an amount equal to the GST payable in respect of that supply.
- 7.2 The Contractor must first provide the Principal with an Invoice before the Principal will pay the GST amount to the Contractor.

8 QUALITY OF GOODS AND SERVICES

- 8.1 The Contractor must ensure that:
- (a) all Goods or Services conform to the description of the Goods or Services set out in the Contract;
 - (b) all Goods and Services are fit for their intended purpose and to the extent Services performed are design Services, the works being designed will be fit for their intended purpose;
 - (c) if the Contractor provided the Principal with a demonstration of the Services or represented that a result could be achieved by the Services before the Principles issues the Purchase Order, the Services correspond in nature and quality with the services demonstrated or the services that achieved that result (as the case may be); and
 - (d) any Goods are new and of merchantable quality.
- 8.2 The Contractor warrants that the Contractor's Personnel engaged to perform the Services have all the necessary skills, training and qualifications to carry out the Services in accordance with the Contract.
- 8.3 The Contractor must ensure that the Principal has the full benefit of any manufacturer's warranties that may be applicable to the Goods (and the Contractor must, at its cost, pursue any manufacturer's warranties on the Principal's behalf).

9 DEFECTS

- 9.1 At any time prior to the expiry of the Defects Liability Period, the Contractor must, at its cost and at the Principal's direction, promptly rectify all Defects other than a Defect caused by the negligence of the Principal.
- 9.2 Nothing in this clause [9](#) prejudices any other right that the Principal may have against the Contractor arising out of the failure of the Contractor to supply the Goods or perform the Services in accordance with the Contract.
- 9.3 If the Principal directs the Contractor to rectify a Defect and the Contractor fails to rectify that Defect within a reasonable time specified by the Principal:
- (a) the Principal may, without prejudice to any other rights the Principal may have against the Contractor, rectify the Defect itself; and
 - (b) the rectification costs incurred by the Principal will be a debt due and payable on demand from the Contractor to the Principal.
- 9.4 Where any Defect has been rectified under the Contract, the rectification work will be the subject of an additional Defects Liability Period commencing on the date the relevant rectification works are completed.

10 CONFIDENTIAL INFORMATION

The Contractor must not use any Confidential Information or disclose any Confidential Information other than to any of the Contractor's Personnel who need the information to perform the Services or deliver the Goods, to the Contractor's legal advisers or where required by Law.

11 INTELLECTUAL PROPERTY

- 11.1 Subject to clause 11.3, the Contractor IP remains vested in the Contractor and the Principal IP remains vested in the Principal.
- 11.2 The Principal will own all Intellectual Property that the Contractor creates in the performance of the Services and the supply of the Goods.
- 11.3 The Contractor grants to the Principal a non-exclusive, perpetual, royalty-free, irrevocable, transferable, sub- licenseable licence (with the right to grant sub-licenses on the same terms) to use the Contractor IP to the extent necessary to use the Goods and the Services.

12 INSURANCE

- 12.1 Where the Contract is for Goods, the Contractor must effect and maintain with a reputable insurer *goods insurance* covering insurance of the Goods against all risks to the point of delivery at the Delivery Point and, if the Goods are rejected by the Principal, from the time the Contractor collects the Goods from the Principal, for an amount not less than the full replacement costs of the Goods.
- 12.2 Where the Contract is for Services, the Contractor must effect and maintain with a reputable insurer the following insurance policies for the entirety of the term of the Contract:
- (a) *public and products liability insurance* covering liability for damage to property and the death of or injury to any person (other than as covered under a workers compensation policy) in an amount of not less than \$10 million in respect of each and every claim, unlimited as to the number of occurrences for public liability;

- (b) workers compensation insurance as required by Law, including cover for common law liability for an amount of not less than \$50 million for any one occurrence;
 - (c) *motor vehicle insurance* covering all vehicles, plant and equipment (whether owned, hired or leased) used in connection with the Contract for loss or damage of not less than the market value and third party liability of not less than \$20 million in respect of each and every claim;
 - (d) insurance covering the Contractor's own property, goods, materials owned, hired, leased or used by the Contractor, for an amount not less than the market value of those insured items; and
 - (e) any additional insurance required by an applicable Law or reasonably requested by the Principal; and
 - (f) where the Contractor is providing professional services, *professional indemnity insurance* of not less than \$2 million for each claim and in the aggregate for all claims arising in the same insurance period, covering the liability of the Contractor for any professional services provided by the Contractor and the Contractor's Personnel under the Contract. Where this insurance is effected on a 'claims made' basis, the policy must be maintained for a period of at least 7 years after the Completion Date or the earlier termination of the Contract.
- 12.3 The Contractor must provide to the Principal, within 3 business days of a written request, certificates of currency for each of the insurance policies required under clauses 12.1 or 12.2 (or both, as applicable).
- 12.4 Subject to clause 17.4, if the Contractor subcontracts any part of the Contractor's Obligations, then the Contractor must ensure that every subcontractor effects and maintains all of the insurances required under clause 12.1 or 12.2 (or both, as applicable), as appropriate for the work being performed by that subcontractor, before the subcontractor commences any of the Contractor's Obligations.

13 INDEMNITY AND LIMITS OF LIABILITY

- 13.1 The Contractor indemnifies the Principal and the Principal's officers, employees, agents and contractors for and against any claims (including third party claims) and losses suffered or incurred by any of them arising out of, or in connection with, any wrongful act or omission of the Contractor or any of the Contractor's Personnel. This indemnity will be reduced to the extent that the claim or loss is caused by the negligence of the Principal or the Principal's personnel.
- 13.2 Neither party is liable to the other for Consequential Loss.

14 TERMINATION

- 14.1 The Principal may terminate the Contract by notice to the Contractor:
- (a) at any time and in its absolute discretion by giving 7 days' notice to the Contractor;
 - (b) if the Contractor commits a breach of the Contract and fails to remedy that default within 14 days of the Principal giving notice of the breach; or
 - (c) immediately if an Insolvency Event occurs.
- 14.2 On termination of the Contract, the Contractor must promptly return to the Principal any of the Principal's Confidential Information, property and documents which the Principal owns or in which the Principal has an interest.

14.3 If the Contract is terminated under clause 14.1(a):

- (a) the Principal must pay the Contractor that part of the Contract Price for any Contractor's Obligations performed prior to termination that have not already been paid by the Principal; and
- (b) the Contractor is not entitled to, and the Principal is not liable for, any additional amounts whatsoever.

14.4 Subject to clause 14.3, termination of the Contract, however it may occur, does not prejudice any claim that either party may have against the other under the Contract on termination.

15 NOTICES

Any notice or other communication relating to the Contract must be in writing, signed by the sender or its agent, and either hand delivered, sent by pre-paid post, faxed or emailed to the other party at the address, fax number or email address set out in the Purchase Order.

16 DISPUTES

16.1 Neither party may commence any action, bring any proceedings or seek any relief or remedy in a court, except interlocutory or equitable relief, from a court in respect of a dispute until they have complied with the dispute resolution process in accordance with this clause [16](#).

16.2 If any dispute arises between the parties in relation to the Contract, either party must give notice of the dispute to the other party.

16.3 A senior representative of each of the parties must promptly meet and attempt to resolve the dispute. If the parties are unable to resolve a dispute within 21 days of the notice referred to in clause [16.2](#), then either party may issue court proceedings.

17 GENERAL

17.1 The Contract states all the express terms of the agreement between the parties in respect of its subject matter. It supersedes all prior representations, discussions, negotiations, understanding and agreements in respect of its subject matter.

17.2 The Contract is governed by the law in force in Western Australia and each party irrevocably submits to the non- exclusive jurisdiction of courts exercising jurisdiction in Western Australia.

17.3 The Contractor must not assign or novate the Contract or assign any other right, benefit or interest under the Contract to any person or entity without the prior written consent of the Principal.

17.4 The Contractor must not, without the prior written consent of the Principal, which consent must not be unreasonably withheld, subcontract any of the Contractor's Obligations.

17.5 No term or provision of the Contract will be construed against a party on the basis that the Contract or the term or provision in question was put forward or drafted by that party.

17.6 The Contract is a non-exclusive contract for the supply of Goods or Services and it does not prevent the Principal from entering into other contracts for the supply or performance of the same or similar goods or services with other contractors.

17.7 Any provision of the Contract which is illegal, void or unenforceable will be ineffective to the extent only of that illegality, voidness or unenforceability without invalidating the remaining provisions. If the Principal is restructured by Law, then the rights and obligations of the Principal under the Contract are novated to and assumed by the appropriate legal entity as determined by the Principal or the successors of the Principal under the restructure.

17.8 Clauses 4, 6.8, 6.9, 10, 11, 12.2(f), 13, 14.4 and 17 survive the termination or expiry of the Contract.

18 DEFINITIONS

Completion Date means the date on which performance of the Services is completed.

Conditions of Contract means these general conditions of contract for the supply of goods and services under a purchase order.

Confidential Information means the Contract and information (regardless of its form) which is disclosed directly or indirectly by the Principal to the Contractor or Contractor's Personnel which is treated or designated as confidential, or which the Contractor or the Contractor's Personnel ought to know is confidential, but does not include information which is or becomes public knowledge (other than by the Contractor's disclosure or breach of the Contract).

Consequential Loss means any loss of production, loss or revenue, loss of profit, loss of business reputation, business interruptions, loss of opportunities, loss of anticipated savings or wasted overheads.

Contract means the Conditions of Contract and the relevant Purchase Order.

Contract Price means the price for the Goods or Services (exclusive of GST) set out in the Purchase Order.

Contractor means the contractor specified in the Purchase Order.

Contractor IP means any Intellectual Property of the Contractor (or Intellectual Property licensed to the Contractor by a third party) which:

- (a) is in existence before the date of the Contract or comes into existence after the date of the Contract other than in connection with the Contract, the Goods or the Services; and
- (b) which the Contractor makes available, contributes, brings to or uses in connection with the Contract.

Contractor's Obligations means all of the Contractor's obligations under the Contract.

Contractor's Personnel means the Contractor's officers, employees, agents and subcontractors and their respective employees and agents.

