

AGENDA

SPECIAL COUNCIL MEETING Tuesday, 22 March 2022 at 6:00 PM

Disclaimer

The purpose of this Council meeting is to discuss and, where possible, make resolutions about items appearing on the agenda.

Whilst Council has the power to resolve such items and may in fact, appear to have done so at the meeting, no person should rely on or act on the basis of such decision or on any advice or information provided by a member or officer, or on the content of any discussion occurring, during the course of the meeting. Persons should be aware that the provisions of the Local Government Act 1995 (section 5.25 (e)) establish procedures for revocation or rescission of a Council decision. No person should rely on the decisions made by Council until formal advice of the Council decision is received by that person.

The Town of East Fremantle expressly disclaims liability for any loss or damage suffered by any person as a result of relying on or acting on the basis of any resolution of Council, or any advice or information provided by a member or officer, or the content of any discussion occurring, during the course of the Council meeting.

NOTICE OF MEETING

Elected Members

A Special Council Meeting of the Council will be held on 22 March 2022 at 6:00 PM in the Council Chamber, 135 Canning Highway, East Fremantle and your attendance is requested.

GARY TUFFIN
Chief Executive Officer
18 March 2022

AGENDA

1 OFFICIAL OPENING

2 ACKNOWLEDGEMENT OF COUNTRY

"On behalf of the Council I would like to acknowledge the Whadjuk Nyoongar people as the traditional custodians of the land on which this meeting is taking place and pay my respects to Elders past, present and emerging."

3 ANNOUNCEMENT TO GALLERY

"Members of the gallery are advised that no Council decision from tonight's meeting will be communicated or implemented until 12 noon on the first clear working day after this meeting, unless Council, by resolution carried at this meeting, requested the CEO to take immediate action to implement the decision."

7.1 EF OVAL PRECINCT REDEVELOPMENT – GATEWAY REPORT 1

Report Reference Number	SCR-122
Prepared by	Gary Tuffin Chief Executive Officer
Meeting date	Tuesday, 22 March 2022
Voting requirements	Simple Majority
Documents tabled	EF Oval Precinct Redevelopment Gateway Report 1 (Confidential)
Attachments	Nil

PURPOSE

Council is requested to give consideration to formally endorsing the East Fremantle Oval Precinct Redevelopment (**EFOPR**) Gateway Report 1 and approving a project budget of up to a maximum of \$32.5 million, subject to securing a further contribution from the State Government.

EXECUTIVE SUMMARY

The Gateway Report 1 captures the current status of all workstreams and presents these for endorsement to allow the project to progress into Design Development.

The original \$26.5million-dollar schematic design completed in January 2021, was re-costed (22/07/21) without any design changes at \$35million, due to the unprecedented cost escalation in the market. Therefore, the project was not considered to be achievable without significantly reducing the scope. Through Value Management/Engineering, this Cost Plan has been reduced to \$31.8m which with further Value Engineering already identified is in line with the revised budget target.

A meeting has been set with the Minister for Sports & Recreation (Hon David Templeman) for Wednesday 23 March 2022, to discuss the possibility of additional project funding. In the event the additional funding cannot be secured, the Project budget will revert to \$26.5 million, and a further report will be provided to Council outlining further possible project options.

BACKGROUND

Council at its meeting held on 20 April 2021 endorsed the business plan that set a project budget of \$26.5 million and the site master plan for the East Fremantle Oval Precinct Redevelopment Project. However, due to unprecedented escalation in construction, delivery of the original brief requirements is not possible within this sum.

CONSULTATION

Monthly Project Manger's Report	21 October 2021
	19 November 2021
	18 January 2022
	15 February 2022
Council Project Workshops	03 February 2022
	22 February 2022
	24 February 2022
	08 March 2022

Key issues raised during workshops:

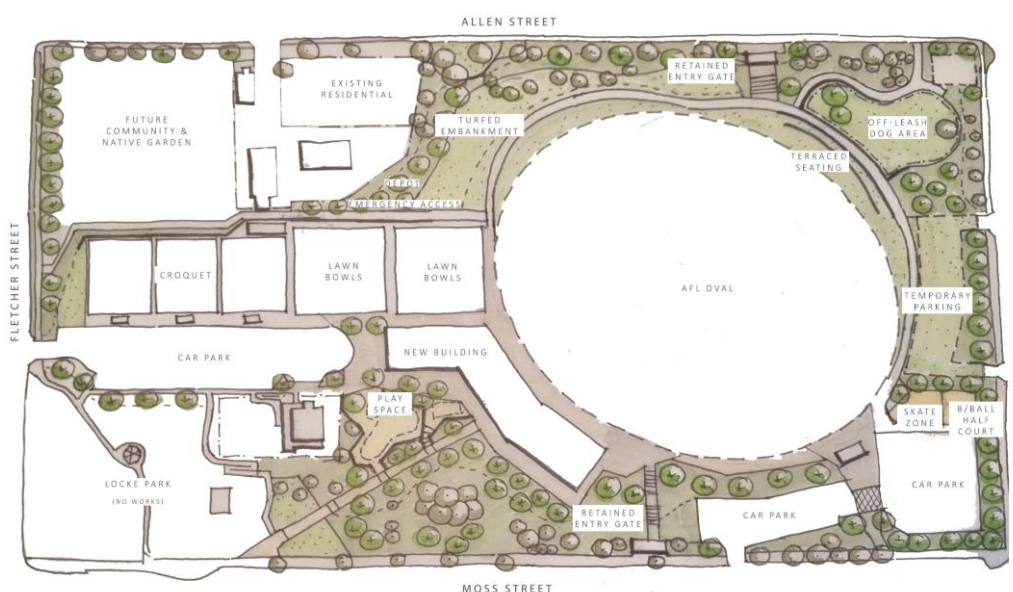

Maximise Sustainable outcomes for the project

Despite the budget challenges, achieving sustainable outcomes does not always require additional funding. Through the design, Carabiner and the team have already considered a number of sustainable design initiatives including:

- Building orientation and façade considerations to suit sun path/shading
- Removal of circulation spaces reducing need to light, cool etc.
- Dual use of function centre
- Natural ventilation where possible
- LED floodlighting systems
- Energy efficient lighting
- Water efficient hydraulic fittings
- Considerations for solar light fittings to external footpaths
- General material selections (to be developed in Design Development)
- Reuse of demolition materials on site
- Retention of material on site through cut/fill balancing as far as possible
- Retention of existing landscaping and established trees

Equity of building spaces – value engineering process

Landscaping

(Preliminary Landscape Masterplan)

All elected members were requested to provide direct feedback on the report, and these comments have been collated to provide further project direction and will be addressed as part of the next stage design.

STATUTORY ENVIRONMENT

Nil

POLICY IMPLICATIONS

Nil.

FINANCIAL IMPLICATIONS

The current endorsed budget of \$26.5 million is considered unachievable without significantly reducing the scope to the extent there is no, to little co-location of facilities, which would defeat the intent of the project.

Therefore, a further redesign was undertaken, the initial QS Cost Plan was prepared based on a design with some acceptable brief reductions at circa \$33.7m. Through Value Management/Engineering, this Cost Plan has been reduced further to \$31.8m which with further Value Engineering already identified is in line with the revised budget target.

This work (value engineering & scope reduction) has resulted in the following changes to the original brief which have been endorsed by the Town:

- Removal of the community hall (location identified if reinstated at a later date)
- Retention of Sumpton House in current location including existing users/uses
- Function Centre reduced to accommodate 200 - 250 pax based on table seating
- Commercial units reduced from three to one (excludes Café and Gym)
- Reduction in the EFFC accommodation (within AFL Tier 2/WAFL compliance limits)

The endorsement of Gateway Report 1, permits the design team to commence detailed design works which will incur further project costs. At the completion of the detailed design process, no further financial commitments will be incurred without Council's formal endorsement.

In the event the additional funding cannot be secured, the Project budget will revert to \$26.5 million, and a further report will be provided to Council outlining further possible project options.

STRATEGIC IMPLICATIONS

Strategic Community Plan 2020-2030

Strategic Priority 1: Social

A socially connected, inclusive and safe community.

Objective

1.2 Inviting open spaces, meeting places and recreational facilities

Strategies

1.2.1 Provision of adequate facilities to support healthy and active lifestyles.

1.2.2 Activate inviting open spaces that encourage social connection across all age groups.

RISK IMPLICATIONS

Programme risks are captured in the risk register, however key risks are as follows:

- Further programme delay as a result design not aligning with budget
- Potential Operators and/or Club unrealistic/inflexible in their requirements
- Market escalation resulting in redesign/extended negotiations to resolve
- Overheated market resulting in lack of tenderer interest prolonging procurement
- Pandemic impacts

SITE INSPECTION

Not applicable.

COMMENT

The design has been progressed by the Architect (Carabiner) that has reimagined the master planning of the site and developed an outcome that achieves a more cost-effective coherent solution. Carabiner has leveraged a design based on the following key principles:

- Embracing the existing site levels
- Retaining much of the existing landscaping and topography
- Creation of integrated community facilities across the precinct
- Co-locating the croquet and bowling greens adjacent to the building
- Creating visual and community permeability through the site
- Developing a two-storey main building structure with views across the precinct
- Creating a ‘heart’ of the development with the café and playground
- Achieving a WAFL compliant facility with functional excellence
- Creating efficiencies in design to remove surplus circulation space
- Achieving sustainability through good design outcomes
- Incorporating a commercially attractive flexible health club venue
- Development of an adjusted oval with upgraded floodlighting

 EAST FREMANTLE OVAL PRECINCT REDEVELOPMENT

(Proposed new Master plan layout)

Please note the above plan is provided to show the proposed building footprint and general layout for the precinct. Actual dimensions and the location of entry and exit points in the carparks are yet to be finalised.

The target remains to have the facility completed by the end of 2023, possibly early 2024.

A number of specific endorsements/approvals are required as part of the gateway process in order to progress to the next stage. This report seeks formal endorsement of:

- The progression of the design based on a \$32.5m target budget (subject to an additional contribution by the State Government)
- The revised and reduced brief and scope for the project to achieve this budget
- The revised schematic design as presented including masterplan
- The progression of the Contractor procurement process
- The progression of the Operator procurement
- Direct engagement with the precinct stakeholders by the project team

OFFICER RECOMMENDATION / COUNCIL RESOLUTION

Council Resolution Choose an item. Click or tap to enter a date.

OFFICER RECOMMENDATION

That Council

1. **authorise the progression of the EFOPR design based on a \$32.5m target budget (subject to an additional contribution by the State Government).**
2. **endorse the revised and reduced brief and scope for the project to achieve this budget as detailed in the EFOPRP Gateway 1 Report**
3. **endorse the revised schematic design as presented in the EFOPR Gateway Report 1 (including masterplan)**
4. **endorse the progression of the Contractor procurement process as detailed in the EFOPR Gateway 1 Report**
5. **endorse the progression of the Operator procurement as detailed in the EFOPR Gateway 1 Report**
6. **authorise direct engagement with the precinct stakeholders by the project team**