Date of Delivery means the date on which the Goods are delivered to the Delivery Point.

Day means a business day that is not a Saturday, Sunday, a public holiday in Western Australia or 27, 28, 29, 30 or 31 December.

Defect means any defect, error, damage, deficiency, fault or inadequacy in the design, performance, workmanship, quality or makeup of the Goods or Services.

Defects Liability Period means a period of 12 months commencing:

- (a) in respect of the Goods, on the Date of Delivery; and
- (b) in respect of the Services, on the Completion Date,

and, where relevant, any additional period of time specified in accordance with clause 9.4.

Delivery Point means the place set out in the Purchase Order for delivery of the Goods or otherwise notified by the Principal in writing.

Goods means any goods, materials, supplies, equipment or other items set out in the Purchase Order.

GST means goods and services tax or similar value added tax levied or imposed in Australia pursuant to *A New Tax System (Goods and Services Tax) Act 1999* (Cth).

Insolvency Event means in respect of the Contractor, the following events: appointment of an administrator, appointment of a liquidator, appointment of a provisional liquidator, appointment of a controller (including any receiver or receiver and manager), insolvency, bankruptcy, winding up or any event analogous to these events.

Intellectual Property means all intellectual and industrial property rights, including trade marks, copyright (including future copyright), inventions, patents, designs, circuits and other eligible layouts, database rights, including any application or right to apply for registration of any of these rights.

Invoice means any document or record treated by the Commissioner of Taxation as an invoice or as a document entitling a recipient to an input tax credit.

Law means any law in force in Australia, whether common law, equity or any law under any statute, subordinate legislation, ordinance or code.

Principal means the party ordering or receiving the Goods or Services in accordance with the Contract, being that party specified in the Purchase Order.

Principal IP means any Intellectual Property of the Principal (or licensed to the Principal by a third party) which the Principal makes available, contributes, brings to or uses in connection with the Contract.

Purchase Order means the Principal's purchase order form for the Goods or Services.

Services means any services set out in the Purchase Order, including the delivery of any goods and performance of services ancillary to the Services.

Tax means any income, land, indirect and other taxes, levies, imposts, deductions, charges, duties, compulsory loans and withholdings, including financial institutions duty, debits tax or other taxes whether incurred by, payable by return or passed on to another person and includes any interest, penalties, charges, fees, fines or other amounts imposed in respect of any of the above, but does not include GST.

19 INTERPRETATION

In the Contract:

- (a) a reference to "Goods or Services" is to be read as "Goods or Services, or both of them, as applicable";
- (b) the singular includes the plural and the plural includes the singular;
- (c) a reference to a clause or party of the Contract is a reference to a clause of, and a party to, the Contract;

- (d) a reference to legislation includes all delegated legislation made under it and amendments, consolidations, replacements or re-enactments of any of them;
- (e) the words 'include', 'includes' and 'including' must be construed without limitation as to what else might be included; and
- (f) Part 1F of the Civil *Liability Act 2002* (WA) does not apply to the Contract.

WESTERN AUSTRALIAN AUDITOR GENERAL'S REPORT

Timely Payment of Suppliers

**THE PRESIDENT
LEGISLATIVE COUNCIL**

**THE SPEAKER
LEGISLATIVE ASSEMBLY**

TIMELY PAYMENT OF SUPPLIERS

This report has been prepared for Parliament under the provisions of section 25 of the *Auditor General Act 2006*.

This focus area audit assessed whether 10 local governments were making payments to suppliers on a timely basis in accordance with better practice.

I wish to acknowledge the cooperation of the staff at the local governments included in this audit.

CAROLINE SPENCER
AUDITOR GENERAL
13 June 2018

Timely Payment of Suppliers

Background

Each year local governments spend hundreds of millions of dollars purchasing goods and services. To assist the continued viability of businesses in Western Australia and to help small businesses in particular to manage cash flow and administrative costs, it is important that local governments make timely payments to suppliers. In some instances, slow payments may impact the ability of suppliers to meet subsequent orders.

Due to the variety of factors affecting the circumstances under which local governments and their suppliers operate, we did not expect to find identical payment practices across the local governments included in our audit. Local government regulations do not specify payment timeframes and during this audit we have not regarded a particular payment period as the ideal. Rather, we have had regard mainly to the policies and practices of the sampled local governments and the payment terms of their suppliers. This audit therefore required significant judgement when identifying and investigating the timeliness of payments.

Conclusion

Most payments were made in a timely manner. However, 7 local governments did not have formal payment policies and practices that addressed the need to pay on time, which led to inconsistency in how quickly payments were made. For the 3 local governments with timely payment policies, 15% of payments were outside the timeframes in the policies without a valid reason.

What we did

The focus of the audit was to assess whether 10 sampled local governments were making payments to suppliers on a timely basis in accordance with better practice.

We assessed the policies and practices over an 11-month period from 1 January to 30 November 2017, using the following lines of inquiry:

1. Have local governments developed procedures and controls for ensuring that payments are made on a timely basis?
2. Are suppliers being paid on a timely basis?

We audited 600 transactions across 10 local governments with a total value of \$68.9 million. Where payments were not made in accordance with policies and procedures or suppliers' terms, we considered whether there were valid reasons for delays.

We conducted this audit under section 18 of the *Auditor General Act 2006* and in accordance with Australian Auditing and Assurance Standards. The approximate cost of undertaking this audit was \$170,000.

Local governments included in our audit

Focus area audits assess local governments against common business practices to identify good practices and control weaknesses and exposures so that local governments, including those not audited, can evaluate their own performance.

When deciding which local governments to include in this audit we aimed for a mix of different size local governments from diverse locations with varying budgets, resourcing and purchasing requirements. This allowed us to identify potential issues, better practice examples and improvement opportunities that are likely to be applicable across the broader local government sector. We included the following local governments in this audit:

Local government	Number of transactions 1 January – 30 November 2017	Value of transactions 1 January – 30 November 2017
City of Armadale	20,723	\$77,888,825
Shire of Bruce Rock	1,642	\$6,333,914
City of Cockburn	20,981	\$114,500,102
Shire of Cunderdin	2,774	\$6,171,374
Shire of Kellerberrin	1,489	\$7,929,003
Shire of Kojonup	2,977	\$8,596,354
Shire of Merredin	3,976	\$8,075,895
City of Swan	27,650	\$123,501,738
Shire of Tammin	970	\$2,634,177
Shire of York	1,974	\$9,229,998
Total	85,156	\$364,861,380

Table 1: Volume and value of transactions

What did we find?

Only 3 local governments had policies and procedures that addressed timely payment of suppliers

Good policies and procedures provide essential guidance for staff to manage payments in accordance with management's expectations and the needs of suppliers. They should specify timelines and where appropriate, circumstances where alternate timelines may be acceptable.

Only 3 metropolitan local governments in our sample had policies or procedures that addressed the timely payment of suppliers. Two of these required payment within 30 days, with the other requiring payment by the end of the month after the invoice is received. For these 3 local governments 15% of payments did not comply with their policies and procedures.

To enable management to monitor any payment delays it is important to record the dates when goods or services and the invoice are received. While 6 of the 10 local governments were recording on the invoices the date that they were received, only the cities of Cockburn and Swan were recording the date that goods and services were received in their financial system to enable effective monitoring.

For our audit, where the local government had not recorded the date of receipt, we have assumed that the invoice was received 3 days after the date on the invoice.

At 4 local governments there was no documented evidence that someone had checked that goods and services were received prior to payment. Invoices were approved and it is possible that someone checked whether goods or services were received as part of this approval. Some local governments advised that their 'OK to Pay' stamp implied that goods or services were received, however, we consider that an explicit signoff for receipt is better practice.

For 13% of payments there was no valid reason why payments were later than supplier requirements or management policy/procedures

Delays in paying invoices adversely affects the cashflow of suppliers. It may also result in late payment fees although we did not find any instances in this audit.

Figure 1 shows the timing of all payments by number of days and by value including those with valid reasons and no reason for delays. This table shows that most payments were made within 32 days.

Figure 1: Timeline of all payments in our sample

The largest late payment to a state government agency with no valid reason was for \$5.2 million, paid 31 days after receipt of the invoice. This was 1 day later than the local government's policy. The largest late payment to a private sector supplier was \$1.4 million, paid 29 days later than the local government's policy.

The longest overdue payment, relating to the purchase of gym equipment, was paid 154 days after the invoice. There was no valid reason for the delay.

We regarded payments that, for no valid reason, did not meet supplier requirements or the local government's own policies and procedures and were also later than 30 days to be of particular concern. There were 75 payments (13%) which were paid later than 30 days and were either outside of the suppliers' terms or the local government's policy, split as shown in Figure 2.

Figure 2: Analysis of payments later than 30 days without a valid reason

Figures 3 and 4 provide a breakdown of the main reasons for delays in paying invoices. Valid reasons for delays included:

- goods and services were received after the invoice was received
- dispute with the supplier
- delay in the supplier sending the invoice.

The main reasons for delays that we considered avoidable were:

- some larger local governments experienced internal delays in submitting invoices to the finance area for payment
- delays in processing payments in the finance area
- unable to provide an explanation for the delay
- misplaced or lost invoice.

Figure 3: Valid reasons for delays

Figure 4: Invalid reasons for delays

Recommendations

Local governments should:

1. have policies or procedures that clearly require payment of invoices within specified periods after receiving the invoice or after the receipt of goods and services (whichever is later)
2. ensure they improve administrative processes so that all payments are made in accordance with their policies and procedures
3. improve recordkeeping to ensure that for all payments there are records of the date that the invoice and goods or services were received. Ideally, this information should be recorded in the financial information management system and used as a key date for determining when payments should be made.

Response from local governments

Local governments in our sample generally accepted the recommendations and confirmed that, where relevant, they have either amended policies, procedures or administrative systems or will improve practices for managing timely payments.

2.1.8 Corporate Credit Card

Type:	Corporate Services – Financial Management
Legislation:	Local Government Act 1995 Local Government (Administration) Regulations 1996 Local Government (Functions and General) Regulations 1996
Delegation:	
Other Related Document:	Purchasing Policy 2.1.3 Supplier Payments Policy 2.1.6 Corporate Credit Card Procedures (PRO2.1.8) Request to use Town Credit Card Credit Card Acquittal

Policy Statement

This Policy, which is **mandatory**, allows the CEO to pay for expenditure, incurred in carrying out the ordinary course of business for the Town of East Fremantle, via the use of a Corporate Credit Card.

Policy Scope

This Corporate Credit Card Policy outlines the manner in which the corporate credit card can be used and provides clear guidance and responsibilities of the card users and ensures protection of the Town of East Fremantle's funds. This policy should be read in conjunction with section 6.5 of the *Local Government Act 1995* and *Local Government (Financial Management) Regulations 1996*, specifically:

- regulation 5, which specifies the CEO's duties as to financial management
- regulation 11, which specifies that procedures are to be made for the correct authorisation and payment of accounts, and
- regulation 13, which specifies that a list of payments made is required to be presented at ordinary council meetings.

Local Government (Functions and General) Regulations 1996 are also complied with in relation to adhering to the Town of East Fremantle's Purchasing Policy (*Regulation 11A*).

A purchase order is not required when a corporate credit card is used. However, in order to adhere to the *Local Government Act and Regulations*, a *Request to Use Town Credit Card* form must be completed by staff members who are not cardholders. This form ensures that the expenditure is duly authorised, that a valid tax invoice is obtained, is within budget and the nominated general ledger account to be charged is correct. A reason must also be given as to why a purchase order has not been raised.

As the cardholders ~~are part of the Executive Management Team of the Town of East Fremantle, and~~ individual credit card limits are below their delegated purchasing authority limits, expenditure incurred via credit card is therefore in accordance with appropriate delegated authority.

Each month the cardholder is required to prepare a *Credit Card Acquittal* form. The acquittal ensures that the expenditure is duly authorised, valid tax invoices/receipts are attached, is within budget and the nominated general ledger account to be charged is correct.

Each month a listing of payments made via Corporate Credit Cards is required to be presented to Council for approval.

Policy

Eligibility

The provision of a Corporate Credit Card is a facility offered by Council to Management occupying certain positions which must be authorised by the CEO.

If a staff member is not an authorised cardholder and requires the use of a Corporate Credit Card for purchasing purposes, the staff member, on approval from their Manager, is required to complete a *Request to Use Town Credit Card* form, ~~(held with the Finance Officer or Customer Service Officer)~~ (located on the Town's internal shared I:\ drive) which includes showing the applicable general ledger account and IE code of the purchase. Once completed, the staff member must obtain the signature of the credit cardholder. Once authorised, the staff member can complete the purchase.

Guidelines for credit card usage

- The card must be used for Council business expenditure only. The monthly limit assigned to each cardholder ~~is \$5,000 and the~~ varies from \$500 to \$8,000, the cardholder must ensure there are sufficient funds in the budget prior to usage;
- The card must not be used for personal use;
- The card must not be used for the withdrawal of cash through any facility, whether it is a Bank, ATM or EFTPOS facility;
- The card must not be used by officers' other than the cardholder, unless the cardholder has given prior approval on the Credit Card Request form, ~~held by the Finance Officer;~~
- The card must not be used for fuel purchases in instances where the cardholder has a Fuel Card facility available;
- The cardholder must obtain all tax invoices and/or receipts from the Supplier and maintain any other records of their transactions to facilitate the reconciliation and costing of transactions for that card. These invoices/receipts must be handed to the Finance Officer as soon as they are received from the ~~Creditor Supplier;~~
- The cardholder must practice due diligence and strict care to maintain the security of their card, ensuring that it is kept in their possession at all times;
- The card must be returned to the Manager Finance ~~and Administration~~, prior to leave periods in excess of four weeks. The card must also be returned if the cardholder is reassigned to a new position where the use is not required or where their employment is terminated;
- Cards must not be used to obtain personal rewards such as frequent flyer points or any other rewards, including flight point awards;
- The card shall not be used for payment of fines, for example a parking or a speeding offence which was incurred whilst on Council business;
- If No direct debits are to be utilised utilised ;the direct debit will be recorded in the Direct Debit Register Maintained by the Manager Finance and Administration and approved by the Executive Manager Corporate Services.
- The card should only be used in limited circumstances when a ~~Creditor Supplier~~ will not accept payment via EFT or cheque, otherwise a purchase order must be raised and the ~~Creditor Supplier~~ paid in accordance with the Towns Supplier Payments Policy.
- The card is permitted to be used when payment is expected COD.
- No "tips" shall be paid using a Corporate Credit Card.
- Purchases through the internet should be restricted to trusted, secure sites.

Where an inappropriate expense occurs

Where an inappropriate expenditure occurs, the value of the expenditure shall be recovered from the cardholder. Should there be an accidental contravention, the Manager of Finance ~~and Administration~~ is to be notified and the Council reimbursed immediately.

Formal acknowledgement of procedure conditions

~~Managers Staff~~ issued with Corporate Credit Cards are in a position of trust with regard to the use of public funds. Improper use of that trust may render the cardholder liable to disciplinary action, legal action or criminal prosecution.

All Corporate Credit Cardholders are to acknowledge receipt of their corporate credit card by signing a *Corporate Credit Card Acknowledgment and Conditions of Use* form (attachment A).

All Corporate Credit Cards issued will be recorded on the Credit Cardholders Personnel file. (Human Resources)

Cardholder responsibilities

Cardholders are required to abide by the Town's internal procedures as follows:

- The Corporate Credit Card must be signed with the cardholder's signature immediately upon receipt;
- Cardholders are to ensure that the proposed transactions will not cause the credit limit to be exceeded;
- A compliant Tax Invoice/receipt must be obtained for all purchases and lodged with the Finance Officer~~;~~
- Should a cardholder fail to obtain a Tax Invoice or receipt, they must make all reasonable attempts to obtain a copy. If they cannot obtain a copy, the cardholder will be required to immediately lodge a written explanation advising as to the reason. If the expenditure is greater than \$50, the cardholder will be required to complete a statutory declaration;
- Tax invoices must be authorised with a Council stamp showing the general ledger account number, IE code, description of the purchase and the cardholder's signature; and
- The banks Credit Card Monthly Statements will be issued to the cardholders for review and signatory (must be returned within one business day) and for approval by the CEO.

Each month the cardholder is required to prepare a *Credit Card Acquittal* form. The acquittal ensures that the expenditure is duly authorised, valid tax invoices/receipts are attached, is within budget and the nominated general ledger account to be charged is correct.

Repeat failure to acquit monthly statements in a timely manner may result in the Corporate Credit Card being cancelled.

Where cardholders fail to fulfil the above requirements, the CEO may cancel the card and revoke purchasing delegations.

Procedure for lost, stolen or damaged cards

Cardholders are personally responsible and accountable for the safe custody of the issued card. Cardholders must:

- keep the Corporate Credit Card with them at all times. This will ensure the card is secure at all

times to safeguard against theft or loss;

- report the loss or theft of a card to the supplying bank immediately in accordance with the bank's terms and conditions, and notify the Manager Finance ~~and Administration~~;
- not disclose or carry with the card any PIN that has been issued with the card.

Procedures for cessation of employment

Upon cessation of employment with the Town, the cardholder must ensure that:

- all outstanding transactions are cleared and properly accounted for;
- the card is returned to the Manager Finance ~~and Administration~~ for cancellation and destruction; and
- sign off the return of the Credit Card from Human Resources.

Duties of the Finance Officer

The Finance Officer is responsible for the data entry of corporate credit card transactions into the finance system and checks the validity of all tax invoices attached to ensure that they are in accordance with ATO requirements.

Payment of Credit Card Balance

On a monthly basis the Commonwealth Bank via direct debit, draws on the Town's General Municipal Account to pay for the balance outstanding on the Corporate Credit Card.

Monthly Council Meetings - submission of payments made via credit card

Each month the Finance Officer prepares a listing of payments made by the Town of East Fremantle via credit card. The listing is reviewed by the Manager Finance ~~& Administration~~ and Executive Manager Corporate ~~and Community~~ Services and presented to Council for approval.

Record Keeping

On completion of monthly processing the Finance Officer attaches the invoices to the Credit Card Acquittal form and Credit Card Statement and files the batches sequentially in folders stored securely.

Consequences of Breaching this Policy

The policy constitutes a lawful instruction to staff members involved in administering corporate credit card transactions. Any breaches of the policy may lead to disciplinary action.

Variation to this Policy

This policy may be varied from time to time. All the organisation's employees will be notified of any variation to this policy by the normal correspondence method.

ATTACHMENT A

Corporate Credit Card Acknowledgment and Conditions of Use

To the CEO

I.....(position).....

acknowledge receipt of a Town of East Fremantle Corporate Credit Card and acknowledge that:

1. I am aware of my responsibilities and duties as a Corporate Credit Cardholder;
2. I will only use the Corporate Credit Card within the approved financial limits and for approved purposes;
3. I am aware that transactions made with the card are subject to authorisation and audit procedures;
4. I will reimburse the Town of East Fremantle for the cost of purchases that are deemed not for the use of the Town, or Town related business;
5. I will keep the card safe from unauthorised use at all times;
6. I will return the card to the Manager ~~of Administration and~~ Finance:
 - (i) on request of the CEO;
 - (ii) if required by the CEO, prior to my assuming duties in another position within the Town of East Fremantle; or
 - (iii) on termination of employment with the Town of East Fremantle;
 - (iv) once it has been deemed by the CEO that I no longer require a Corporate Credit Card.
7. I will advise the Manager ~~Administration and~~ Finance and the Commonwealth Bank immediately if the Corporate Credit Card has been lost, mislaid, stolen or misused;
8. I am aware that when no documentation is available to support a particular transaction, I will provide a written explanation detailing the reason and detail the nature of the expense. I will also acknowledge that the expense is business related and also show the general ledger account and IE code for the purchase;
9. I will not use the Corporate Credit Card for any personal or private use;
10. I will not use the Corporate Credit Card to obtain cash;
11. I will not use the Corporate Credit Card for the purchase of fuel when I have been provided with a fuel card;
12. The card should only be used when a Supplier will not accept payment via EFT or cheque. It is to be used when payment is expected COD;
13. If ~~No~~ direct debits are to be ~~utilised~~ utilised, the Direct Debit will be recorded on the Direct Debit Register maintained by the Manager Finance and ~~Administration and~~ approved by the Executive Manager Corporate Services.

CORPORATE CREDIT CARD USE PROCEDURE (PRO2.1.8)

1.0 OBJECTIVE

This procedure aims to create a sound framework for the use of Corporate Credit Cards and provides clear guidance and responsibilities of the card users and ensures protection of the Town's funds.

2.0 RELATED POLICIES

- Purchasing Policy (No 2.1.3)
- Corporate Credit Card Policy (No 2.1.8)

3.0 ELIGIBILITY

The provision of a Corporate Credit Card is a facility offered by Council to Management occupying certain positions which must be authorised by the CEO.

If you are not an authorised cardholder and require the use of a Corporate Credit Card for purchasing purposes, please advise your Manager and complete a Credit Card Request form, ~~(held with the Finance Officer)~~ (located on the I:\ drive) which includes showing the applicable general ledger account and IE code of the purchase. Once completed, you must obtain the signature of the credit card holder of which you are using. Once authorised, you can complete the purchase.

4.0 GUIDELINES FOR CREDIT CARD USAGE

- The card must be used for Council business expenditure only. The ~~monthly limit assigned to each card holder is \$5,000 and the~~ card holder must ensure there are sufficient funds in the budget prior to usage;
- The card must not be used for personal use;
- The card must not be used for the withdrawal of cash through any facility, whether it is a Bank, ATM or EFTPOS facility;
- The card must not be used by officers' other than the cardholder, unless the cardholder has given prior approval on the Credit Card Request form;
- The card must not be used for fuel purchases in instances where the cardholder has a Fuel Card facility available;
- The cardholder must obtain all tax invoices and/or receipts from the Supplier and maintain any other records of their transactions to facilitate the reconciliation and costing of transactions for that card. These invoices/receipts must be handed to the Finance Officer as soon as they are received from the Supplier;
- The cardholder must practice due diligence and strict care to maintain the security of their card, ensuring that is kept in their possession at all times;
- The card must be returned to the Manager Finance, prior to leave periods in excess of four weeks. The card must also be returned if the cardholder is reassigned to a new position where the use is not required or where their employment is terminated;
- Cards must not be used to obtain personal rewards such as frequent flyer points or any other rewards, including flight point awards;
- The card shall not be used for payment of fines, for example a parking or a speeding offence which was incurred whilst on Council business;

- If ~~No~~ direct debits are to be ~~utilised~~ utilised, the details of the Direct Debit will be recorded in the Direct Debit Register, maintained by the Manager Finance and approved by the Executive Manager Corporate Services.;
- The card should only be used when the Supplier will not accept payment via EFT or cheque. It is to be used when payment is expected COD.
- No “tips” shall be paid using a Corporate Credit Card.
- Purchases through the internet should be restricted to trusted, secure sites.

4.1 Where an Inappropriate Expense Occurs

Where an inappropriate expenditure occurs, the value of the expenditure shall be recovered from the card holder. Should there be an accidental contravention, the Manager Finance is to be notified and the Council reimbursed immediately.

5.0 FORMAL ACKNOWLEDGEMENT OF PROCEDURE CONDITIONS

Managers issued with Corporate Credit Cards are in a position of trust with regard to the use of public funds. Improper use of that trust may render the cardholder liable to disciplinary action, legal action or criminal prosecution. All Corporate Credit Cardholders are to acknowledge receipt of the Corporate Credit Card and instructions for use. The acknowledgement will include a signed agreement to abide by all Town of East Fremantle card supplier guidelines including conditions of use (attachment A).

All Corporate Credit Cards issued will be recorded on the Credit Cardholders Personnel file. (Human Resources)

6.0 CARDHOLDER RESPONSIBILITIES

Cardholders are required to abide by the Town’s internal procedures as follows:

- The Corporate Credit Card must be signed with the cardholder’s signature immediately upon receipt;
- Cardholders are to ensure that the proposed transactions will not cause the credit limit to be exceeded;
- A compliant Tax Invoice/receipt must be obtained for all purchases and lodged with the Finance Officer;
- Should a cardholder fail to obtain a Tax Invoice, they must make all reasonable attempts to obtain a copy. If they cannot obtain a copy, the cardholder will be required to immediately lodge a written explanation advising as to the reason. If the expenditure is greater than \$50, the cardholder will be required to submit a statutory declaration;
- Tax invoices must be authorised with a Council stamp showing the general ledger account number, IE code, description of the purchase and the card holder’s signature; and
- The banks Credit Card Monthly Statements will be issued to the cardholders for review and signatory (must be returned within one business day) and also approval by the CEO.

As part of the acquittal process (as per above), the cardholder is to certify that all charges shown are correct. Repeat failure to acquit monthly statements in a timely manner may result in the Corporate Credit Card being cancelled.

Where cardholders fail to fulfil the above requirements, the CEO may cancel the card and revoke purchasing delegations

7.0 PROCEDURE FOR LOST, STOLEN OR DAMAGED CARDS

Cardholders are personally responsible and accountable for the safe custody of the issued card. Cardholders must:

- keep the Corporate Credit Card with them at all times. This will ensure the card is secure at all times to safeguard against theft or loss;
- report the loss or theft of a card to the supplying bank immediately in accordance with the bank's terms and conditions, and notify the Manager ~~Administration and~~ Finance;
- not disclose or carry with the card any PIN that has been issued with the card.

8.0 PROCEDURES FOR CESSATION OF EMPLOYMENT

Upon cessation of employment with the Town, the cardholder must ensure that:

- all outstanding transactions are cleared and properly accounted for;
- the card is returned to the Manager ~~Administration and~~ Finance for cancellation and destruction; and
- sign off the return of the Credit Card from Human Resources.

Town of East Fremantle - Operational Risk Dashboard Report October 2021

Executive Summary

Being the Town's first report under the introduced risk management framework, focus is on embedding and driving continual improvement. Future reports will continue to provide relevant insight and recommendations to assist governance activities for the Senior Management Team. It is supported by:

1. Risk Profiles for the 16 themes discussed.
2. Risk Management Policy and Procedures.

Recommendations

Embedding

1. Arrange for the attached Policy and Procedures to be endorsed and adopted appropriately.
2. Create a standard agenda for each Exec Team meeting to include the review of a risk profile (ensure coverage over an 18 month period)

Risk Profiles

1. Review and approve all initial Risk Profiles (from a Risk & Control perspective).
2. Confirm Current Issues / Actions / Treatments (Responsibility & Due Date) and ensure completion.

	Risk	Control
Providing inaccurate Advice / Information (All Ems)	Moderate	Adequate
Incomplete, inadequate or inaccuracies in advisory activities to customers or internal staff.		
Examples include;		
-Incorrect planning, development or building advice		
-Incorrect health or environmental advice		
-Inconsistent messages or responses from Customer Service Staff		
-Any advice that is not consistent with legislative requirements or local laws.		
Current Issues / Actions / Treatments	Due Date	Responsibility
Review of Online Services	Ongoing	TLCS

	Risk	Control
<u>Information Systems (EMCS)</u>	Moderate	Effective
<p>Instability, degradation of performance, or other failure of IT or communication system or infrastructure causing the inability to continue business activities and provide services to the community. This may or may not result in IT Disaster Recovery Plans being invoked. Examples include failures or disruptions caused by:</p> <ul style="list-style-type: none"> -Hardware or software -Networks -Failures of IT Vendors <p>This also includes where poor governance results in the breakdown of IT maintenance such as;</p> <ul style="list-style-type: none"> -Configuration management -Performance monitoring <p>The Office of the Auditor General recently performed a General Computer Control Audit of the Town of East Fremantle (July 2019). The following is a summary of the audit methodology:</p> <p>Scope: the audit focused on:</p> <ul style="list-style-type: none"> •Policies and procedures – The entity should ensure that they have appropriate policies and procedures in place for key areas such as IT risk management, information security, business continuity and change control. •Management of IT risks - The entity need to ensure that IT risks are identified, assessed and treated within appropriate timeframes and that these practices become a core part of business activities. •Information security - The entity should ensure good security practices are implemented, up-to-date and regularly tested and enforced for key computer systems. Agencies must conduct ongoing reviews for user access to systems to ensure they are appropriate at all times. •Business continuity - The entity should have a business continuity plan, a disaster recovery plan and an incident response plan. These plans should be tested on a periodic basis. •Change control - change control processes should be well developed and consistently followed for changes to computer systems. All changes should be subject to thorough planning and impact assessment to minimise the likelihood of problems. Change control documentation should be current, and approved changes formally tracked. •Physical security – The entity should develop and implement physical and environmental control mechanisms to prevent unauthorised access or accidental damage to computing infrastructure and systems. 		
Current Issues / Actions / Treatments	Due Date	Responsibility
<i>The Town to review and update The Information Technology Policy to appropriately address all relevant areas of Information security</i>	<i>Completed</i>	<i>EMCS</i>
<i>The Town to establish an appropriate information security awareness program to make sure individuals are aware of the Town's Information Security Policy, risks and personal requirements for protecting information</i>	<i>Aug-21</i>	<i>EMCS</i>
<i>The Town to document and implement an appropriate vulnerability management process. This process should ensure all relevant known software and security vulnerabilities are identified. These vulnerabilities along with remediation to address them should be appropriately assessed and tested. Following successful testing the relevant actions and updates should be applied to the IT Systems within a timely manner.</i>	<i>Yearly 01/09/2022</i>	<i>EMCS</i>
<i>The Town to implement an appropriate process to securely manage and configure network devices</i>	<i>Completed</i>	<i>EMCS</i>

EQUITY	
Retained surplus	40,360,705
Reserves - cash backed	1,123,070
Revaluation surplus	39,543,022
TOTAL EQUITY	<u>81,026,797</u>

Note 1: Explanation of Material Variances

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date budget materially.

The material variance adopted by Council for the 2021/22 year is \$10,000 or 10% whichever is the greater.

Reporting Program	Var. \$	Var. %	Var.	Timing/ Permanent	Explanation of Variance
Operating Revenues	\$	%			
					Debt recovery costs yet to be incurred, hence no legal costs recouped ytd. Interest on investments to be recognised in future periods.
General Purpose Funding	(22,613)	(16%)		Timing	
Governance	15,290	917%		Permanent	Long Service Leave recouped from other Councils
Transport	(32,414)	(12%)		Timing	Reduced parking fees and infringements YTD.
Economic Services	(18,475)	(43%)		Timing	Less DA/building permits ytd
Other Property and Services	27,010	195%		Permanent	Workers comp received from LGIS (offset by workers comp paid by the Town to employees).
Operating Expense					
Community Amenities	166,375	17%		Timing	Favourable - Underspend ytd
Recreation and Culture	215,553	21%		Timing	Favourable - Underspend ytd
Economic Services	17,612	34%		Timing	October BCITF & BSL payments to be processed. Less received ytd, meaning less remitted ytd.
					\$22k permanent - \$11k LSL paid and \$11k workers comp paid not budgeted for. LSL will be recouped from the balance sheet at EOFY and the workers comp is recouped from LGIS as above.
Other Property and Services	(84,966)	(93%)		Permanent	\$47k timing - Under-allocation of overheads (non-cash), accounting entry to be completed in future period.
Capital Expenses					
Purchase Property, Plant and Equipment	458,449	87%		Timing	Capital works program to fully commence.
Purchase and Construction of Infrastructure	140,416	63%		Timing	Capital works program to fully commence.
Nature and Type Classifications:					
Interest Earnings	(16,901)	(27%)		Timing	Interest on investments to be received in future periods (\$6.1m currently invested).
Other Revenue	19,908	13%		Permanent	Insurance recovered (incl. worker's comp).
Materials and Contracts	373,611	28%		Timing	Favourable - Underspend ytd.
Utility Charges	11,267	13%		Timing	Favourable - Utility bills to be paid in October

The Town obtains quotes from three (3) financial institutions prior to placing investments. This ensures the Town is receiving the best return on investment possible. The amount the Town invests is dependent on cash flow requirements for business operations and capital works for upcoming months. As the financial year progresses, the Town's cash holdings decreases which means less investment of Municipal funds. The current monetary policy imposed by the Reserve Bank of Australia (RBA) is driving the low-interest rate environment. Indicative pricing from financial institutions show that terms of 90 days are equivalent to 180 days and only slightly lower than terms between 180 and 365 days. The Town's investment policy precludes investing in term deposits for more than 12 months.

MONTHLY FINANCIAL HEALTH CHECK

As at 31 October 2021

Highlighting how the Town of East Fremantle is
tracking against financial ratios

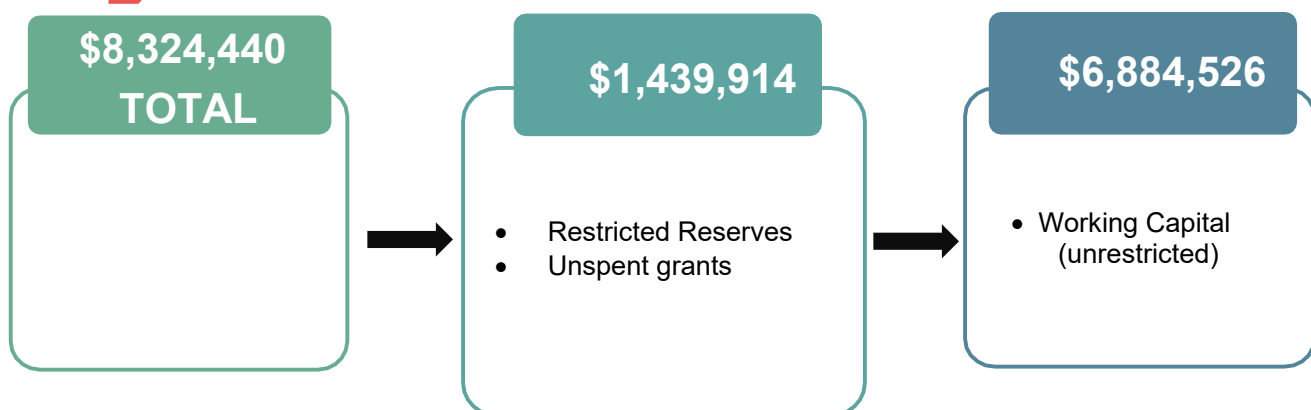

Financial Snapshot (Year to Date)		Actual
Operating Revenue		\$9,557,102
Operating Expenditure (Including Non-Cash Items)		(\$3,714,697)
Non-Cash Items		\$844,246
Capital Revenue		\$0
Capital Expenditure		(\$150,525)
Loan Repayments		(\$25,499)
Lease Liability Principal Repayments		(\$20,066)
Transfers (to)/from Reserves		(\$137,277)
Surplus Brought Forward 1 July 2020		\$576,249
Current Municipal Surplus		\$6,929,533

Financial health indicators

Cash in the bank

▶ How are we tracking against our budgeted targets?

Adjusted Operating Surplus

A measure of the Town's ability to cover its operational costs including depreciation and have funds left over to cover capital expenditure (including principal loan repayments) without relying on debt or reserves.

Minimum Target is 1%

Town's YTD Performance is 64.10%

Do we measure up? ☒ **Yes**

- Adjusted operating surplus and self-sufficient ratios are high in the earlier part of the year due to rates being fully invoiced in July. However, as the year progresses, operating expenditure will continue to draw on this revenue source reducing to target by 30 June 2022.

Asset Sustainability Ratio

Measures if the Town is replacing or renewing existing non-financial assets at the same rate that its overall asset stock is wearing out.

Minimum Target is 90%

Town's YTD Performance is 17.56%

Do we measure up? ☒ **No**

- Capital works program is yet to significantly commence, this ratio will increase as the year goes on and more capital works are completed.

TOWN OF EAST FREMANTLE

List of Accounts paid by the Chief Executive Officer for October 2021 & submitted for the information of the Council Meeting to be held on Tuesday, 16 November 2021.

1. Glossary

Contestable Energy	Means, in the context of this Project, any supply point with its own unique National Meter Identifier that is able to be under a contract or sits outside the Synergy gazetted tariff
ESA	Electricity Supply Agreement
Evaluation Panel	The group comprising individual members who will conduct the evaluation of each Response
LGA	Local Government Authority
LGC	Large-Scale Generation Certificate
Members	Members of WALGA
MOU	Memorandum of Understanding
NMI	National Meter Identifier
PPA	Power Purchase Agreement
Project	Contestable Electricity Supply for Member Local Governments falling within the greater Energy Sustainability and Renewables Project being undertaken by WALGA.
REC	Renewable Energy Certificate
Respondent or Supplier	Suppliers of energy who may respond to the RFQ
RFQ or Request	Request for Quote
Quote, Submission or Response	The offer provided by a Respondent in response to the RFQ
STC	Small Scale Technology Certification
Steering Group	A volunteer group of representatives of the Local Government's participating in the Project

2. Executive Summary

2.1. Background

Synergy have been awarded the supply of energy, renewables and integrated projects enclosed in phase one of the Energy Sustainability and Renewables Project subject to contracting, satisfaction of minor variations and the minimum thresholds of Local Government participation reached. WALGA estimates the product will deliver a collective saving of 5 million dollars a year and deliver the single largest reduction in carbon footprint for the Local Government Sector if, fully adopted.

Forty-seven (47) Local Governments have made declarations acknowledging that climate change is occurring, and that climate change will continue to have significant effects on the WA environment, society, economy, and Local Government sector. Many of these Local Governments have adopted environmental policies with carbon neutral targets included. WALGA was requested by its Members to explore alternative options for a whole of Sector Power Purchase Agreement (PPA). In the course of the investigation, while engaging with Members, it emerged that a PPA would deliver some benefits, however other aspects of energy procurement such as contract misalignment, transitioning networks and Local Government infrastructure agreements, put the sectors needs beyond that of a conventional PPA. It was identified that there are varying levels of commitment to renewable energy across the sector. Many of the Local Governments participating in this market process identified a strong desire to procure renewable energy, however they are limited by the current options being offered individually in the market.

WALGA concluded that an alternate solution was necessary in order to align contracts and develop integrated systems to allow for proper aggregation. A Steering Group comprising of WA Local Governments was assembled with the task of conceiving an optimal solution to rising energy costs and inflated renewables prices.

The founding members of the Steering Group include: Stirling, Mandurah, Perth, Fremantle, Cockburn, Bayswater, Canning, Joondalup, Wanneroo, Gosnells and Armadale. On the 28th of November 2021, The Finance and Services Committee, a delegated authority of State Council endorsed the recommendation from the Energy Sustainability and Renewables Local Government Steering Group to award the supply to Synergy.

On the 26th of August 2021, the Australian Competition & Consumer Commission (ACCC) decided to grant authorisation to the Western Australian Local Government Association to enable local governments who are current and future members of a proposed joint renewable energy purchasing group to pool their demand and collectively tender for and negotiate an electricity supply arrangement. The ACCC has decided to grant authorisation for 15 years, until 30 September 2036. The ACCC determined the period intended to cover an initial 3-year agreement, which will provide price transparency to the Proposed Energy Group and align Local Government contract terms for the development of a longer-term 10-year agreement when the initial 3-year agreement expires.

The group is seeking a cost-effective and long-term solution to enable Local Government in Western Australia to achieve their renewable energy and carbon emissions targets. The Sector sits in the level of government closest to the community which mandates a solution that is able to clearly report and articulate sustainability accomplishments.

2.2. Scope

As part of the greater Energy Sustainability and Renewables Project, the scope of the exercise and of Phase 1 is the aggregation of contestable energy supply. In general terms the phasing is as follows:

Phase 1 – Contestable energy supply and Renewable Energy options

Phase 2 – Load shifting, minimising cost (i.e. energy management systems, contestability assessments, understanding emissions, non-contestable supply investigation, preparation for carbon offset integration and preparation for a PPA

Phase 3 – Carbon management, offsets, integrated technologies

Phase 5 – Long Term PPA

Phase 6 – Sustainable Fleet Transition and Sustainable Infrastructure Technologies

Phase 7 – Large-scale Local Government Sustainability projects

Using a staged approach, WALGA is looking to develop a long-term partner, or consortium of partners, to provide energy and sustainability solutions for the sector.

Three key objectives for the greater project include:

- Enhance access to and development of renewable energy for Western Australian Local Government thereby driving positive climate change outcomes
- Diversify supply options and application of new technology
- Leverage the best price outcomes for Local Government supply.

3. Offer in Brief

You may select from **Option 1** or **Option 2** for your electricity supply:

Option 1. Western Australia Uniform Supply

Unbundled		Supply Period (3 Years)			
1/04/2022 - 31/03/2023 (Yr. 1)		1/04/2023 - 31/03/2024 (Yr. 2)		1/04/2024 - 31/03/2025 (Yr. 3)	
Peak (c/kWh)	Off-Peak (c/kWh)	Peak (c/kWh)	Off-Peak (c/kWh)	Peak (c/kWh)	Off-Peak (c/kWh)
5.691	5.174	5.940	5.400	5.862	5.329
Daily Supply Charge (Per NMI)		N/A (\$0)			
CPI		There will be no CPI adjustments to any of the products enclosed in the offer, for the duration of the term.			

Benchmarking range for non-Commodity Cost (Applied flat)	Low-Point Rate (c/ kWh)	High-Point Rate (c/ kWh)
	13.692	18.322
Local Government's managing their energy profiles and consumption may expect lower non-commodity costs. Factors such as remote locality and intermittent supply result in a higher rate.		
Weighted Average Price (Calculated using the total WA portfolio. Each Local Government will have minor variations due to unique energy profiles)	Flat (c/ kWh)	
	5.57	

Option 2. Specific to Town of East Fremantle

Bundled		Supply Period (End of Existing Agreement – 31/3/2025)	
Peak (c/kWh)		Off-Peak (c/kWh)	
26.46		14.51	
Daily Supply Charge (Per NMI)		\$2.51	
CPI		There will be no CPI adjustments to any of the products enclosed in the offer, for the duration of the term.	

Renewable Energy.

Natural Power (Renewable Energy)		Option available per Supply Period
1/04/2022 - 31/03/2023 (Yr. 1)	1/04/2023 - 31/03/2024 (Yr. 2)	1/04/2024 - 31/03/2025 (Yr. 3)
Rate (c/ kWh)	Rate (c/ kWh)	Rate (c/ kWh)
3.00	2.60	2.23
CPI	There will be no CPI adjustments to any of the products enclosed in the offer, for the duration of the term.	

In order to realise the full potential of this product and to align energy structures to any future PPA, the Project Team highly recommends electing for the unbundled offer. Unbundled energy allows Local Governments to immediately realise a reduction in non-commodity charges that make up your energy bill. When Local Governments are quoted a bundled price, the retailer will fix your non commodity costs for the life of your contract. These charges typically represent 60-70 percent of your invoice charges. By unbundling your supply and taking an active role in energy management with Synergy, the Project Team and WALGA, Members will be granted the ability to reduce an additional component of their energy bill and realise the cost saving immediately.

WALGA recognises the complexity and additional account management required for an unbundled structure. In conjunction with Synergy, WALGA will produce any relevant models, ledgers and management systems in partnership with Local Governments. For more information, please reach out to Toby Costanzo on how Local Governments can manage their energy supply. The project team can direct you to Local Governments who have been managing their supply through unbundled structures as an active reference to their experience and cost saving.

The renewable energy market is experiencing a steady increase in competition, placing upwards pricing pressure on supply. For this reason, the project Team recommends taking a renewable adoption of the final year in order to enable a stepped approach for renewable supply and to secure a trip of dedicated renewables to your Local Government to protect against the rising market. Please contact the Project Manager for more information.

4. Summary Offer

Electricity Generation and Retail Corporation trading as Synergy

Summary Sheet

Dated: **30 September 2021**

If there is any inconsistency between the Agreement and the Amendments, the terms of the Amendments will prevail to the extent of the inconsistency

Term:	<p>3 Years</p> <p>Contract Year 1: 1 April 2022 - 31 March 2023</p> <p>Contract Year 2: 1 April 2023 - 31 March 2024</p> <p>Contract Year 3: 1 April 2024 - 31 March 2025</p> <p>Where an LGA has a contract date that starts prior 01/04/2022, Synergy has provided a preliminary Bridging Offer.</p> <p>Where an LGA has a contract start date starts after 01/04/2022. They will be able to take up this offer on the expiry of their current contract.</p>
Agreements:	<p>Option 1:</p> <p>Unbundled Electricity Sale General Conditions April 2021.</p> <p>Option 2:</p> <p>Bundled Terms and Conditions April 2017.</p> <p>Bridging Offer (<i>Where Applicable</i>):</p> <p>Bundled Terms and Conditions April 2017.</p> <p>Please note the following relates to Synergy's unbundled offer:</p> <p>Metering charges may apply for sites to move to Comms, these charges will be passed through. Synergy's proposal and the details described herein (including pricing) are not legally binding on Synergy or the LGAs (the Customer). A binding contract will not be formed between Synergy and the Customer until a contract has been executed by Synergy and the Customer in writing.</p> <p>Any contract resulting from Synergy's proposal will be subject to:</p> <p>(1) Synergy management approval prior to contract execution; and</p> <p>(2) Synergy's terms and conditions referenced in the contract.</p>

Offer Validity:	LGAs must sign and accept the offer and pricing by 30 November 2021 with a minimum of 60 GWh committed to access sector wide pricing																		
Payment Terms:	30-day payment terms																		
CPI	There will be no CPI adjustments to any of the products enclosed in the offer, for the duration of the term																		
Roll In/ Roll Out Allowance	-/+20% roll in/out allowance on the total annual usage across all contestable sites for each LGA																		
Minimum or Maximum Take Provisions:	No minimum or maximum take provisions																		
Renewables Offering:	<p>Synergy offers the LGAs Natural Power under its standard terms and conditions at the rates set out below. These rates are only offered on the basis that the LGA's, in aggregate, can commit to specified volumes in the total offer:</p> <table><tr><th>Start date</th><th>End date</th><th>Rate (c/ kWh)</th><th>Volumes (Certificate/MWh)</th></tr><tr><td>01/04/2022</td><td>31/03/2023</td><td>3.00</td><td>12,200</td></tr><tr><td>01/04/2023</td><td>31/03/2024</td><td>2.60</td><td>24,400</td></tr><tr><td>01/04/2024</td><td>31/03/2025</td><td>2.23</td><td>48,800</td></tr></table> <p>Local Governments who wish to elect for Natural Power from the outset then this can be provided at the rates above but must be confirmed prior to validity date expiration. Synergy will sell your Local Government a portion of Natural Power, based on your chosen Natural Power contribution (e.g. 25%, 50%, 75% etc).</p>			Start date	End date	Rate (c/ kWh)	Volumes (Certificate/MWh)	01/04/2022	31/03/2023	3.00	12,200	01/04/2023	31/03/2024	2.60	24,400	01/04/2024	31/03/2025	2.23	48,800
Start date	End date	Rate (c/ kWh)	Volumes (Certificate/MWh)																
01/04/2022	31/03/2023	3.00	12,200																
01/04/2023	31/03/2024	2.60	24,400																
01/04/2024	31/03/2025	2.23	48,800																
Natural Power - WA Projects	<p>Synergy utilises a total of 3 accredited sites to source LGCs for Natural Power</p> <p>Albany Wind Farm: Synergy's Albany wind farm, a joint venture with Bright Energy Investments, is an accredited energy supplier for the GreenPower program, with 18 wind turbines, with a maximum generating capacity of 35.4 MW of electricity. This wind farm sits 80m above the Southern Ocean. It's in such a prime location that there are only approximately 7 days a year where the wind is not strong enough to turn the turbines.</p> <p>Collgar Wind Farm: A renewable power project located in the central wheatbelt area of Western Australia. The wind farm situated 25km southeast of Merredin is built over a land envelope of 18,000 hectares. With 111 turbines, the wind farm has a total power production capacity of 222 megawatts (MW) and generates between 630-750 gigawatt hours (GWh) each year.</p> <p>Emu Downs Wind Farm: Located 30 kilometres east of Cervantes and approximately 200 kilometres north of Perth, EDWF generates electricity from wind powered turbine technology. The wind farm has 48 turbines with a capacity to produce 80 megawatts of electricity at peak.</p>																		

Alternative Natural Power Offer:	Standard Natural Power <p>If the LGA's do not want to commit to volumes upfront, then Synergy recommend their standard Natural Power offer. Synergy offers the standard Natural Power product whereby each LGA has the option to purchase Natural Power as it decides each year. The prices applied will be set each year by Synergy as per our standard terms and conditions. This includes Natural Power for bridging agreements.</p> <p>The current standard Natural Power product is 3.537c/kWh.</p> <p>Please refer to the attached:</p> <p><i>Unbundled: DRAFT Form of Agreement – Unbundled – Special Conditions - Clause 7.5</i></p> <p><i>Unbundled: DRAFT Form of Agreement – Bundled – Special Conditions - Clause 3</i></p>
Natural Power for Streetlights and Non-Contestable Sites:	<p>Synergy can offer Natural Power on your Non-Contestable Sites and Streetlight electricity deemed consumption.</p> <p>Natural Power can be added to any existing Synergy streetlights agreement. For Streetlights, choose how much of your streetlight deemed consumption you want to offset with LGCs from renewable electricity by selecting set increments of 25% up to 100% across all streetlights you own. Synergy will sell Local Governments a portion of Natural Power, based on your chosen Natural Power contribution (e.g. 25%, 50%, 75% etc).</p> <p>The Natural Power charge will be calculated on a percentage of the deemed streetlight electricity consumption. This deemed consumption is based on lamp wattage and turn off time. The Natural Power charge is in addition to your retail tariff and other charges you pay. Synergy purchases LGCs on your behalf to match the amount of your Local Government's chosen Natural Power contribution – that is, the chosen percentage of your deemed electricity consumption.</p>
Transition to PPA:	<p>Synergy has renewable supply from an existing portfolio of contracted renewable generation assets in Western Australia. These assets have been developed by Synergy or a 3rd party. This portfolio includes the recently developed 180MW Warradarge wind Farm and Greenough River Solar Farm (both located North of Perth and developed by Synergy).</p> <p>Synergy has access to all generation and renewable certificates produced from the sites. Synergy, through Synergy Red (a wholly owned subsidiary of Synergy), is actively developing a pipeline of new wind farm locations in the South-West Interconnected System (SWIS) to continue the transition of the market to renewables, including the potential development of a large-scale battery at Kwinana.</p>

Transition to PPA:	<p>Synergy is currently developing a long-term Renewable Energy Supply Agreement (RESA) for customers wanting to commit to longer term renewable purchases, often referred to as a PPA in the market. Synergy is happy to discuss options on how it can work with the Local Governments to ensure a smooth transfer from the existing customer agreement to a future PPA or alternative contract structure. This may include clauses for the existing agreement to roll off earlier/extend until the new agreement and relevant supply are operational (if linked to a new asset).</p> <p>Synergy is well positioned to provide this type of product given its existing fleet of generation assets, ability to firm renewable generation and proven ability to develop new assets.</p>
Synergy Project Capability:	<p>In addition to supporting Western Australian renewable energy projects and working towards a PPA agreement to secure long-term renewable energy for the sector, Synergy seek to expand this commitment above and beyond to innovate and engage the community through industry leading DER projects.</p> <p>With Synergy as the Local Government energy partner, LGAs and their members have the opportunity to be involved and benefit from a number of green and community focused initiatives.</p> <p>These include, but aren't limited to:</p> <ul style="list-style-type: none"> • Project Symphony • Virtual Power Plants for Schools • The EV Highway • Solar Energy for Social Housing. <p>With the high impact and visibility of these pilots within in the community, Synergy values a strong relationship with the Local Governments that help makes these possible through the Sector's support. Through Retailer and Local Government co-operation, the Sector can amplify these messages and create momentum to help change the lives of all West Australians.</p>
Service Level arrangements and capabilities:	<p>Participating Local Governments will be provided with a dedicated Account Manager who is supported by a Contract Management, Billing, Local Government Energy Steering Group, WALGA and Synergy Support team.</p> <p>The Contract Management Team proactively manages and administers Synergy's sales contracts. The members of the Contract Management team have extensive account management experience and sound knowledge of the supply system.</p> <p>The Billing and Support teams have highly experienced support Members who are equipped to assist the account managers with varying tasks to deliver to our customer requests.</p> <p>In addition, Synergy has a dedicated Supply Services Manager with extensive knowledge of the transmission and distribution networks system. The Supply Services Manager will complement the Account Manager in providing service and attend to supply issues related to the networks system by liaising directly with Western Power</p>

Peak Demand Notification:	<p>Synergy offers a Peak Demand Notification subscription service intended to provide information that can inform energy consumption decisions during predicted periods of high system demand for electricity sites.</p> <p>Please refer to <i>Appendix 1 - Peak Demand Notification</i></p>
Group CSV billing file:	<p>Grouped Electronic billing is available to the LGAs.</p> <p>Please refer to <i>Appendix 2 - Sample CSV file.csv</i> for the format in which the file will be provided.</p> <p>WALGA will assist in modelling to translate to any existing Local Government Ledgers.</p>
Consumption and Expenditure reports:	<p>Consumption and Expenditure reporting is available to all Synergy Customers.</p> <p>Please refer to the <i>Appendix 3 - Consumption and Expenditure Report</i>.</p>
LGA Customer Details Report:	<p>Synergy offers to provide each LGA Customer Details Reporting. This report can be run on postcode or suburb level for each LGA providing high level data for residential and business customers within the LGA jurisdiction area. This report can also be amended to include/exclude data. Granularity is subject to what is available in Synergy's data system.</p> <p>Please refer to the <i>Appendix 4 - LGA Customer Details Report</i></p>
Network Tariff Analysis:	<p>Synergy can complete a network tariff analysis for sites within each Local Governments energy portfolio. Synergy can provide one complete analysis per contract year.</p> <p>Synergy has a successful and well-established relationship with the Network Provider. This strong relationship ensures the customer's requirements for network provisions are met. Synergy has an extensive understanding of the Technical Rules and are able to assist the customer in network related issues.</p> <p>Synergy can provide contestability requests to the Network Provider for Local Governments upon request given the request is compliant to the Access Agreement and Network Regulations.</p>

5. Offer Acceptance

WALGA and the Local Government Steering Group encourage confirmation in writing to tcostanzo@walga.asn.au as soon as practicable in order to set a transition plan for each Member's energy supply.

When writing in your acceptance to WALGA, we request that each Member indicate their preferred option for energy and the renewable adoption structure desired, if applicable.

Once acceptance has been received, WALGA will deem that as confirmation to enter into agreement with Synergy under the agreed terms. Your volumes will be attributed to a Sector portfolio in order to calculate committed volumes. Once the minimum volumes of Electricity Supply and Renewable Adoption have been met, Synergy will distribute contracts for execution.

Timeline

The following table provides a timeline for the current and next steps of the project.

Stage	Timeframe
Finance and Services Committee Endorsement	28 th September 2021
Award of Tender to Synergy	30 th September 2021
WALGA Award of Contract	20 th September 2021
Local Government Internal approvals and Written Acceptance.	20 th September 2021 – 18 th November 2021
Offer Notification Deadline	18 th November 2021
Offer Contracting Deadline	30 th November 2021
Contract transition	December 2021 – April 2022
Contract Live Date for Portfolio Pricing	1 st April 2022

Town of East Fremantle

QPR Q1-Q4 2021

Agenda

Emissions Overview

Focus on total emissions over the past few years. All scopes.

Energy Overview

Includes an overview of energy, electricity, and gas over the past few years. Also, review the assets with the biggest increases and decreases since the same time last year.

Water Overview

Overview of water over the past few years, including assets with the biggest increases and decreases since the same time last year.

Emissions All Scopes

Baseline Year: 2016-2017

Financial Quarter: 1, 2, 3, 4

Change since Previous Year (%)

Emissions Last Four Quarters

Percentage change since same quarter last year

Annual Energy Consumption and Costs

All prices are exclusive of GST and are not adjusted for **CPI** during the term of this **agreement****It is agreed as follows:**

- The **agreement** comprises of this **form of agreement** and the **terms and conditions** (version 14, November 2016) and, if this **agreement** is an **unsolicited consumer agreement** under the **Australian Consumer Law**, the attached coversheet
- Synergy** will sell, and **you** will purchase, electricity on the **terms and conditions** set out in the **agreement**

Your Commitment and Acknowledgment**Synergy** offers to enter into a legally binding agreement with **you**, on the terms and conditions of this **agreement**By **you** signing this **agreement**, **you** and **Synergy** will become legally bound by this **agreement** (subject to its terms), and **you** acknowledge and commit to the following:

- You** and **Synergy** are bound by the terms in this **agreement** (including this **form of agreement**).
- Synergy** will supply electricity to the **premises**, and **you** must purchase electricity from **Synergy**, on the **terms and conditions** contained in this **agreement**.
- You** recognise that items in bold have the meaning set out in this **form of agreement** or clause 23.1 of the **terms and conditions** as applicable.
- You** acknowledge that **you** may be required to pay fees and other amounts in addition to the **charges** set out in the table above, under and in accordance with the **terms and conditions**.
- If **you** are transferring **your** electricity supply from another retailer and **you** wish for **Synergy** to assume the rights and obligations regarding the supply of electricity to **you**, **you** consent to **Synergy** effecting a transfer from **your** existing electricity supplier to **Synergy**.
- You** authorise **Synergy** to do all things necessary to:
 - arrange the transfer of electricity supply from **your** existing supplier, and
 - provide information relating to **you** to **Western Power Networks** as required for the above purposes.
- If so required, **you** will give any information, notification and cooperation required to assist **Synergy** in completing these matters including duly completing and signing all necessary forms.
- You** have received from **Synergy** in plain language appropriate to **you** all matters materially relevant to the consent and authorisation set out in this commitment and acknowledgment, including the specific purpose for which the consent will be used. A copy of **Synergy's** Customer Charter (which, among other things, indicates where **you** may obtain a copy of the **Code of Conduct** and other important information **Synergy** is required by the **Code of Conduct** to give **you**) has either already been provided to **you** or is obtainable on request from **Synergy** or by download from www.synergy.net.au.
- You** may end the **agreement** within 10 days from the date of signing this **form of agreement** (**cooling-off period**). **Synergy** will supply **you** with electricity during the **cooling-off period** if **you** request **Synergy** to do so. If, at **your** request, **Synergy** supplies **you** with electricity during the **cooling-off period** and **you** end this **agreement** during the **cooling-off period**, **Synergy** may charge **you** for any electricity supplied to **you** under this **agreement** during the **cooling-off period** at the **charges** and for any meter installed at the **premises** during the **cooling-off period**. This clause (i) is in addition to and does not derogate from any other cooling off rights that apply if this **agreement** is an **unsolicited consumer agreement** under the **Australian Consumer Law** (see

attached coversheet, if any).

j) Special conditions may be applicable to **you** as part of **your terms and conditions**. If special conditions are required, these will be set out in this **form of agreement** or provided as an appendix to this **agreement**.

Collection of Information Notice

To assist us to provide you with services, we need to collect personal and credit information about you. We may disclose this information to other parties (who may be located overseas), including third party providers, and to external agencies as described in our privacy policy, and may also use your personal information for direct marketing purposes. Our privacy policy explains what information we collect and why we collect it, how we use that information, who we work with, and the countries (currently the USA, Japan, Philippines and New Zealand) where those recipients may be located. This policy also explains your rights to access and correct any information we store about you, how to make a privacy complaint and how to opt out of receiving direct marketing. Our privacy policy is available at synergy.net.au/privacy or call us on 13 13 54.

When you apply to us to have your electricity paid in arrears you are applying to us for commercial credit. To assess that application we may also collect commercial credit information about you from credit reporting bodies (CRBs). We collect and use that information for the purpose of assessing your commercial credit application and collecting overdue payments. We may also disclose commercial credit information to CRBs such as information about overdue payments. Our privacy policy also includes important information about credit reporting such as the details about the CRBs to whom we may disclose your credit information, the information that CRBs hold, and how you can request CRBs not to use or disclose your information for pre-screening or when you consider yourself to be victim of fraud. You can request a copy of a statement setting out the important credit reporting information by contacting us.

Parties

Town of East Fremantle

of PO Box 1097, Fremantle WA 6959

(Town)

Perth History Association Inc.**Trading as 'Museum of Perth**

of (insert address)

(Museum)

Background

- A The Town has agreed to provide the Grant to the Museum for the purpose of undertaking the Works on the terms and conditions set out in this Agreement.

Agreed Terms

1. Interpretation

In this Agreement, unless inconsistent with the context:

- (a) headings and bolding are for convenience only and do not affect the interpretation of this Agreement;
- (b) words importing the singular include the plural and vice versa;
- (c) a reference to a gender includes a reference to each other gender;
- (d) a reference to a person or individual includes a reference to a firm, corporation or other corporate body, authorities, governments and governmental agencies and vice versa;
- (e) where a term is assigned a particular meaning, other grammatical forms of that term have a corresponding meaning;
- (f) a reference to any written law includes:
 - (i) all written laws amending, consolidating or replacing that written law;
 - (ii) all regulations, proclamations, planning schemes or local laws made under that written law;
- (g) a reference to a party includes that party, its successors, permitted assigns, receivers, administrators, executors, substitutes and liquidators;
- (h) a reference to any document includes a reference to that document as amended, rectified or replaced from time to time and to any document so amending, rectifying or replacing the document;
- (i) the meaning of general words or phrases is not limited by specific examples introduced by 'including', 'for example' or similar expressions;
- (j) a rule of construction does not apply to the disadvantage of a party because the party was responsible for the preparation of this Agreement or any part of it;
- (k) an obligation, representation or warranty in favour of two or more persons:
 - (i) is for the benefit of them jointly and severally; and
 - (ii) binds them jointly and severally;
- (l) a reference to '\$' or 'dollars' is a reference to Australian dollars;
- (m) unless expressly stated otherwise, a reference to a party, clause, sub-clause, paragraph or part, is a reference a party, clause, sub-clause, paragraph or part of or in this Agreement;
- (n) where two or more persons comprise a party to the Agreement, the covenants and agreements on their part are to bind and be observed and performed by them jointly and each of them severally; and

- (o) anything in this Agreement which is expressed to be done or performed by the Town, is to be properly and lawfully done and performed if so done and performed by an officer of the Town.

2. Definitions

In this Agreement:

Approval means any approval, consent, permit, licence or other form of approval required under a written law;

Completion Date means the expiry date of this Funding Agreement;

Grant means the amount of funding to be provided by the Town to the Museum as specified in **Item 1** of the Schedule;

Works means the projects to be undertaken by the Museum as specified in **Item 2** of the Schedule.

3. Payment of Grant

Subject to the provisions of this Agreement, the Town shall pay the Grant to the Museum:

- (a) within 14 days of the Museum providing a valid tax invoice in the amount of the Grant to the Town; and
- (b) by direct transfer to the Museum's nominated bank account, which shall be provided by the Museum to the Town or in such other manner elected by the Town acting reasonably.

4. Use of Grant

The Museum shall use and apply the Grant solely towards the costs of the Works and not for any other purpose.

5. Museum to undertake Works

The Museum shall undertake the Works up until the Completion Date.

6. Compliance with laws

The Museum shall:

- (a) comply with all applicable written laws in undertaking the Works;

7. Cost of Works

- (1) Subject to payment of the Grant by the Town, the Museum shall bear all costs associated with undertaking the Works.
- (2) The Museum acknowledges and agrees that the liability of the Town to contribute to the costs of the Works shall not exceed payment of the Grant.

- (3) In the event that the costs of the Works exceed the amount of the Grant, the Museum will be solely responsible for payment of any additional costs.

8. Reporting

- (1) The Museum shall:
- (a) provide a written update on the Works to the Town upon request; and
 - (b) maintain the written records of its expenditure of the Grant and allow the Town to inspect such records upon request;
 - (c) provide a final written report to the Town on the Works and its expenditure of the Grant within one (1) month of the Completion Date.

9. Refund of Grant

- (1) If the Museum fails to complete the Works, the Museum shall refund the Grant to the Town within seven (7) days of a written notice being given by the Town to the Museum requiring the refund of the Grant.
- (2) All funds payable to the Town in accordance with subclause (1) must be paid by electronic funds transfer (EFT) to an account nominated by the Town and advised to the Museum in writing.
- (3) An amount repayable by the Museum to the Town pursuant to subclause (1) shall constitute a debt due recoverable by the Town in a court of competent jurisdiction.

10. Works undertaken at risk of Museum

- (1) The Works are undertaken at the sole risk of the Museum.
- (2) The Museum acknowledges and agrees that the Town shall not by virtue of this Agreement be:
- (a) liable, in negligence or howsoever, for the Works; or
 - (b) responsible for any losses or financial shortfalls encountered by the Museum in connection with the Works or this Agreement.

11. Acknowledgement of Town sponsorship

- (1) In consideration of the Town's payment of the Grant and contribution to the costs of the Works, the Museum agrees to acknowledge the Town as a sponsor of the Museum by:
- (a) written acknowledgement in all public material relating to the Works;
 - (b) display of the Town's logo on all print material issued in relation to the Works; and
 - (c) acknowledgement in any media release by the Museum relevant to the Works.

12. Goods and Services Tax

- (1) In this clause:

GST Act means *A New Tax System (Goods and Services Tax) Act 1999* (Cth).

GST Law means the GST Act and any associated legislation including delegated legislation.

GST, Registered, supply, tax invoice and any other expression used that is defined in the GST Law has the same meaning as given to it in the GST Law.

- (2) Unless specifically described in this Agreement as 'GST-inclusive', any consideration to be paid or provided for a supply made under or in connection with this Agreement does not include an amount on account of GST and is 'GST-exclusive'.
- (3) Where, under the GST Law, any supply to be made by a party (Supplier) to another party (Recipient) under or in connection with this Agreement is subject to GST (other than a supply the consideration for which is specifically described in this Agreement as GST-inclusive), then:
 - (a) the consideration payable or to be provided for that supply under this Agreement will be increased by, and the Recipient will pay to the Supplier, an amount equal to the GST calculated according to the GST Law;
 - (b) the Recipient must pay that additional GST amount at the same time and in the same manner as the GST-exclusive consideration is paid or provided; and
 - (c) a reference to the consideration payable for a supply includes the value of any non-monetary consideration for the supply.
- (4) If the Supplier is Registered or required to be Registered, the Supplier must provide a GST compliant tax invoice in connection with any supply made by it under this Agreement, failing which the Recipient will not be obliged to make any payment for that supply until the invoice is provided.

13. Further assurance

Each party shall promptly execute all documents and do all things that any other party from time to time reasonably requires of it to effect, perfect or complete under the provisions of this Agreement and any transaction contemplated by it.

14. Discretion of Town under written law not limited

Nothing in this Agreement is to fetter or limit, or is to be construed as an attempt to fetter or limit, the discretion or the powers of the Town or the Council of the Town under any written law.

15. Notices

Any notice, direction or other communication which must or may be given in connection with this Agreement:

- (a) must be in writing in order to be valid;
- (b) is sufficient if signed or executed by the party giving the notice or on its behalf by any director, secretary, duly authorised officer or solicitor of that party;
- (c) in order to be valid must be given to a party as follows:

- (i) delivered or sent by prepaid post to, or left at, the address of that party as set out in this Agreement;
 - (ii) sent to the facsimile number of that party;
 - (iii) sent to the email address of that party; or
 - (iv) delivered or sent to another address or facsimile number as is notified in writing by that party to the other party from time to time; and
- (d) if given in accordance with paragraph (c), will be deemed to take effect:
- (i) in the case of prepaid post, on the third business day after the date of posting;
 - (ii) in the case by email, on receipt of return email from the recipient acknowledging receipt of the email;
 - (iii) in the case of facsimile, on receipt of a transmission report from the sending machine confirming successful transmission; and
 - (iv) in the case of delivery by hand, on delivery.

16. Relationship of parties

The parties acknowledge and agree that no relationship of partnership, agency or employment is expressly intended or to be implied into this Agreement.

17. Severability

In the event of part of this Agreement being or becoming void or unenforceable then that part is to be severed from this Agreement with the intention that the balance of this Agreement is to remain in full force and effect, unaffected by the severance.

18. Amendment and waiver

- (1) This Agreement may not be amended except by a document in writing signed by or on behalf of each of the parties.
- (2) Any waiver or relinquishment of the performance of any term or condition of this Agreement, will be effective only if made in writing and executed by or on behalf on the party granting the waiver.
- (3) No waiver of any one breach of any term or condition of this Agreement is to operate as a waiver of any other breach of the same or other term or condition of this Agreement.

19. Laws of Western Australia apply

This Agreement is to be construed and interpreted in accordance with the laws of the State of Western Australia and the parties agree to submit to the jurisdiction of the courts of that State and of courts competent to hear appeals from them.

Schedule

Item 1 Grant

\$11,057 (Ex GST) payable for the period 1 December 2021 – 30 June 2022.

\$8,157 (Ex GST) payable for the period 1 July 2022 – 30 June 2023
